Third: Also tracks beginning at two points in the existing freight train double tracks in Channel street near Seventh street; thence in a northerly direction on a curve to the right into and across the yards and property of the Southern Pacific Company, crossing Berry street between Sixth and Seventh streets with five tracks; crossing Sixth street between Berry and King streets with eight tracks; crossing Fifth street between Berry and King streets with nine tracks; crossing Fourth street between Berry and King streets with eleven tracks. Also a single or double track crossover extending in a westerly direction across King street from a point in the southeasterly line thereof distant thereon approximately 190 feet southwesterly from the southwesterly line of Fourth street to a point in the northwesterly line of King street approximately four hundred feet southwesterly from the southwesterly line of Fourth street.

Fourth: Also tracks beginning at two points in the existing freight train tracks near the intersection of Seventh and Channel streets; thence in a northerly direction on a curve to the right crossing Channel street with two tracks into and across the yards and property of the Southern Pacific Company; thence continuing in a northeasterly direction, crossing Sixth street between Berry and Channel streets with seven tracks; Fifth street between Berry and Channel streets with seven tracks; Fourth street between Berry and Channel streets with seven tracks; thence into private property of said Southern Pacific Company.

Fifth: Also for the term of thirty-two years, tracks beginning at three points in the existing tracks in private property at their intersection with the southerly line of Division street between Kansas street and Vermont street; thence northeasterly on a curve to the left crossing Division street with three tracks into and along Townsend street; thence northeasterly along Townsend street crossing Eighth street with three tracks, Seventh street with four tracks, Sixth street with two tracks, Fifth street with two tracks and Fourth street with one track into and upon the property of the Southern Pacific Company near the northerly corner of Fourth and Townsend streets.

Of the above described tracks on Townsend street one track shall be

laid with the center line of track thirteen feet northwesterly from and parallel with the southeasterly line of Townsend street, and the other track shall be laid with the center line of track twenty-one feet six inches southeasterly from and parallel with the northwesterly line of Townsend street, between Eighth street and Fourth street, so that there shall be a distance of forty-eight feet between the center line of tracks; the City and County of San Francisco reserves the right to grant permission to any company to lay down tracks in the strip left vacant between the tracks of the Southern Pacific Company on Townsend street at any time in the future, upon undertaking to keep said thirty-nine foot strip in repair, and it is further understood that the City and County of San Francisco shall have the right, at any time, during the term of the franchise hereby granted, to construct, maintain and operate a Municipal Railroad over that portion of Townsend street between said tracks of the holder of this franchise, or, either overhead and above tracks of said Southern Pacific Company, or underground and beneath such tracks, or to use the tracks laid under the provisions of this Ordinance upon payment of a proportionate value thereof and a proportionate cost of the maintenance thereof, according to the relative use thereof by the several parties; and, also, on the same terms the said City and County shall have the right to use any tracks laid down and maintained by said Southern Pacific Company under the provisions of Order No. 2933, approved December 2, 1895.

Sixth: Also a single or double track beginning at a point in the last above mentioned tracks at or near the intersection of Division and Townsend streets; thence easterly on a curve to the right crossing Division street with one track; crossing Eighth street with two tracks, into and across the yards and property of the Southern Pacific Company crossing King street between Seventh and Division streets in an easterly direction with two tracks, crossing Berry street between Seventh and De Haro streets with two tracks; thence continuing in an easterly direction and connecting with the existing passenger train double tracks on Seventh street near its intersection with Channel street.

Seventh: Also upon and across any and all intervening streets, lanes, avenues, alleys, places and properties along the route of the tracks described in the foregoing paragraphs.

Section 2. The foregoing rights,

privileges and easements are hereby granted upon the following terms, conditions and obligations all and each of which are hereby consented and agreed to by and on behalf of said Southern Pacific Company, its successors and assigns, viz.:

a. Fourth street and all other public streets mentioned herein shall remain open public streets subject to public use, except that Fourth street may be temporarily closed to permit the arrival and departure of trains at the depot at Third and Townsend streets when trains are too long to be accommodated in the space between such depot and Fourth street. A flagman shall always be stationed at Fourth and Townsend streets and at Fourth and King streets.

b. A street is to be opened to public use, of the same width as Fourth street, distant one hundred eighty-seven and one-half feet southwesterly therefrom and parallel thereto to extend from Townsend to Berry street, and a flagman is to be stationed at either end thereof.

c. The Southern Pacific Company shall erect umbrella sheds across Fourth street paralleling its main line tracks, the same to be constructed so as to offer the least possible obstruction to traffic, and to be so constructed and maintained to the satisfaction of the Board of Public Works or such other department of the government of the City and County as may have control of its public streets.

d. The said Southern Pacific Company shall, within one year from the date of taking effect of this Ordinance, construct a steel frame passageway or viaduct sufficient to accommodate pedestrian traffic over the roadway of Fourth street from Townsend street to King street, elevated a distance to permit the passage of trains thereunder, such location and construction to be according to plans and specifications approved by the Board of Public Works and shall be maintained by said Southern Pacific Company to the satisfaction of said Board or other department of the government of the City and County having control of its public streets.

e. The said Southern Pacific Company shall grade to the official grade and shall pave and keep in repair all streets mentioned herein within the area in which tracks are laid whenever required so to do by the Board of Public Works or other officer or department of the City and County having control of its public streets.

f. Whenever in the opinion of the legislative body of the City and County of San Francisco it is deemed to be necessary for the preservation of the

public safety and convenience that there should be a separation of grade of all streets over which passenger trains shall be operated, said Southern Pacific Company shall elevate all such tracks used by passenger trains to a height sufficient to insure public safety and not obstruct the public streets. The work of separation shall be commenced within one year after the determination of the necessity thereof by said legislative body and shall be completed within four years from the date of such commencement.

g. Said Southern Pacific Company shall cause all streets embraced in the area bounded by Fourth, Seventh, Townsend and King streets (inclusive of the streets named) to be lighted to the satisfaction of the Board of Supervisors.

h. The tracks of said railway company shall be laid flush with the level of the street wherever the same shall have been graded, so as to offer as little obstruction as practicable to the crossing thereof of vehicles; and it is provided further that nothing in this ordinance shall be construed so as to prevent the proper authorities of the said City and County of San Francisco from maintaining and exercising the same jurisdiction over the streets and portions of streets, covered by this franchise which they are, or shall be, authorized hereafter by law to exercise over public streets in said City and County of San Francisco.

i. Said Southern Pacific Company, its successors or assigns, shall lay and maintain all the tracks of said railroad on Townsend street flush with the surface of said streets, with rails of approved, grooved, girder type, where and when directed by the Board of Public Works, whenever the same is or shall be graded to the official grade and in such manner as to offer as little obstruction as practicable to the free use thereof by the public and by vehicles.

j. Upon a failure to fully observe the conditions herein imposed, all rights, privileges and easements herein granted shall cease and terminate.

k. No switching charge shall be made against the City and County on cars loaded for, or to be loaded by it, and all such cars shall be delivered free at any spur or industrial track within the limits of the City and County as may be required by the proper municipal authority. Provided, that no objection to such free switching privilege be made by the State Railroad Commission or by the Interstate Commerce Commission.

Section 3. In consideration of the

grant to the Southern Pacific Company of the rights and privileges contained herein, the said Southern Pacific Company hereby agrees to construct a retaining wall along both sides of its tracks in the so-called Bernal Cut between Randall street and St. Mary's avenue, allowing a space of thirty feet between such walls for the use therein of two railway tracks of said Southern Pacific Company, and such retaining walls to be of a height (to be determined by the Board of Public Works) sufficient to retain the earth embankment on the outer side of each wall and afford support for a roadway thirty feet nine inches wide from the inner face of each retaining wall; or, at the option of the Board of Supervisors perform such other work in the widening and retaining of said cut as may be determined by said Board in lieu thereof and to no greater cost to said Southern Pacific Company. The construction of such retaining walls or such other work as may be ordered in lieu thereof by the Board of Supervisors shall be commenced within three months after a request so to do shall be made by said Board and completed within six months thereafter.

Said Southern Pacific Company does hereby agree to grant to the City and County of San Francisco for the purpose of a public street, an easement over, in and to that portion of its present right of way or property from a point approximately 400 feet northerly of Randall street and between such point and the intersection of San Jose avenue and Diamond street lying between the exterior boundaries of such right of way, or property of said Southern Pacific Company and two parallel lines drawn fifteen feet distant from the center line of such right of way or property. The grant as herein provided shall be made, accepted and recorded prior to the exercise of any right or privilege granted to said Southern Pacific Company by the provisions of this ordinance.

Section 4. In case the property of the grantee erected or maintained in the streets herein named shall ever be acquired or sought to be acquired by any governmental or public authority, no value on account of any right or privilege herein granted shall be claimed by or paid to the grantee, but all such rights and privileges shall pass to such governmental authority as successors in interest to said grantee subject to the conditions herein set forth; and no value shall attach to any right or privilege herein granted or be asserted or claimed

by said grantee for rate fixing purposes.

Section 5. No right, privilege or easement herein granted shall be construed as an abrogation of the police powers of the City and County or as a relinquishment of such control over its streets and thoroughfares as may be necessary to be exercised at any time to promote the public safety and convenience, and all ordinances now in effect or that may be hereafter enacted relating to the public streets shall be given full force and effect.

Section 6. The rights hereby granted are upon the express conditions prescribed in and by the Charter of the City and County of San Francisco, and especially in and by Subdivision 28 of Section 1, Chapter II, Article II, thereof. The character and general arrangement of all structures herein referred to, the materials of which they are to be built, and all work of whatsoever kind or character done under this franchise upon public streets or highways, shall be subject to the approval of the Board of Public Works of said City and County of San Francisco.

Section 7. In case it should ever be determined that any conditions imposed upon, obligation assumed, right or privilege granted by said Southern Pacific Company in this ordinance, is invalid or beyond the power of the City and County to require, or beyond the power of said Southern Pacific Company to grant, then this ordinance shall be held to be invalid in whole, and it is hereby declared that this ordinance would not have been passed or approved should there have been an omission of any condition herein contained.

Section 8. This franchise shall be accepted by a resolution of the Board of Directors of said Southern Pacific Company, and filed in the office of the Clerk of the Supervisors before any right under this ordinance shall be exercised.

Section 9. This ordinance shall go into effect upon the expiration of sixty days from the date it becomes final either (a) by approval of the Mayor, (b) without his approval by the expiration of the time prescribed by the Charter of the City and County of San Francisco within which the Mayor may disapprove it, or (c) by its passage by the Board of Supervisors over the objections of the Mayor in the event of such disapproval.

Privilege of the Floor.

T. Ahern, representing Southern Pacific Company, was granted the privilege of the floor and made the following statement:

Gentlemen: Referring to the proposed franchise applied for by the Southern Pacific Company in April this year, for certain terminal tracks in the vicinity of Third and Townsend streets, San Francisco:

The franchise as modified by the Public Utilities Committee differs from the franchise applied for in several particulars, to which I call your attention, as follows:

This franchise was applied for for the period of 50 years. The franchise has now been drafted to grant certain rights for 32 years, and certain of these rights for 40 years; so that in the one case the term of the franchise will run concurrently with the Bay Shore Franchise, Ordinance No. 1095, and in the other case with the term of the franchise between Eighth and Seventeenth streets, Order No. 2933. As the Bay Shore franchise covers the greater portion of our freight and passenger facilities, we should get the 40-year term covering all, and this is less than the maximum period which may be granted under the Charter. In this way our terminal franchise as a whole would be for the same duration as our main Bay Shore line.

The next provision to which I direct your attention is the clause under the fifth paragraph of Section 1, which has been modified so as to make its terms broad enough to include the joint use of our tracks on private property between Eighth and Seventeenth streets with a municipal railroad; and the wording of this provision is probably broad enough to include the joint use of all of the tracks embraced in this ordinance, even upon our private property. This is a concession which we cannot grant at this time. When the proposition of joint use on Townsend street came up, realizing from an operating standpoint that it is not possible to handle a commercial railroad and a street car line on the same track, we submitted a plan which would give a clear space on Townsend street of 48 feet between center lines of proposed tracks and would afford ample space for laying of additional tracks by the municipality or another railroad. This plan was taken under advisement by your committee and practically approved. But in addition to accepting our ideas on the subject, the joint user of tracks on our property has now been included in the draft of franchise submitted to you.

I call your attention to subdivision "F" of Section 2 of the draft of franchise submitted to you. A section identical with this was contained in the former franchise, and was referred to in the statement which I made some months ago before this Board. Under the Public Utilities Act, the exclusive

jurisdiction in the matter of changes in grades is vested in the Railroad Commission, and therefore this subdivision would, in my opinion, and I think your City Attorney will agree with me, be null and void, and under the subsequent provisions of this ordinance as proposed, would render the whole franchise valueless. This company cannot accept the franchise with that, or any similar provision, contained therein; and we believe that this city is amply protected in this particular by the general laws of this State and the Railroad Commission.

I next call your attention to subdivision "G" of the same section, requiring, as a condition of the franchise, that all of the principal streets therein named be lighted by this company to the satisfaction of the Board of Supervisors. The Southern Pacific Company is one of the largest property owners in the City and County of San Francisco, and its taxes are promptly paid; and while it will gladly see that proper lights are maintained on its property for its protection and the protection of the public, the purpose of this application was to obtain for the Southern Pacific Company permission to make certain extraordinary expensive public improvements, and we do not believe that such a condition as this should be imposed as a prerequisite to that privilege.

Subdivision "J" of the same section is an extraordinary provision, which I shall discuss in connection with Section 7, and shall endeavor to show that it is unreasonable and improper to insert that subdivision as a condition to the grant of the privileges applied for.

As to Subdivision "K", relative to free switching services for the city, which has also been inserted in the proposed draft of franchise. We cannot consent to this for the reason that if the plans of the city are carried out, this would amount, in the next ten years, to keeping an engine and crew and train of equipment tied up in the city's service from one end of the year to the other. Even at the present time, the indications are that when the Municipal Yard is constructed on Division street, between Florida and Alabama streets, the movement of the city cars will amount to several per day. And this going on for 40 years, with the business increasing as the city grows, would make it extraordinarily burdensome upon this company, and we cannot accept the franchise with that provision included therein. At the present time,

and for years past, we have not assessed demurrage on cars against the city. This demurrage item would have amounted to a large sum of money if the city were treated as a private shipper or consignee. We have voluntarily cancelled all bills of this character which have been rendered against the city.

Section 3, in the form submitted, would require this company to dedicate to the public a part of its private right of way and would require the expenditure of a great amount of money in the improvements mentioned, all of which have nothing whatever to do with the proposed improvement of the terminal facilities which is the purpose of this franchise, and the provisions of this section are so foreign to the matter in hand that we cannot consider the same at this time.

I next call your attention to Section 4: We cannot fully understand the significance of this section, and believe that if it means what it purports to mean, the provision is void and, under the terms of this franchise, if it is void, it will invalidate the entire franchise. The franchise will either be a contract between the city and the company, or it will have no effect at all. The jurisdiction in the matter of fixing rates is left to the jurisdiction of the Railroad Commission. That is a matter for the Commission to determine and is not properly a part of this franchise. The franchise cannot therefore be accepted by this company with that provision.

I next call your attention to Section 7, and this in connection with subdivision "J" of Section 2. The former provides that for a breach of any term or condition of this franchise, the entire agreement should be forfeited; and the second provides that if any restriction herein imposed by the city is unlawful, the franchise shall fail in its entirety. Several of the objections which I have heretofore noted are of extremely questionable validity, and each of these has been imposed by the city. If the city desires to grant to this company permission to make the public improvements applied for, it is unreasonable and improper for it, by the terms of its agreement, to insert provisions of questionable validity, and provide that if any of the provisions are in fact illegal it shall be no grant at all.

As I shall bring out, it is the purpose of this company to expend hundreds of thousands of dollars in public improvements in connection with the San Francisco terminals.

It is ready and willing to expend this money and believe that the city, in granting this company the privilege so to do, should not impose upon the company conditions which might render the entire rights void without any act of this company in violation of any law or contract.

At this time, we wish to call your attention to the section of the Charter of the City and County of San Francisco, under which our application has been made, Section 28, Article II, Chapter II of the City Charter, which reads as follows:

"Every ordinance granting such right shall be upon the condition that said company shall pave and keep in repair the street from curb to curb, in such a manner and with such material as may, from time to time, be prescribed by the Supervisors."

The cost of this single item to the company, in connection with these proposed improvements, will be \$319,320; and the cost of girder rails, to be used in connection with this paving, will be \$119,700; making a total cost of \$439,020, to comply with the municipal requirements of street work.

One of the conditions of the proposed franchise is that we are obliged to raise to official grade all streets in which tracks are laid. This item alone costs \$100,000.00, making a grand total expense, for paving and raising the grades, of \$539,020.00. We consider that the above obligations are all that should be exacted from us. But in addition to doing this and paving the streets and raising the grades, we are willing to erect a steel viaduct, costing from \$8,000.00 to \$12,000.00, to take care of pedestrians traveling between Townsend and King streets on Fourth street. We would also gladly comply with the condition requiring us to open a street west of Fourth street, the paving on this street to cost \$16,440, and the girder rails \$7,400, or a total of \$23,840.

All of these items, together with the other public improvements in connection with this terminal, will make the total expenditures which this company will incur amount to about one million dollars. Primarily, these expenditures will be purely a matter of public improvement. A railroad depot is not such a railroad facility as will bring the company any increased revenue. It simply adds to the convenience of the public. We expected to be in a position to give the people who are bound to come to San Francisco, not only during 1915, but for years hence, a

good impression of the city as reflected by its up-to-date terminal. We expected that when the proposition of large expenditures was made, no extraordinary conditions would be imposed, and no conditions except those relating directly to the application, because we realized that the City, as a whole, would be much more benefited by the expenditure than the railroad. Anything that can be done to better the freight and passenger facilities will benefit the merchants and manufacturers of the city, and without such facilities they would, of necessity, suffer inconvenience, and this would result in increased cost in handling their merchandise.

I want to say frankly to you gentlemen that we cannot accept this franchise with the onerous conditions to which I have referred; and if you insist upon the introduction of such conditions it is only an indication that you are satisfied with the present arrangement, and as a result we must only conclude to abandon the project as a whole and do the best we can with our present facilities.

I will say on behalf of this company that we are still ready and willing to put in the improvements, and if the Board of Supervisors will consider granting this company such a franchise as will give this company some reasonable security for the sums invested, that is all we could ask.

Action Deferred.

Whereupon, the foregoing bill was, on motion of Supervisor Murphy, laid over one week and the subject-matter of the statement presented by Mr. Ahern referred to the Joint Committee on Public Utilities and Streets.

Passed for Printing.

The following matters were *passed for printing*:

Extension of Time.

On motion of Supervisor Nolan:

Resolution No. 10446 (New Series):

Resolved, That D. L. Bienfield is hereby granted an extension of sixty days' time from and after October 14, 1913, within which to complete contract for the construction of a sewer in San Jose avenue, between Ottawa and Lake View avenues.

This extension of time is granted upon the recommendation of the Board of Public Works, for the reason that the contractor was delayed on account of the readjustment of the tracks of the United Railroads along the line of work.

Ayes—Supervisors Caglieri, A. J. Gallagher, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan—12.

Absent—Supervisors Bancroft, G. E. Gallagher, Giannini, Hayden, Payot, Vogelsang—6.

Also, Resolution No. 10447 (New Series), as follows:

Resolved, That Federal Construction Co. is hereby granted an extension of ninety days' time from and after October 13, 1913, within which to complete contract for improvement of San Bruno avenue, between Twenty-fifth street and Oakdale avenue, including the intervening crossings and intersections, under private contract.

This extension of time is granted

upon the recommendation of the Board of Public Works, for the reason that as the contractor is forced to work in conjunction with the United Railroads and G. W. McGinn, who has a contract for paving on this street, more time than usual will be required to complete these permits.

Ayes—Supervisors Caglieri, Andrew J. Gallagher, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan—12.

Also, Resolution No. 10448 (New Series), as follows:

Resolved, That State Construction Company is hereby granted an extension of thirty days' time from and after September 20, 1913, within which to complete contract for the construction of Pierce Street Sewer, under public contract.

This extension of time is granted upon the recommendation of the Board of Public Works for the reason that contractor was delayed in the construction of this sewer on account of the flow of the tides.

Ayes—Supervisors Caglieri, Andrew J. Gallagher, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan—12.

Board of Public Works to Recommend Certain Street Work.

Resolution No. 10449 (New Series), as follows:

Resolved, That the Board of Public Works is hereby directed to recommend the following street work:

The grading of Twentieth street, between Carolina and Wisconsin streets.

The improvement of Harper street, between Thirtieth and Randall streets, where not already done.

The construction of sewers in Elsie street, between Esmeralda and Eugene avenues.

Ayes—Supervisors Caglieri, Andrew J. Gallagher, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan—12.

Adopted.

The following resolutions were adopted:

Rejecting Bids for Lithographing Municipal Street Railway Bonds.

On motion of Supervisor Koshland: J. R. No. 926.

Whereas, This Board believes that the prices bid are too high; therefore be it

Resolved, That all bids received for lithographing Municipal Street Railway bonds on September 15, 1913, are hereby rejected and that the Clerk is hereby directed to readvertise the notice for proposals for said article, to be received in open session of the Board of Supervisors Tuesday, October 14th, 1913, at 3 p. m.

Ayes—Supervisors Caglieri, Andrew J. Gallagher, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran Murdock, Murphy, Nolan—12.

Award of Contract, Metal Book Racks, Recorder.

On motion of Supervisor Koshland: J. R. No. 927.

Resolved, That the contract for furnishing and installing eight metal book racks in the Recorder's office be awarded to the Canton Art Metal Company for the sum of five hundred and ninety (\$590.00) dollars in accordance with their bid submitted September 29, 1913, said book racks to be exactly like those now in use in said office and originally manufactured by the Art Metal Construction Company; and be it further

Resolved, That the bond to be furnished for the faithful performance of this contract is hereby fixed at the sum of five hundred (\$500.00) dollars.

All other bids for the foregoing article are hereby rejected.

Ayes—Supervisors Caglieri, Andrew J. Gallagher, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran Murdock, Murphy, Nolan—12.

So ordered.

Prohibiting Practice of Dentistry in Public Streets.

Supervisor McCarthy requested that Police Department be asked to stop practice of dentistry in the streets of San Francisco.

So ordered.

Advertisement of Municipal Bonds in Municipal Cars.

Supervisor Koshland suggested that municipal bonds be advertised in cars of Municipal Railways.

Adopted.

The following resolution was introduced under suspension of the rules and adopted:

Overhead Electric Lights Permit, O'Farrell Street.

On motion of Supervisor McCarthy: J. R. No. 928.

Resolved, That permission be and is hereby granted to the O'Farrell Street Improvement Association to erect, construct and maintain overhead elec-

trical construction on O'Farrell street, between Market and Powell streets, for a period of ninety days commencing October 15, 1913, it being understood and agreed that said electrical construction work shall be done in accordance with rules and regulations and under the supervision and direction of the Board of Public Works and Department of Electricity. It being further understood and agreed that the cost of erection, construction, maintenance and removal of said electrical construction work shall be borne entirely by the O'Farrell Street Improvement Association.

Ayes—Supervisors Caglieri, Andrew J. Gallagher, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan—12.

Relative to Statement of Senator Works as to Attitude of Irrigationists on Hetch Hetchy Permit.

Supervisor Murphy called attention to the unfounded statement of Senator Works that 99 per cent of the irrigationists were opposed to the Hetch Hetchy permit and requested that Board go on record against such unwarranted statements.

So ordered.

Adopted.

The following resolution was introduced under suspension of the rules and *adopted*:

Extension of Time.

On motion of Supervisor Nolan: Resolution No. 10450 (New Series), as follows:

Resolved, That the Sunset Construction Company is hereby granted an extension of thirty-eight days' time from and after October 2, 1913, within which to complete contract for the grading of Balboa street, between Forty-fifth and Forty-sixth avenues, under public contract.

This extension of time is granted upon recommendation of the Board of Public Works for the reason that there was a doubt in the contractor's mind as to his being paid sufficiently for the work, as the contract price exceeded his 50 per cent limitation required by the Charter.

Ayes—Supervisors Caglieri, Andrew J. Gallagher, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan—12.

Passed for Printing.

The following Bill was introduced under suspension of the rules by Supervisor Nolan and *passed for printing*:

Ordering Street Work.

Bill No. —, Ordinance No. — (New Series), as follows:

Ordering the performance of certain street work to be done in the City

and County of San Francisco, approving and adopting specifications therefor and authorizing the Board of Public Works to enter into contract for doing the same.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works in written communication filed in the office of the Clerk of the Board of Supervisors October 3, 1913, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of Chapter 2, Article VI of the Charter, said work to be performed under the direction of the Board of Public Works, and to be done in accordance with the specifications prepared therefor by said Board of Public Works, and on file in its office, which said plans and specifications are hereby approved and adopted.

That the crossing of Day and Sanchez streets be improved by the construction of artificial stone sidewalks on the angular corners thereof where not already constructed.

That the crossing of Jersey and Vicksburg streets be improved by the construction of artificial stone sidewalks on the angular corners thereof where not already constructed.

That the crossing of Twenty-seventh and Guerrero streets be improved by the construction of artificial stone sidewalks on the angular corners thereof where not already constructed.

That the crossing of Dolores street and Fourteenth street be improved by constructing granite curbs and artificial stone sidewalks on the angular corners thereof, where not already constructed, by paving the roadway thereof with an asphalt pavement, consisting of a 6-inch concrete foundation and a 2½-inch asphaltic wearing surface; by constructing a brick catch-basin with castiron frame, grating and trap and 10-inch vitrified, salt-glazed, ironstone pipe culvert on the north-easterly angular corner thereof, where not already constructed, and by resetting to official line and grade the granite curbs already constructed that are not at official line and grade.

That an artificial stone sidewalk of the full official width and to the official grade be constructed in front of lots and lands on the southerly side of Fairmount street, commencing at a point thereon distant sixty-two feet and six inches (62 feet, 6 inches) easterly from Whitney street, and running thence easterly and along said southerly line of Fairmount street twenty-five (25) feet.

That West Clay street at the cross-

ing of Twenty-sixth avenue be improved by the construction of granite curbs and artificial stone sidewalks on the angular corners thereof; by the construction of a brick catchbasin with castiron frame, grating and trap and ten (10) inch vitrified, salt-glazed, ironstone pipe culvert on the north-westerly angular corner thereof; by resetting to official line and grade the brick catchbasins already constructed that are not at official line and grade; and by the construction of an asphalt pavement, consisting of a six (6) inch concrete foundation and a two (2) inch asphaltic wearing surface on the roadway thereof.

That a twelve (12) inch vitrified, salt-glazed, ironstone pipe sewer with thirty (30) Y branches and three (3) brick manholes with castiron frames and covers and galvanized wrought-iron steps be constructed along the center line of Dolores street from the southeasterly line of Market street to the northerly line of Fourteenth street; and that a twelve (12) inch vitrified, salt-glazed, ironstone pipe sewer be constructed along the center line of Dolores street between the northerly and center lines of Fourteenth street.

That Lizzie street, between Mission and Coleridge streets, be improved, where not already so improved, by the construction of granite curbs and by the construction of a pavement, consisting of a 7-foot strip of basalt blocks on sand with a gravel and asphalt filler on both sides of the center line and a 2-inch bituminous rock wearing surface on a 6-inch concrete foundation on the remainder of the roadway.

That Jersey street, between Vicksburg and Sanchez streets, be improved by the construction of artificial stone sidewalks of the full official width where artificial stone sidewalks at least 6 feet wide are not already constructed.

That Vicksburg street, between Jersey and Twenty-fifth streets, be improved by the construction of artificial stone sidewalks of the full official width, where artificial stone sidewalks at least 9 feet wide are not already constructed.

Referred.

The following resolution was introduced by Supervisor Nolan and ordered referred to the *Civil Service and Public Efficiency Committee*:

Relative to Improvement of Condition of Per Diem Employees of Municipal Government.

J. R. No. —.

Whereas, It has been represented to us that certain discriminations are now obtaining in regard to payment of wages of per diem men employed by the City of San Francisco, work

great hardships on the wives and families of these men; and

Whereas, These women have asked our help, because they believe that they cannot help themselves in this regard; therefore be it

Resolved, That we respectfully petition the Honorable Board of Supervisors of the municipality of San Francisco to make the following amendments to the ordinance relating to the same in the Board of Public Works:

1st. Give the per diem men the customary two weeks vacation now allowed all other employees of the City with full pay.

2nd. Pay on the job, each of these men in cash, twice a month while employed by the City.

3rd. Entitle each man to a pension who has served the City a reasonable time and who has reached the age of sixty years. Length of service to be determined by the Board of Public Works.

4th. Entitle men who become ill or disabled by reason of service for the City to care during disability with full pay at the discretion of the Board of Public Works.

5th. To protect those on the reserved list from compulsory holidays and loss of work.

(Clerk was directed to notify ladies interested when matter would be considered by Committee.)

Passed for Printing.

Referred to Supplies Committee.

Relative to Southern Pacific Franchise.

W. R. Scott, general manager of the Southern Pacific Company, was granted the privilege of the floor and made the same general objections to the ordinance as were presented in statement of Superintendent of Pacific Division Ahern at last meeting. The provision requiring joint use of tracks, he declared to be one of the main objections. The section requiring free switching for all municipal cars was another. The latter, he said, would require the exclusive use constantly of one engine, which would not be considered. He also opposed section requiring certain improvements at Bernal Cut on the ground that they had nothing to do with the franchise. The proposition of lighting certain streets was also opposed except in so much as such lighting was necessary to protect life and property and to conduct its business properly. He also objected to the provision which says that if all the provisions of the franchise are not carried out the entire ordinance shall become invalid.

Hearing of Protests in the Matter of the Extension of the Streets in the City Land Association Into Holloway Avenue in "Ingleside Terraces."

The hearing of protests against proposed assessment for the opening of the following streets, fixed for the hour of 3:30 this day, was proceeded with:

Orizaba avenue, Bright street, Head street, Victory street, Ramsdell street, Arch street, Vernon street, Ralston street, Bixby street, Monticello street, Beverly street.

The names of the following protestants against proposed assessment for the extension of streets in City Lands Association into Holloway avenue in "Ingleside Terraces," were read by the Clerk and his Honor the Mayor announced that if they wished their protests would now be heard.

Capt. V. Gamboni Mazzitelli, 580 Washington street.

E. P. Desmond, Monticello and Garfield streets, block 4, lots 1, 2, 3.

Frederick Gustave Steinberg, 279 Monticello street, block 5, lots 33, 34.

Joseph A. Gendotti, 1104 National Bank building, block 10, lots 5, 6.

Anna McKnew, 3718 Sixteenth street, block 11, lots 5, 6.

Peter McKewen, care A. G. Harden-

burgh, 1278 Market street, block 5, lot 1.

Sarah West Estate, 2973 Pine street, block 5, lots 43, 44.

G. P. Violette, 176 Golden State avenue.

Emil Helbig, 848 Garfield street.

Katharina Helbig, block 11, lots 7, 8. Jas. A. Johnston, Jr., 1278 Market street, block 10, lots 12, 13.

Mary Becker, 361 Monticello street, block 4, lots 32, 33.

P. Righetti, 1168 Phelan building, block 5, lot 3.

P. A. McDonald, 771 Ashbury street, block 35, lots 29, 30, 31, 32; block 5, lot 36; block 2, lot 19.

Carrie E. Bridge, 110 Sutter street, block 45, lots 35, 36.

Hugh Mulholland, 345 Bixby street, block 10, lots 39, 40, 41, 42, 43.

P. Righetti, 1168 Phelan building, block 13, lot 37.

James Farrell, 551 Ramsell street, blocks 28, 29, 33.

P. Righetti, 1168 Phelan building, block 32, lot 37.

Privilege of the Floor.

H. M. Anthony, representing Capt. V. Gamboni Mazzitelli, was granted the privilege of the floor and addressed the Board, objecting to the proposed assessment on the ground that the assessments are not equitable and all lots are not equally benefited although assessment on each is the same.

Reese P. Daniels, representing E. P. Desmond, F. G. Steinberg and Hugh Mulholland, also addressed the Board. He stated that the Ingleside Terraces people should be obliged to dedicate the necessary lands for the opening of the streets in the City Land Association Tract. He favored the opening of the streets, but believed that the map of the Ingleside Terraces should be made to conform to existing tracts.

Behrend Joost, F. G. Steinberg and Mr. Arnold also entered their protests.

S. Joseph Theisen spoke in favor of the proposed assessment district.

Protests Withdrawn.

During the proceedings Chas. F. Daly withdrew his objections and stated that he was also authorized to withdraw from the protest the name of Wm. Roper. Geo. Fosberg also withdrew his protest.

The following matters were also presented and read by the Clerk:

Communication—From A. H. Winn, withdrawing name from protest against assessment district for opening streets in City Land Association Tract.

Communication—From P. Righetti, withdrawing name from protest against assessment district for opening streets in City Land Association Tract.

Protest Overruled.

Whereupon, Supervisor George E. Gallagher moved that the protest be overruled and that the Clerk be directed to prepare resolution ordering extension of the streets.

Motion carried by the following vote:

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murphy, Nolan, Payot—16.

Excused from voting—Supervisor Murdock—1.

Absent—Supervisor Vogelsang—1.

NEW BUSINESS (Out of Order).

Underground Pipe, Wire and Conduit Ordinance.

The following Bill, *laid over* from last meeting, was taken up:

Bill No. 2736, Ordinance No. — (New Series), as follows: Granting the privilege of laying down underground pipes, wires and conduits, in the City streets, upon certain terms and conditions herein specified.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The privilege is hereby granted to any person, firm or corporation, organized under the laws of the State of California, to lay down, maintain and operate in the public streets and thoroughfares of the City and County of San Francisco, pipes, wires and conduits, and connections therewith, so far as may be necessary for introducing into and supplying said City and its inhabitants with gas and electricity for lighting, heating and power purposes, upon the following terms and conditions:

First: The privileges hereby granted are subject to the provisions of all ordinances of the Board of Supervisors of said City and County and all regulations of the Board of Public Works relating to the opening of streets, and the grantees hereunder in accepting said privileges expressly consent to regulation by such ordinances and rules now in effect or which may hereafter be adopted.

Second: When the Board of Public Works shall deem it necessary to pave or repave any public street it shall serve notice upon every person,

firm or corporation having pipes and conduits within the City and County used for the purposes herein specified, of its intention to so pave or repave such street.

Such person, firm or corporation, within ten days thereafter may exercise the rights herein granted as to the roadway of such streets upon written notice given to said board of its intention to do so. The right to lay down new pipes or conduits in said street for such purpose shall continue for thirty days after the service of the notice aforesaid, but not longer unless the time shall be extended by a resolution of the Board of Supervisors. No street pavement laid after the passage of this ordinance shall be opened for a greater length than one hundred yards for the purpose of laying pipes and conduits in the street for supplying gas or electricity for a period of one year after the construction of such pavement, except with the consent of the Board of Supervisors.

Third: The Board of Supervisors shall fix and determine by ordinance in accordance with law, all rates or compensation to be charged or collected from consumers by said persons, firms or corporations, for supplying the heating, lighting or power service herein described and to prescribe the quality of such service. No greater rates shall ever be charged the City and County for service supplied to the municipality than are charged for like service when supplied to private consumers. Whenever the Board of Supervisors shall advertise for bids for street lighting or for other service to the municipal government within the purview of this Ordinance, all persons, firms or corporations exercising privileges granted hereunder within three hundred feet of the location for which such service is sought shall submit bids for furnishing such service.

Fourth: The privileges herein conferred are limited to the laying of underground pipes, wires, conduits and service connections, and nothing herein contained shall be construed as conferring upon the grantee the right to erect poles or wires or in any way maintain overhead construction. All pipes or conduits shall be laid in accordance with the rules and regulations of the Board of Public Works now in effect or which may hereafter be adopted.

Fifth: In the event that the City and County of San Francisco shall elect at any time to take over and operate as a public utility the business of supplying gas or electricity for heating, lighting, power and

other purposes to its inhabitants, and should acquire by condemnation proceedings or otherwise, the plant and distributing system of any grantee hereunder, no value whatever shall be attached, in said proceedings, to the rights and privileges conferred by this ordinance, nor shall any value be attached thereto at any time for rate fixing purposes.

Sixth: The rights and privileges granted herein shall not be transferred except by and with the consent of the Board of Supervisors.

Seventh: The Board of Supervisors expressly reserves the right to amend or repeal this Ordinance, provided that rights which may have vested hereunder prior to said repeal or amendment through the actual installation of pipes, wires and conduits shall not be affected by such repeal or amendment. Provided, further, however, that the Board of Supervisors may, by a general ordinance, compel the removal of all pipes and conduits used for any of the purposes herein set forth, from the roadways of the streets and their replacement beneath sidewalk areas.

Eighth: Any person, firm or corporation electing to exercise the privileges herein granted shall, prior to such exercise, file with the Clerk of the Board of Supervisors a written notification that they have accepted the terms of this Ordinance and elect to proceed hereunder.

Ninth: If any person, firm or corporation exercising the privilege or privileges granted by the Ordinance shall fail to fully and faithfully carry out all and any terms or conditions herein imposed upon the exercise of such grant, all such privileges shall thereupon, as to such person, firm or corporation, be terminated and forfeited, and the Board of Supervisors may, by resolution, direct the removal of any or all works of such person, firm or corporation installed under authority of this Ordinance.

Communication.

Communication—From Theodore Johnson, stating objections to proposed ordinance to grant privileges for laying down conduits to supply light, power, etc., and requesting reference to same to City Attorney for opinion as to its validity.

Read and ordered *filed*.

Privilege of the Floor.

M. Wilson, representing Pacific District Council of Electrical Workers, was granted the privilege of the floor and addressed the Board urging the passage of the foregoing Bill. He said that he was not interested in any one company but in all companies, that he wanted to have a fair field

and no favor. He declared that electrical business in San Francisco and vicinity was practically nil, that less work was being done than in 1907. He favored immediate passage of ordinance.

J. Boye, representing Universal Gas and Electric Company, also addressed the Board on foregoing matter.

Passed for Printing.

Whereupon, the foregoing Bill was passed for printing by the following vote:

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmre, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot—17.

Amendment to Taxicab Ordinance.

Bill No. 2711, Ordinance No. — (New Series), as follows:

Amending Section 5 of Ordinance No. 1898 (New Series), entitled, "Regulating the use of hackney carriages, automobiles, taxicabs and other public passenger vehicles, fixing the rates to be charged for the transportation of persons and personal baggage, regulating the use of boats in the waters of the bay, providing a punishment for any violation thereof and repealing Order No. 1611, Ordinances Nos. 446, 1033 and 514 (New Series)", as added by Ordinance No. 2450 (New Series).

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That Section 5 of Ordinance No. 1898 (New Series), as ad-

ded by Ordinance No. 2450 (New Series), be amended to read as follows:

Section 5. Charges for taxicabs, automobiles or hacks to or from railway depots, ferries, steamboat landings or docks and hotels or other points in the following described district:

DOWNTOWN HOTEL DISTRICT.

The district within the City and County of San Francisco hereinafter described shall, for the purpose of this ordinance, be known as the Downtown Hotel District. Such district is bounded and more particularly described as follows, to wit:

Commencing at the intersection of The Embarcadero and Broadway, and running thence westerly along Broadway to Grant avenue; thence southerly along Grant avenue to Bush street; thence westerly along Bush street to Taylor street; thence southerly along Taylor and Sixth streets to Howard street; thence easterly along Howard street to Fourth street; thence southerly along Fourth street to King street; thence easterly along King street to Second street; thence northerly along Second street to Howard street; thence easterly along Howard street to The Embarcadero, and thence northerly along The Embarcadero to Broadway and point of commencement.

The maximum fare for service by taxicabs, automobiles or hacks to or from any ferry or railroad depot, steamboat landing or steamship dock, and any hotel or other point located within the aforesaid Downtown Hotel District, shall be the following flat rate and it shall be unlawful to charge any rate in excess thereof:

For exclusive use of taxicab, automobile or hack, containing two passengers or less, 75 cents.

For each additional passenger, 25 cents.

Except for limousines or seven-passenger touring cars not occupying public space for hire, but furnished only upon special call, for which the charge shall be as provided in Section 8 of this Ordinance.

The rates for taxicabs and automobiles to or from any ferry, railroad depot, steamboat landing or steamboat dock and any hotel or other point outside of the Hotel District shall be by the hour or meter rates, as prescribed in Sections 8 and 9 of this Ordinance.

Any building or hotel located on the outer line of the streets bounding said district, even though the entrance thereof is not on said boundary streets, shall be deemed within said Hotel District for the purposes of this Ordinance.

Section 2. This Ordinance shall take effect immediately.

Privilege of the Floor.

Edgar Painter, Secretary of the North Central Improvement Club, was granted the privilege of the floor in the above matter and requested postponement of action.

Adopted.

The following Resolution was adopted:

Extension of Time.

On motion of Supervisor Bancroft: Resolution No. 10462 (New Series), as follows:

Resolved, That the United States Steel Product Co. is hereby granted an extension of twenty days' time from the time limits of the specifications within which to deliver the steel for the City Hall.

This extension of time is granted for the reason that an understanding has been reached between the said company and the Board of Public Works for the shipment of the entire tonnage of steel from what is known as the Chicago District, for the purpose of saving the additional freight from points east of Chicago. Further

Resolved, That the advertising fee for printing this Resolution is hereby remitted.

(Communication from Board of Public Works filed Oct. 2, 1913.)

Southern Pacific Franchise.

The following Bill, laid over from last meeting was taken up and again laid over one week:

Bill No. —, Ordinance No. — (New Series), as follows: Providing for a grant and granting to Southern Pacific Company, a railroad corporation, its successors and assigns, the right to construct, maintain and operate certain standard-gauge railroad tracks under, over, along and across certain streets, avenues, alleys, places and properties in the City and County of San Francisco, State of California.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That the right of way be and is hereby granted unto the Southern Pacific Company, a railroad corporation incorporated under laws of the State of Kentucky, and having its principal office and place of business in the City and County of San Francisco, State of California, and to its successors and assigns, for

the term of forty years from the date of the passage of this Ordinance, except as otherwise herein provided, said corporation having more than fifty miles of railroad actually constructed and in operation—to use the portions of streets, avenues, alleys, places and properties hereinafter mentioned and described, for railroad purposes as hereinafter set forth; and to that end said Southern Pacific Company, its successors and assigns, is hereby granted the right to construct, maintain and operate, by means of steam, electricity or other motive power authorized by law, the following described standard-gauge railroad tracks upon, along, across and over the portions of said streets, avenues, alleys, places and properties hereinafter described, upon the route of and traversed by said railroad, and the right to construct, maintain and operate all necessary sidetracks, turnouts, switches, crossings, spur-tracks, yard tracks, depot tracks and terminal tracks and facilities, and to connect any or all of the tracks hereinbefore or hereinafter described with the main line or lines of railroad operated by said company, all as hereinafter set forth:

First: Beginning at four points in the existing passenger train double tracks and freight train double tracks of said Southern Pacific Company at or near the intersection of Seventh and Berry streets; thence in a northerly direction, on a curve to the right, crossing Berry street with five tracks, into and across yards and property of the Southern Pacific Company, crossing King street in a northerly direction on a curve to the right with five tracks; crossing Sixth street between Townsend and King streets with twenty-one tracks; crossing Fifth street, between Townsend and King streets, with twenty-two tracks; and crossing Fourth street, between Townsend and King streets, with fourteen tracks.

Second: Beginning at two points in the existing freight train double tracks in the southeasterly line of Berry street near Seventh street; thence in a northerly direction, on a curve to the right, crossing Berry street with two tracks, across the yards and property of the Southern Pacific Company to the southeasterly line of King street, between Sixth and Seventh streets; thence northeasterly along King street; crossing Sixth and Fifth streets with two tracks; thence continuing along King street in a northeasterly direction, crossing Fourth street with three tracks, to the southwesterly line of Third street; also a cross-over track connecting the said tracks on King

street with tracks on the property of the Southern Pacific Company in the block bounded by Berry, King, Third and Fourth streets, said cross-over extending in a southwesterly direction across King street from a point near Third street to a point in the southeasterly line of said King street approximately 300 feet southwesterly thereon from the southwesterly line of Third street; also a single or double track cross-over connecting the said tracks on King street with tracks on the property of the Southern Pacific Company in the block bounded by King, Berry, Sixth and Seventh streets, extending in a southerly direction across King street and Sixth street from a point approximately one hundred and seventy feet northeasterly from the northeasterly line of Sixth street to a point near the south corner of King and Sixth streets.

Third: Also tracks beginning at two points in the existing freight train double tracks in Channel street near Seventh street; thence in a northerly direction on a curve to the right into and across the yards and property of the Southern Pacific Company, crossing Berry street between Sixth and Seventh streets with five tracks; crossing Sixth street between Berry and King streets with eight tracks; crossing Fifth street between Berry and King streets with nine tracks; crossing Fourth street between Berry and King streets with eleven tracks. Also a single or double track crossover extending in a westerly direction across King street from a point in the southeasterly line thereof distant thereon approximately 190 feet southwesterly from the southwesterly line of Fourth street to a point in the northwesterly line of King street approximately four hundred feet southwesterly from the southwesterly line of Fourth street.

Fourth: Also tracks beginning at two points in the existing freight train tracks near the intersection of Seventh and Channel streets; thence in a northerly direction on a curve to the right crossing Channel street with two tracks into and across the yards and property of the Southern Pacific Company; thence continuing in a northeasterly direction, crossing Sixth street between Berry and Channel streets with seven tracks; Fifth street between Berry and Channel streets with seven tracks; Fourth street between Berry and Channel streets with seven tracks; thence into private property of said Southern Pacific Company.

Fifth: Also for the term of thirty-two years, tracks beginning at three points in the existing tracks in

private property at their intersection with the southerly line of Division street between Kansas street and Vermont street; thence northeasterly on a curve to the left crossing Division street with three tracks into and along Townsend street; thence northeasterly along Townsend street crossing Eighth street with three tracks, Seventh street with four tracks, Sixth street with two tracks, Fifth street with two tracks and Fourth street with one track into and upon the property of the Southern Pacific Company near the northerly corner of Fourth and Townsend streets.

Of the above described tracks on Townsend street one track shall be laid with the center line of track thirteen feet northwesterly from and parallel with the southeasterly line of Townsend street, and the other track shall be laid with the center line of track twenty-one feet six inches southeasterly from and parallel with the northwesterly line of Townsend street, between Eighth street and Fourth street, so that there shall be a distance of forty-eight feet between the center line of tracks; the City and County of San Francisco reserves the right to grant permission to any company to lay down tracks in the strip left vacant between the tracks of the Southern Pacific Company on Townsend street at any time in the future, upon undertaking to keep said thirty-nine foot strip in repair, and it is further understood that the City and County of San Francisco shall have the right, at any time, during the term of the franchise hereby granted, to construct, maintain and operate a Municipal Railroad over that portion of Townsend street between said tracks of the holder of this franchise, or, either overhead and above tracks of said Southern Pacific Company, or underground and beneath such tracks, or to use the tracks laid under the provisions of this Ordinance upon payment of a proportionate value thereof and a proportionate cost of the maintenance thereof, according to the relative use thereof by the several parties; and, also, on the same terms the said City and County shall have the right to use any tracks laid down and maintained by said Southern Pacific Company under the provisions of Order No. 2933, approved December 2, 1895.

Sixth: Also a single or double track beginning at a point in the last above mentioned tracks at or near the intersection of Division and Townsend streets; thence easterly on a curve to the right crossing Division street with one track; crossing Eighth street with two tracks, into

and across the yards and property of the Southern Pacific Company crossing King street between Seventh and Division streets in an easterly direction with two tracks, crossing Berry street between Seventh and De Haro streets with two tracks; thence continuing in an easterly direction and connecting with the existing passenger train double tracks on Seventh street near its intersection with Channel street.

Seventh: Also upon and across any and all intervening streets, lanes, avenues, alleys, places and properties along the route of the tracks described in the foregoing paragraphs.

Section 2. The foregoing rights, privileges and easements are hereby granted upon the following terms, conditions and obligations all and each of which are hereby consented and agreed to by and on behalf of said Southern Pacific Company, its successors and assigns, viz.:

a. Fourth street and all other public streets mentioned herein shall remain open public streets subject to public use, except that Fourth street may be temporarily closed to permit the arrival and departure of trains at the depot at Third and Townsend streets when trains are too long to be accommodated in the space between such depot and Fourth street. A flagman shall always be stationed at Fourth and Townsend streets and at Fourth and King streets.

b. A street is to be opened to public use, of the same width as Fourth street, distant one hundred eighty-seven and one-half feet southwesterly therefrom and parallel thereto to extend from Townsend to Berry street, and a flagman is to be stationed at either end thereof.

c. The Southern Pacific Company shall erect umbrella sheds across Fourth street paralleling its main line tracks, the same to be constructed so as to offer the least possible obstruction to traffic, and to be so constructed and maintained to the satisfaction of the Board of Public Works or such other department of the government of the City and County as may have control of its public streets.

d. The said Southern Pacific Company shall, within one year from the date of taking effect of this Ordinance, construct a steel frame passageway or viaduct sufficient to accommodate pedestrian traffic over the roadway of Fourth street from Townsend street to King street, elevated a distance to permit the passage of trains thereunder, such location and construction to be according to plans and specifications approved by the Board of Public Works and shall be

maintained by said Southern Pacific Company to the satisfaction of said Board or other department of the government of the City and County having control of its public streets.

e. The said Southern Pacific Company shall grade to the official grade and shall pave and keep in repair all streets mentioned herein within the area in which tracks are laid whenever required so to do by the Board of Public Works or other officer or department of the City and County having control of its public streets.

f. Whenever in the opinion of the legislative body of the City and County of San Francisco it is deemed to be necessary for the preservation of the public safety and convenience that there should be a separation of grade of all streets over which passenger trains shall be operated, said Southern Pacific Company shall elevate all such tracks used by passenger trains to a height sufficient to insure public safety and not obstruct the public streets. The work of separation shall be commenced within one year after the determination of the necessity thereof by said legislative body and shall be completed within four years from the date of such commencement.

g. Said Southern Pacific Company shall cause all streets embraced in the area bounded by Fourth, Seventh, Townsend and King streets (inclusive of the streets named) to be lighted to the satisfaction of the Board of Supervisors.

h. The tracks of said railway company shall be laid flush with the level of the street wherever the same shall have been graded, so as to offer as little obstruction as practicable to the crossing thereof of vehicles; and it is provided further that nothing in this ordinance shall be construed so as to prevent the proper authorities of the said City and County of San Francisco from maintaining and exercising the same jurisdiction over the streets and portions of streets, covered by this franchise which they are, or shall be, authorized hereafter by law to exercise over public streets in said City and County of San Francisco.

i. Said Southern Pacific Company, its successors or assigns, shall lay and maintain all the tracks of said railroad on Townsend street flush with the surface of said streets, with rails of approved, grooved, girder type, where and when directed by the Board of Public Works, whenever the same is or shall be graded to the official grade and in such manner as to offer as little obstruction as practicable to the free use thereof by the public and by vehicles.

j. Upon a failure to fully observe the conditions herein imposed, all rights, privileges and easements herein granted shall cease and terminate.

k. No switching charge shall be made against the City and County on cars loaded for, or to be loaded by it, and all such cars shall be delivered free at any spur or industrial track within the limits of the City and County as may be required by the proper municipal authority. Provided, that no objection to such free switching privilege be made by the State Railroad Commission or by the Interstate Commerce Commission.

Section 3. In consideration of the grant to the Southern Pacific Company of the rights and privileges contained herein, the said Southern Pacific Company hereby agrees to construct a retaining wall along both sides of its tracks in the so-called Bernal Cut between Randall street and St. Mary's avenue, allowing a space of thirty feet between such walls for the use therein of two railway tracks of said Southern Pacific Company, and such retaining walls to be of a height (to be determined by the Board of Public Works) sufficient to retain the earth embankment on the outer side of each wall and afford support for a roadway thirty feet nine inches wide from the inner face of each retaining wall; or, at the option of the Board of Supervisors perform such other work in the widening and retaining of said cut as may be determined by said Board in lieu thereof and to no greater cost to said Southern Pacific Company. The construction of such retaining walls or such other work as may be ordered in lieu thereof by the Board of Supervisors shall be commenced within three months after a request so to do shall be made by said Board and completed within six months thereafter.

Said Southern Pacific Company does hereby agree to grant to the City and County of San Francisco for the purpose of a public street, an easement over, in and to that portion of its present right of way or property from a point approximately 400 feet northerly of Randall street and between such point and the intersection of San Jose avenue and Diamond street lying between the exterior boundaries of such right of way, or property of said Southern Pacific Company and two parallel lines drawn fifteen feet distant from the center line of such right of way or property. The grant as herein provided shall be made, accepted and recorded prior to the exercise of any right or privilege granted to said

Southern Pacific Company by the provisions of this ordinance.

Section 4. In case the property of the grantee erected or maintained in the streets herein named shall ever be acquired or sought to be acquired by any governmental or public authority, no value on account of any right or privilege herein granted shall be claimed by or paid to the grantee, but all such rights and privileges shall pass to such governmental authority as successors in interest to said grantee subject to the conditions herein set forth; and no value shall attach to any right or privilege herein granted or be asserted or claimed by said grantee for rate fixing purposes.

Section 5. No right, privilege or easement herein granted shall be construed as an abrogation of the police powers of the City and County or as a relinquishment of such control over its streets and thoroughfares as may be necessary to be exercised at any time to promote the public safety and convenience, and all ordinances now in effect or that may be hereafter enacted relating to the public streets shall be given full force and effect.

Section 6. The rights hereby granted are upon the express conditions prescribed in and by the Charter of the City and County of San Francisco, and especially in and by Subdivision 28 of Section 1, Chapter II, Article II, thereof. The character and general arrangement of all structures herein referred to, the materials of which they are to be built, and all work of whatsoever kind or character done under this franchise upon public streets or highways, shall be subject to the approval of the Board of Public Works of said City and County of San Francisco.

Section 7. In case it should ever be determined that any conditions imposed upon, obligation assumed, right or privilege granted by said Southern Pacific Company in this ordinance, is invalid or beyond the power of the City and County to require, or beyond the power of said Southern Pacific Company to grant, then this ordinance shall be held to be invalid in whole, and it is hereby declared that this ordinance would not have been passed or approved should there have been an omission of any condition herein contained.

Section 8. This franchise shall be accepted by a resolution of the Board of Directors of said Southern Pacific Company, and filed in the office of the Clerk of the Supervisors before any right under this ordinance shall be exercised.

Section 9. This ordinance shall go

into effect upon the expiration of sixty days from the date it becomes final either (a) by approval of the Mayor, (b) without his approval by the expiration of the time prescribed by the Charter of the City and County of San Francisco within which the Mayor may disapprove it, or (c) by its passage by the Board of Supervisors over the objections of the Mayor in the event of such disapproval.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Resolutions Adopted by the League of California Municipalities.

The following resolutions adopted in convention of League of California Municipalities, held at Venice, October 5-11, 1913, were presented by Supervisor Bancroft and read to the Board:

Endorsement of Million Dollar State Building for Civic Center.

Whereas, The City of San Francisco is building a Civic Center, covering an area of nine blocks in the heart of the city, on which will be located a \$3,500,000 City Hall, a \$1,000,000 Auditorium, a \$1,000,000 Opera House, a \$1,000,000 Library, and other public buildings, and

Whereas, The City of San Francisco is reserving a block of land in said Civic Center on McAllister street, between Polk and Larkin streets, for the free use of the State of California in housing the departments of the State now located and paying rents in various parts of San Francisco, and

Whereas, The State of California has decided to submit a bond issue to the voters of California in November, 1914, for \$9,000,000 for improvements and for buildings throughout the State, \$1,000,000 of which is to be for the purpose of erecting a building in the Civic Center of San Francisco, for the departments of the State, and

Whereas, The State of California is now paying a larger amount of money annually in rents in the City of San Francisco than the interest on the \$1,000,000 bond issue would amount to, and

Whereas, Because of the fact that the rents the State is now paying in San Francisco exceed the interest on the proposed \$1,000,000 bond issue, said proposed bond issue will be no burden on the taxpayers of the State of California, but will assist the City of San Francisco in completing its \$15,000,000 Civic Center.

Therefore, be it resolved that the League of California Municipalities

hereby endorses said proposed bond issue for San Francisco's \$1,000,000 State building, and furthermore urges that all sections of the State give their hearty support to said proposition.

Approval of Raker Bill.

"Whereas, There is now pending in the Senate of the United States a bill known as the Raker Act, which measure has already passed the House of Representatives, and

"Whereas, Said Raker Act is a grant from the United States to the City and County of San Francisco and the other cities on San Francisco Bay, wherein the subject of the grant is reservoir sites in the Hetch Hetchy Valley, Cherry River Valley, and Lake Elcanor Basin, said sites to be used for the purposes of supplying water to the communities around San Francisco Bay, and

"Whereas, The needs of San Francisco and adjoining cities are such that immediate relief is necessary to insure adequate supplies of water for domestic purposes,

"Therefore, Be it Resolved, That the League of California Municipalities, representing one hundred eighty-five (185) cities and towns, in its Sixteenth Annual Convention assembled, in the City of Venice, does hereby approve the said Raker Bill and respectfully urges its passage in the Senate of the United States."

Communication — From Recorder, calling attention to the necessity of repainting and repairing the Hall of Records.

Also, J. R. No. —.

Resolved, That the Building Committee of this Board is hereby requested to immediately take steps to remedy the heating and lighting arrangements in the office of the Recorder, Hall of Records, for the benefit of the health of the employees therein employed, it having been reported to this Board that the heating system of that institution is a positive menace to the health of said employees and it being apparent that the lighting arrangement therein installed is a severe tax upon the eyes of the employees, and the Committee is requested to make these changes so as to have them in operation before the winter season sets in.

Referred to Public Buildings Committee.

Forbidding Appointment of Municipal Employees Except as Provided by Charter.

Supervisor Andrew J. Gallagher presented:

Bill No. —, Ordinance No. — (New Series), as follows:

Forbidding the appointment of municipal employees except as provided by the Charter, and imposing a liability for all unlawful appointments upon the officers or board making the same.

Be it ordained by the People of the City and County of San Francisco, as follows:

Sec. 1. No officer, board or commission, authorized by law to appoint subordinates or to engage the services of laborers, shall make any such appointment or engage such services except in the manner required by the Charter of the City and County. Any employment or engagement other than in the manner and form required by such Charter shall be void, and the officers making such appointment shall be personally liable to the person so appointed or engaged for the value of all services rendered or time spent in the service of the City and County, under such attempted employment, and the members of every board or commission voting for or sustaining such employment shall be likewise personally liable. In case any demand is made against the City and County for services rendered under any unauthorized appointment, it shall be the duty of the Civil Service Commission to notify the Auditor to withhold from the salary of the officer or officers making or authorizing such unlawful appointment, the amount of the claim so made, and the Auditor shall withhold the same until such claim is satisfied.

Referred to Judiciary Committee.

The following resolutions were introduced under suspension of the rules and adopted:

City Attorney to Cause Dismissal of Proceedings Instituted by Pacific Gas and Electric Company Enjoining Rates Fixed by Board.

On motion of Supervisor Koshland:
J. R. No. 935.

Whereas, The Board of Supervisors, on the 23d of June, 1913, passed Ordinance No. 2348 (New Series), fixing the maximum price to be charged consumers of gas at seventy-five (75) cents per thousand feet, and Ordinance No. 2349 (New Series), fixing the maximum price to be charged to consumers of electricity for heat, light and power purposes at six (6) cents and less per kilowatt hour, and a seventy-five (75) cents per month meter charge, and

Whereas, On July 22d, 1913, the Pacific Gas & Electric Company secured from the United States District Court in and for the Northern District of California an injunction restraining the Board of Supervisors from enforcing the provisions of said Ordinance No. 2348 (New Series), and permitting said company to charge consumers eighty-five (85) cents per thousand feet for gas; and on August 4, 1913, said company secured from said Court an injunction restraining the Board of Supervisors from enforcing the provisions of Ordinance No. 2349 (New Series), and permitting said company to charge eight (8) cents per kilowatt hour for electricity and one (\$1.00) dollar for a meter charge per month, and

Whereas, Upon complaint being made to the Pacific Gas & Electric Company by consumers against the increase of rates for gas and electricity above the rates fixed by the Board of Supervisors, the officials and employees of said company have made statements that the increased rates have been charged by the company from September 1, 1913, because of permission so to do granted by the Board of Supervisors, now therefore, be it

Resolved, That the Board of Supervisors hereby declares that no permission has been granted to any corporation furnishing gas and electricity for any purposes whatsoever to the people of San Francisco to charge any rates in excess of those provided by Ordinance No. 2348 (New Series) and Ordinance No. 2349 (New Series), and statements to the contrary are untrue and willfully misleading, and be it further

Resolved, That the City Attorney is hereby urgently requested to obtain a dismissal of the proceedings brought by the Pacific Gas & Electric Company at the earliest possible moment, to the end that the rates established by the Board of Supervisors can be enforced.

Ayes—Supervisors Bancroft, Andrew J. Gallagher, George E. Gallagher, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot—15.

Relative to Overcharge for Electrolliers.

On motion of Supervisor Koshland:
Resolution No. 10465 (New Series):

Whereas, this city has on the 25th day of June, 1913, entered into a contract with the Pacific Gas and Electric Company for the furnishing by the later to the city of gas and electricity and power, and

Whereas, this contract provides for certain rates to be paid for such service, some rates being chargeable for the furnishing of all installations, equipment, repair, maintenance, replacement and current inclusive, while other rates are chargeable for the furnishing of the electric current only; and

Whereas, under such contract there is chargeable a rate of 17 cents provided the company furnish to the city an electrollier of the Eagle type with installation, equipment and all appliances thereto, and provided the company light the same all night with the amount of current prescribed; and

Whereas, there are now and have been for a long time many such electrolliers lighted by such Pacific Gas and Electric Company, which electrolliers, however, were not furnished, installed or equipped and replaced by the Pacific Gas and Electric Company, but were furnished, equipped and replaced by either citizens or by the city itself, and were installed and equipped and furnished to the city for lighting purposes by others than the Pacific Gas and Electric Company, and

Whereas, 17 cents a night was and is being wrongfully and illegally charged by said company and erroneously paid for by the city while the service furnished by the company is much smaller than the service contracted for under the 17 cent rate, and

Whereas, no greater charge should have been made for such service than the value of the current and of all actual repairs and replacements and of maintenance when furnished by said Pacific Gas and Electric Company, and

Whereas, the city is obtaining current from said Pacific Gas and Electric Company at the rate of 3 cents per kilowatt hour for the lighting of streets and is entitled to this rate on all electric current it so desires for the lighting of streets.

Now, therefore, be it resolved, That the City Attorney be directed to bring suit to recover from said Pacific Gas and Electric Company all overcharges made by them and paid to them contrary to the provisions of said contract, and

Further Resolved, That the Pacific Gas and Electric Company is hereby directed to furnish electric current to all electroliers of the Eagle type heretofore charged for at the rate of 17 cents per night, or 13½ cents when lighted until midnight, and to charge for such current the lowest rate charged for a similar service within the City and County of San Francisco.

Further Resolved, That the maintenance, repairs and replacement of the electroliers owned by the city be assumed by the city out of the lighting fund and be under the charge of the Light Inspectors who shall promptly order and supervise all work required, and who shall promptly and regularly report upon their work to the Lighting Committee of this Board.

Ayes—Supervisors Bancroft, Andrew J. Gallagher, George E. Gallagher, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot—15.

Absent—Supervisors Caglieri, Gianini, Vogelsang—3.

Lighting of Electrolliers on Polk and Mason Streets.

Supervisor Koshland presented:

Resolution No. 10466 (New Series), as follows:

Whereas, property owners on Polk street and on Mason street have at their own expense installed and equipped certain electrolliers of the Eagle type as per Resolutions No. 759 and No. 684 of this Board of Supervisors, whereby the city was to furnish electric current to light the same, but to be at no expense for such installation and equipment, or for the repair, replacement and maintenance thereof, and

Whereas, such electrolliers and equipment thereof are not the property of the Pacific Gas and Electric Company, nor have they been installed by said Pacific Gas and Electric Company, and

Whereas, it appears that in its contract with the Pacific Gas and Electric Company there is a provision for electric current at the rate of 3 cents per kilowatt hour, and this rate is being paid by the city for electric current for street lighting; now, therefore, be it

Resolved, That the Pacific Gas and Electric Company be directed to furnish to said electrolliers electric current for lighting the same and charge the same to the city as per Resolutions No. 759 and No. 684.

Supervisor Nolan presented the following substitute and moved its adoption:

J. R. No. —.

Resolved That the Pacific Gas and Electric Company is hereby instructed to light and maintain the electrolliers in Polk street, between Sutter street

and Pacific avenue, at the locations provided by Journal Resolution No. 759 (adopted May 26, 1913), and on Mason street, between Turk and Post streets, at the locations provided by Journal Resolution No. 684 (adopted March 24, 1913), and to remove the gas lamps as provided in said resolutions.

Refused passage by the following vote:

Ayes—Supervisors Hayden, Hilmer, Hocks, Mauzy, McLeran, Murdock, Nolan—7.

Noes—Supervisors Bancroft, Andrew J. Gallagher, George E. Gallagher, Jennings, Koshland, McCarthy, Murphy, Payot—8.

Absent—Supervisors Caglieri, Gianini, Vogelsang—3.

Adopted.

Whereupon, the question being taken on Supervisor Koshland's resolution, the same was adopted by the following vote:

Ayes—Supervisors Bancroft, Andrew J. Gallagher, George E. Gallagher, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot—15.

Adopted.

The following resolutions were adopted:

Lighting Electrolliers on Mission Street.

On motion of Supervisor Koshland: Resolution No. 10467 (New Series), as follows:

Whereas, There are 42 electrolliers of the Eagle type in Mission street, between 29th street and Cortland avenue, and

Whereas, Under a previous resolution of the Board of Supervisors of the City and County of San Francisco, 21 of said electrolliers were to be lighted and paid for by the City and the other 21 by the property owners along said street, and

Whereas, The Pacific Gas and Electric Company has heretofore overcharged the City by billing and collecting at the rate of 17 cents per night for each of these electrolliers so lighted, although said 17 cent rate applies only to electrollier lighting of this type where the electrollier is furnished, installed or equipped, maintained, repaired or replaced by the Pacific Gas and Electric Company, and

Whereas, These electrolliers were installed, furnished and equipped by the property owners, and part of the repairs, replacement and maintenance charges being paid for by the property owners, and

Whereas, The City Attorney has been directed to sue to recover from said Pacific Gas and Electric Company all overcharges paid to them, and

Whereas, Under its contract for lighting and under the Charter the City is entitled to electric current at a rate which will materially cheapen the cost of lighting such electrolliers, where the same are furnished to the City for lighting purposes by others than the Pacific Gas and Electric Company; now be it

Resolved, That the said Pacific Gas and Electric Company be and is hereby directed to furnish the electric current necessary to light all of said 42 electrolliers and to bill for the same the sum of and rates chargeable under its agreement and contract and under the ordinances and Charter provisions applying thereto.

Ayes—Supervisors Bancroft, A. J. Gallagher, G. E. Gallagher, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot—15.

Award of Contract, Electrolliers.

On motion of Supervisor Nolan:

J. R. No. 936.

Resolved, That the contract for six electrolliers of the "Eagle" type, to be erected, wired and connected with the conduits of the Pacific Gas & Electric Company, ready for lighting, at the following locations:

At the west side of Grant avenue, 222 feet north of Post street.

North side of O'Farrell street, 333 feet west of Grant avenue.

Northwest corner of Geary and Stockton streets.

South side of Geary street, 60 feet west of Stockton street.

North side of Geary street, 237 feet west of Stockton street.

Pursuant to Resolution No. 3402 (New Series), of the Board of Supervisors of the City and County of San Francisco, I, John W. Rogers, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the dates thereon stated, and approved as above recited.

JOHN W. ROGERS,

Acting Clerk of the Board of Supervisors,
City and County of San Francisco.

Northwest corner of Post and Kearny streets.

is hereby awarded to the Rudgear-Merle Company for the sum of six hundred (\$600.00) dollars, in accordance with their bid submitted October 6, 1913; and be it further

Resolved, That the bond to be furnished for the faithful performance of this contract is hereby fixed at five hundred (\$500.00) dollars.

The salvage from the broken electrolliers to become the property of the said company.

All other bids for the foregoing electrolliers are hereby rejected.

Ayes—Supervisors Bancroft, Andrew J. Gallagher, George E. Gallagher, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot—15.

Examination for Sealers of Weights and Measures.

Supervisor Murdock presented:

J. R. No. —.

Resolved, That the Board of Civil Service Commissioners be requested to hold, at the earliest date feasible, an examination for the officer of Sealer of Weights and Measures, established by Ordinance No. 2442 (New Series), that the appointment may be made by the Board of Supervisors in accordance with the provisions of Section 11 of Article XIII of the Charter.

Referred to Judiciary Committee.

BOARD OF SUPERVISORS

MONDAY, OCTOBER 20, 1913.

In Board of Supervisors, San Francisco, Monday, October 20, 1913, 2:30 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

READING AND APPROVAL OF MINUTES.

The Journal of the meeting of Tuesday, October 14, 1913, was read and approved.

ROLL CALL FOR PETITIONS FROM MEMBERS.

Relative to Alleged Excessive Charges of San Francisco Gas and Electric Company for Lighting Electroliers.

His Honor Mayor Rolph presented the following communications which were read by the Clerk:

Communications from Pacific Gas and Electric Company.

October 17, 1913.

Hon. James Rolph, Jr., Mayor City and County of San Francisco.

Dear Sir: As per our recent conversation, I desire to draw your attention to Resolution No. 10465 and Resolution No. 10466, more particularly the former, and to ask that before this resolution is signed that the matter be referred to the City Attorney, and the writer be given an opportunity to explain to the City Attorney the facts of the case as already explained to you.

It is perhaps difficult to put this all in a short communication, as the circumstances leading up to the prices quoted in our contract for supplying electroliers extend over a period of a number of years, during all of which period the writer has been connected with the company and is familiar therefore with all of the facts concerning these installations; and

unfortunately but few members of the Board of Supervisors are familiar with the details of the earlier history of this form of lighting.

I mention the referring of this to the City Attorney for the reason that the City Attorney has already, under date of October 2, 1913, rendered an opinion on this entire matter.

Without quoting the entire opinion, which you undoubtedly have, will state that the City Attorney says in part:

"It therefore seems to me conclusive that under no interpretation of this contract could the Pacific Gas and Electric Company be compelled to install and maintain service connection with electroliers which have been erected on Polk and Mason streets and receive in return for such service only the three cent current rate. If electrolier service is to be supplied, the contract rate of seventeen cents per electrolier per night must be paid."

In addition to this opinion by the City Attorney, I have asked our own legal department to look over our contract very carefully, and have explained all of the conditions so far as I knew, and they advise also that there can be no other interpretation placed upon the contract except the one made by your City Attorney.

If you will glance at the contract between the City and County of San Francisco and the Pacific Gas and Electric Company, you will see that there are really two parts thereto. One to furnish light, heat and power to public buildings, and the other the lighting of streets and public places, and the bids submitted, covering these two portions of the contract were submitted under an advertisement calling for separate bids and there is not in the bid or in the contract covering the lighting of streets and public places, any mention of a three cent rate for such service.

Referring to the third paragraph in Resolution No. 10465, will state that this is an absolute misstatement of fact, and there is nothing in the contract which mentions that the company is to furnish to the city an

electrolier of Eagle type, etc., and the facts of the case are, the company has never furnished any such electrolier. The original electroliers of this type were supplied by the Down Town Association and were later given to the City and County of San Francisco and finally accepted by the City and County by an ordinance of the Board of Supervisors, so it has been that in all cases that original payment for various special standards in use have been made either by private individuals or improvement clubs.

In reference to the fourth paragraph, this is also misleading and is not founded on facts, for in reading same one would be naturally lead to the inference that there were many electroliers furnished by the Pacific Gas and Electric Company and lighted by the Pacific Gas and Electric Company, which is not a fact.

Also paragraph four would indicate that electroliers had in the main been furnished to the city by private citizens or the city itself, whereas, I believe that investigation will show that it has not been the practice of the city to furnish electroliers, and, with the exception of the original electroliers installed by the Down Town Association, these electroliers have either remained the property of the citizens or have been by bill of sale, transferred to the company.

Although not appearing in the contract, it was always the understanding and has been the practice of the company where the ownership of the electroliers have been transferred to it, to replace same when broken without additional cost for replacing as the electroliers were the property of this company, and in the case of the electroliers belonging to private individuals or associations or to the city, the company has never replaced any electroliers which have been broken down through accident, nor has the company ever been requested so to do.

In view of the above statements and of the facts as brought out in our conversation, I think you will agree that the fifth paragraph is, to say the least, extremely unfair and it seems almost incredible to me that the Board of Supervisors would pass a resolution, stating that we were wrongfully and illegally charging the city, without having given us an opportunity to explain or say a word in our defense and in view of the fact that the City Attorney's office had rendered the opinion that it had.

Referring also to the seventh paragraph, in which the statement is made that the city is obtaining current from the Pacific Gas and Electric

Company at three cents per kilowatt hour for lighting the streets, I beg to advise that by courtesy this company has been supplying, for a long time, current to the Fillmore street arches and have given the city the benefit of that rate, and in this case, the Fillmore Street Improvement Association not only supplied the entire installation, including wiring, lamps, fixtures, etc., but they also turn on and off the arches, renew the lamps and take care of everything, the company being at no expense whatever except to go and read the meters.

Also, the company did the same in the case of the Haight and Ashbury Improvement Company, and in this case, as in the case of Fillmore street, the entire installation was made by the Haight and Ashbury Association, and the lamps were trimmed and maintained by them. The wiring was done by them and the leads brought to the position indicated by the company for the placing of its meter. In other words, in neither of the two cases mentioned where we are charging three cents for current do we do anything but supply the current, nor did we spend one cent for installing the current devices or their connections into a unit system, and in the case of Mason and Polk streets, should the City and County of San Francisco, or the Association involved see fit to connect up these electroliers and bring their leads to a point or points satisfactory to the company for the reception of its meters, we will be only too glad to supply current at three cents per kilowatt hour, but in the two cases above mentioned the electroliers have not been connected up by anybody and no point has been provided for attaching our meters, and further when the matter was taken up with the Improvement Association we were informed by them that they expected us to take care of all maintenance, renewals of lamps, etc., and without any charge to them, and of course without any charge to the city. As said resolutions specifically state that there should be no such charge, it was therefore impossible for us to do anything toward the lighting of the posts until the matter was straightened out.

I wish to assure your Honor that this company is now and always has been willing to do anything at all within reason to assist the city in the lighting of its streets, and has always shown this disposition in the past, and has saved the city thousands of dollars by not insisting upon the city living up to the letter of the contract in that, we have changed the locations of lamps and taken down gas

lamps and put up arc lamps in their places, and vice versa, without any charge to the city, which will appear by inspection of our bill.

It would seem to the writer that the business as between the company and the city should be conducted along the lines of any other business, and it is certainly odd that the City Attorney should be directed to bring suit to recover from this company overcharges for which the city has never so much as made a claim.

Referring to the ninth paragraph, I wish to assure you that we have no other service in connection with the Eagle type electrolier, except the city's service, unless it be that private individuals have erected electroliers and placed them upon their own meters, and the last paragraph of the resolution would seem in a measure to contradict and upset the ideas and inferences of the earlier paragraphs, in that it resolves that the maintenance, repairs and replacements of electroliers owned by the city be assumed by the city out of the lighting fund, which is exactly what is being done at the present time. In other words, they are being maintained by this company at the city's expense, the money being taken out of the lighting fund, and pursuant to the terms of the contract.

Concerning Resolution No. 10466, little or nothing need be said, as the question has really been covered in the remarks concerning Resolution No. 10465, particularly as it does not appear in the contract that there is any provision for three cent rate for current for street lighting.

I must apologize for the length of the above, although even this letter does not tell the complete history. I would be very pleased indeed at any time to go further into the matter with either the City Attorney or any one who desires to obtain the full facts.

You will understand, of course, that these resolutions are matters of which we had no previous knowledge whatsoever, no claim has been made on this company for any overcharge, and no request had been refused by the company, except the lighting of the Mason and Polk street electroliers under conditions entirely contrary to our contract, and after using our best endeavors to have the association stand the maintenance which was not provided for in the city's resolutions.

Most respectfully yours,

PACIFIC GAS AND ELECTRIC CO.,

By GEO. C. HOLBERTON,

Manager San Francisco District.

Resolution No. 10465.

Whereas, this city has on the 25th day of June, 1913, entered into a

contract with the Pacific Gas and Electric Company for the furnishing by the latter to the city of gas and electricity and power, and

Whereas, this contract provided for certain rates to be paid for such service, same rates being chargeable for the furnishing of all installations, equipment, repair, maintenance, replacement and current inclusive, while other rates are chargeable for the furnishing of the electric current only, and

Whereas, under such contract there is chargeable a rate of 17 cents provided the company furnish to the city an electrolier of the Eagle type with installation, equipment and all appliances thereto, and provided the company light the same all night with the amount of current prescribed, and

Whereas, there are now and have been for a long time many such electroliers lighted by such Pacific Gas and Electric Company, which electroliers however were not furnished, installed, or equipped and replaced by the Pacific Gas and Electric Company, but were furnished, equipped and replaced by either the citizens or by the city itself, and were installed and equipped and furnished to the city for lighting purposes by others than the Pacific Gas and Electric Company, and

Whereas, 17 cents a night was and is being wrongfully and illegally charged by said company and erroneously paid for by the city while the service furnished by the company is much smaller than the service contracted for under the 17 cent rate, and

Whereas, no greater charge should have been made for such service than the value of the current and of all actual repairs and replacements and of maintenance when furnished by said Pacific Gas and Electric Company, and

Whereas, the city is obtaining current from said Pacific Gas and Electric Company at the rate of three cents per kilowatt hour for the lighting of streets and is entitled to this rate on all electric current it so desires for the lighting of streets,

Now, therefore, be it Resolved, That the City Attorney be directed to bring suit to recover from said Pacific Gas and Electric Company all overcharges made by them and paid to them contrary to the provisions of said contract, and

Further Resolved, That the Pacific Gas and Electric Company is hereby directed to furnish electric current to all electroliers of the Eagle type heretofore charged for at the rate of

17 cents per night, or of 13½ cents when lighted until midnight, and to charge for such current the lowest rate charged for a similar service within the City and County of San Francisco.

Further Resolved, That the maintenance, repairs and replacement of the electroliers owned by the city be assumed by the city out of the lighting fund and be under the charge of the light inspectors who shall promptly order and supervise all work required, and who shall promptly and regularly report upon their work to the Lighting Committee of this Board.

Adopted—Board of Supervisors, San Francisco, October 14, 1913.

Ayes—Supervisors Bancroft, A. J. Gallagher, G. E. Gallagher, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot—15.

Resolution No. 10466 (New Series).

Whereas, property owners on Polk street and on Mason street have at their own expense installed and equipped certain electroliers of the Eagle type as per Resolutions No. 759 and No. 684 of this Board of Supervisors, whereby the city was to furnish electric current to light the same, but to be at no expense for such installation and equipment, or for the repair, replacement and maintenance thereof, and

Whereas, such electroliers and equipment thereof are not the property of the Pacific Gas and Electric Company, nor have they been installed by said Pacific Gas and Electric Company, and

Whereas, it appears that in its contract with the Pacific Gas and Electric Company there is a provision for electric current at the rate of three cents per kilowatt hour, and this rate is being paid by the city for electric current for street lighting; now, therefore, be it

Resolved, That the Pacific Gas and Electric Company be directed to furnish to said electroliers electric current for lighting the same and charge the same to the city as per Resolutions No. 759 and No. 684.

October 17, 1913.

Honorable James Rolph, Jr., Mayor,
City and County of San Francisco.

Dear Sir: Referring to our recent conversation and supplementing same, I would respectfully draw your attention to the wording of Journal Resolution No. 935, adopted by the Board of Supervisors on the 14th inst.

The third paragraph of this Resolution reads as follows:

"Whereas, upon complaint being made to the Pacific Gas and Electric Company by consumers against the increase of rates for gas and electricity above the rates fixed by the Board of Supervisors, the officials and employees of said company have made statements that the increased rates have been charged by the company from September 1, 1913, because of permission so to do granted by the Board of Supervisors, now, therefore, be it."

I cannot state too emphatically that no official of this company has been guilty of any such statement nor do I believe that any employee has been. Careful inquiry among all departments fail to shed any light on the subject. On the contrary, I would draw your attention to the enclosed notice which appeared in the form of an advertisement in the San Francisco papers on August 30th, and in addition to appearing in the papers as noted, extra copies of this notice were printed and freely distributed over the counter to our patrons.

You will note that this notice precisely sets forth the reason for the change and makes no mention whatever of permission from the Board of Supervisors.

In view of these facts, we believe that in justice and fairness to this company, two things should be done:

First—The resolution should be referred to the Board of Supervisors with a request that some definite statement or proof that the officials of this company or its employees have acted as charged in the resolution be given, and if there are no facts to substantiate the statements contained in the resolution, then paragraphs three and four should be omitted and the resolution amended by said omissions.

Second—If any officer of the city knows of any statement having been made by any employee of this company of the nature implied in this resolution, I believe that it would be no more than just to bring the matter immediately to the attention of the company to the end that proper steps could be taken by it, as I think you will fully realize that this company has, in the past and expects in the future, to deal fairly and honorably with all consumers whether they be public or private, and the company

will not tolerate from any of its employees the slightest act of discourtesy towards its consumers. That the company and the city should be obliged to take legal steps to determine their respective rights is to be regretted, but this action was started by this company solely as a matter of determining its rights for the protection of its business and it cannot in any way be construed as an act of unfriendliness any more than it would be in the case of private corporations or individuals going into court to determine the merits of their respective claims.

Trusting that after reading the above you will see your way clear to re-refer this to the Board with the suggestion that definite facts be submitted before said resolution is final, we have the honor to remain,

Most respectfully yours,
PACIFIC GAS AND ELECTRIC CO.,

By GEO. C. HOLBERTON,
Manager San Francisco District.

HCH/CEC
(Enclosure.)

The above notice appeared in the following named San Francisco papers, August 30, 1913: Call, Chronicle, Examiner, Post, Bulletin, California Demokrat.

Notice of Change of Gas Rates.

The United States District Court for the Northern District of California having, on the 18th day of July, 1913, made an order in a suit commenced by the undersigned company, against the City and County of San Francisco restraining the enforcement of Ordinance No. 2,348 (N. S.), fixing the rate to be charged for gas for the fiscal year beginning July 1st, 1913, the Board of Directors of the undersigned company has fixed the maximum rate to be charged by said company for gas furnished to its consumers at 85c per thousand cubic feet FROM SEPTEMBER 1st, 1913, until the further order of said Board or said Court.

If the final decree to be entered in said suit shall sustain the validity of said ordinance, the undersigned company will refund to its consumers all amounts collected by it in excess of the maximum rate fixed by said ordinance.

PACIFIC GAS AND ELECTRIC CO.,
By JOHN A. BRITTON,
Vice President and General Manager.

Motion.

Whereupon, Supervisor Murdock presented the following resolution:

Resolved. That the City Attorney be asked to take no action under the resolutions passed last week in reference to gas rates until the matter

shall have been heard before the Lighting Committee, an opportunity being given to the Pacific Gas and Electric Company to be heard.

Amendments.

Supervisor McCarthy moved as an amendment that it be the sense of this Board that his Honor the Mayor veto the resolutions pro forma.

Supervisor Andrew J. Gallagher moved as an amendment to the amendment that his Honor the Mayor call a conference tomorrow afternoon before he determines to veto the resolutions.

Substitute Carried.

Supervisor Giannini moved as a substitute for the whole that the Board meet in conference at 10 o'clock a. m. tomorrow and that the officials of the San Francisco Gas and Electric Company, the City Attorney's office and others interested be invited to attend.

So ordered.

Communication—From Assessor recommending Bill entitled, "Providing for a uniform system of writing the Real Estate Assessment Rolls of the City and County of San Francisco, as provided in paragraph 3 of Section 3650 of the Political Code of the State of California, as to the manner and form of assessing real estate."

Referred to the Judiciary Committee.

HEARING OF PROTESTS, TWIN PEAKS TUNNEL.

In accordance with resolution adopted at last meeting fixing 3 p. m. this day as the time for the hearing of protests in the matter of the construction of a tunnel through the Twin Peaks ridge, the said matter was taken up and the hearing proceeded.

Report of City Engineer on Modification of Plans Suggested by Carl G. Larsen.

Upon request of Supervisor Mauzy, chairman of the Lands and Tunnels Committee, City Engineer O'Shaughnessy read the following report:

October 20, 1913.

To the Mayor and Honorable Board of Supervisors of the City and County of San Francisco.

Gentlemen:—

I have carefully considered the objections offered to the treatment of the Twin Peaks Tunnel project and suggestions for the modification of same, outlined in communication by Carl G. Larsen, September 20, 1913, a property owner within the district, and by Clarence L. Anderson, his engineer, October 10, 1913, and in reply to same beg leave to state that a rapid transit tunnel as proposed on easy grades will be to the best interests not only of the property owners within the district, but to the whole

City, in restoring within the City limits the transbay population the City now loses by efficient ferry service.

To compete successfully with those systems, our transit facilities must be first class in character and efficiency. Many cheaper alternatives on steeper grades than the present plans could be designed, but they would not be desirable and would fail to accomplish the primary object of this project to enable the people who work in our shops, stores and factories to have their homes in the City of San Francisco, and to reach same in reasonable time and with ordinary comfort.

One of the greatest drawbacks the City experiences at present is inferior transportation, and this carefully thought out project is designed to successfully alleviate same in the section it will serve. San Francisco has spent in the past two years over \$60,000 in procuring the comprehensive engineering data and report of Mr. Arnold on our transportation problems. Both Mr. Arnold and his assistant, Mr. Bibbens, recommend the present plans. I carefully reviewed same after an entirely independent investigation, and recommended the postponement of that portion of the subway from Castro and Seventeenth streets down Market street to some future date. Your Board has approved my recommendation in this respect, but provision has been made in the present plans at the Seventeenth street terminal, by which future subway as well as surface cars can use this tunnel.

Grades are the controlling factors in all rapid transit tunnel projects, and the aim has been to keep the proposed grades below a 3 per cent maximum as a safe standard from Third and Market streets southerly. A steeper grade, as suggested by Mr. Larsen, could be constructed, but its adoption would defeat the motive of the project, be less desirable and more dangerous to operate. Within the past three weeks I examined the various completed tunnels in Los Angeles, and find that city has last week passed an ordinance to spend \$200,000 in altering the grades and reconstructing the 725-foot 7 per cent Broadway tunnel, which originally, a few years ago, cost only \$83,074 to build. In this instance, an amount over double the initial cost is being expended to remedy a blunder, without counting the accruing damage to business interruption and property while the reconstruction operations last, which will be at least a year. I could cite many other instances of

failures to grasp future requirements in transportation routes by lack of foresight in projecting feasible grades, but I believe you will be unanimously convinced of the correctness of the present treatment from an engineering and business standpoint.

The strongest point made by Mr. Larsen is, that use of a 4 per cent grade and reaching thereby the surface at Laguna Honda would best serve his property via Taraval street. To follow the surface from this point southerly along Dewey avenue would require 7 per cent grades and a construction as expensive as a tunnel and defeat the value of the project to the area of country south of the south portal which pays over one-half the cost. Portion of this territory, such as Ingleside Terraces and Lake Merced property, is now served by surface lines via Mission street and Ocean avenue on grades of less than 6 per cent, and property owners might, with justice, decline to contribute one-half the cost of a project which would not improve their present facilities.

The elimination of this portion of the assessment district would, however, cast a heavier burden on Mr. Larsen for his portion of the shorter and inferior project, and require a reconsideration of the whole scheme, which might indefinitely postpone it and defer the desirable settlement of the choicest portion of our City.

Mr. Anderson's suggestion of a surface line up Seventh avenue, from "H" street or Lincoln way, as an alternative solution, is utterly inadequate for rapid transit purposes. The present surface lines via Haight and Hayes streets are incapable of rendering proper service to the patrons during rush hours at present. With increasing population and further obligations on the surface system, it would be absurd to imagine any method by which rapid transit over those routes could straddle the present system.

The future of our City demands a satisfactory and final solution of this problem, so that no expensive errors will have to be afterwards corrected, and I trust your Board will approve the project as now presented.

Respectfully,

M. M. O'SHAUGHNESSY,
City Engineer.

Questions Addressed to City Engineer.

Thereupon, Chairman Mauzy interrogated the City Engineer, and was answered as follows:

Is it your opinion, Mr. O'Shaughnessy, that the different parcels of land marked "no benefits" in the report of the Board of Public Works would not sustain any actual benefit from the tunnel construction and should not be assessed therefor?

Reply: It is.

Is the assessment proposed by the Board of Public Works estimated in proportion to the benefits which the several parcels of land will receive from the tunnel construction?

Reply: It is.

In each and every case is the benefit which the several parcels will sustain by the proposed tunnel construction equal to the amount for which each parcel is assessed?

Reply: Yes.

In your opinion could the allowance which is made in Part 2 of the report for "contingencies \$50,000" be reduced to \$10,712.06?

Reply: Yes, I think that can be safely done.

Questions Addressed to Protestants.

Supervisor Mauzy then interrogated those present as follows:

Does any person wish to be heard in objection to the tunnel construction?

No response.

Does anybody wish to be heard in objection to the plans or specifications therefor?

H. Harrison, representing Carl G. Larsen, protesting property owner, stated that he wished to be heard at proper time.

Does anybody wish to be heard in objection to the extent of the assessment districts?

No response.

Does anybody wish to be heard in objection to the award of damages or compensation for the acquisitions proposed?

No response.

Does any person wish to be heard protesting that no damages or compensation have been allowed them at all?

No response.

Does any person wish to be heard protesting that damages or compensation have been awarded where no damage or compensation should be allowed or that the award is in any case too great?

No response.

Does any person wish to be heard in opposition to any increase or additional award of damages or compensation?

No response.

Does any person wish to be heard in objection to the assessment in general or in any particular case or as to the apportionment of the assessment?

No response.

Does anybody wish to be heard in objection or protest to any act, determination or proceeding of the Board of Supervisors or of the Board of Public Works in relation to the proposed tunnel construction or to any other matter in connection therewith?

No response.

Privilege of the Floor.

Supervisor Mauzy thereupon announced that those who desired to protest had the privilege of the floor to do so.

Whereupon, *H. Harrison*, attorney, representing Carl G. Larsen, protesting property owner, was heard in opposition to the plan submitted by the City Engineer and recommending plan of Clarence L. Anderson, engineer for Carl G. Larsen, which later plan, he said, would reduce the estimate of the cost of the tunnel by something over \$1,000,000.

Carl G. Larsen was also heard in opposition to the plan of the City Engineer and in favor of the plan of his own engineer, Clarence L. Anderson.

W. J. Cuthbertson, *Geo. W. Greene*, *Mrs. Drumm* and *Dr. Geo. N. Frink* were also heard in protest.

Communication.

The following matter was then presented and read by the clerk:

Levying Assessment for Construction of Twin Peaks Tunnel.

On motion of Supervisor Mauzy:

Resolution No. — (New Series), as follows:

In the matter of the construction and completion of a tunnel with approaches and appurtenances thereto and of the acquisition of lands and easements therefor, under the elevation known as the Twin Peaks Ridge, in the City and County of San Francisco, State of California, pursuant to the Resolution of Intention of the Board of Supervisors of said City and County in that behalf, being Resolution No. 10020 (New Series), approved March 7, 1913.

The Board of Public Works of the City and County of San Francisco, State of California, having on the 28th day of July, 1913, filed with the Board of Supervisors of the City and County of San Francisco a report in the above entitled matter pursuant to Sections 6 and 45 of "The Tunnel Procedure Ordinance" of said City and County containing and showing all the matters and things required to be therein contained and shown by the provisions of said ordinance;

And the Clerk of the Board of Supervisors having, upon the filing of said report, given notice of said filing and of the time within which all objections and protests thereto should be filed, by the publication of the

Communication — From Hortense Brignardello, protesting against assessment for Twin Peaks tunnel.

Read and referred to Lands and Tunnels Committee.

Explanation of the Modifications of Assessment District.

Supervisor Mauzy then made the following statement:

The modifications proposed in the accompanying resolution make the following changes:

1. The assessment of Amelia G. Webber in the extreme southwest corner of the southwest district is reduced from \$8690.22 to \$6690.22.

2. In the district south of Market street and west of Fifth all lots fronting upon little alleys such as Clementina, Minna, Natoma, etc., as far out as Fifteenth street, are all reduced by 90 per cent, as the benefit to lots fronting on these small alleys is slight.

3. All other lots in the district bounded by approximately Fifth, Folsom, Mission and Twelfth streets, the assessments are materially reduced on a sliding scale, commencing with a 50 per cent reduction along Folsom street.

4. The most northerly portion of the northeast district is bounded by Van Ness avenue, Post and Powell streets. The northeast corner of this district bounded by Post and Van Ness avenue, and a zigzag line running from Turk and Van Ness to Post and Mason is reduced 25 per cent.

Levying Assessment for Twin Peaks Tunnel.

Whereupon, the following resolution was introduced by Supervisor Mauzy and passed for printing by the following vote:

notice required and provided for by Sections 7 and 46 of said Ordinance in the manner therein provided, and the time for filing said protests and objections to said report with the Board of Supervisors having expired, and certain protests to said report having been filed;

And said Board of Supervisors at their next regular meeting after the expiration of the time for filing protests having fixed the 2nd day of September, 1913, at 3 o'clock p. m. of that day, in the chambers or meeting-room of said Board of Supervisors in the City Hall, No. 1231 Market street, in said City and County of San Francisco, as the time and place for the hearing of all protests filed with the Clerk of the Board of Supervisors to the said tunnel construction, or to the plans or specifications therefor, or to the extent of the assessment districts defined in the said Resolution of Intention of the Board of Supervisors, or to the amount of damages or compensation determined by the Board of Public Works and shown by its said report as the result of the said tunnel construction, or to the omission of said Board of Public Works to determine or award any damages with respect to any property claimed to be damaged as the result of said tunnel construction, or to the award of damages or compensation for the acquisitions shown by the said report of said Board of Public Works, or to any act, determination or proceeding of the Board of Supervisors or of the Board of Public Works in relation to such construction, or to any other matter in connection therewith as to which any person would have a legal right of protest, and for the hearing of any and all protests as to any or all of said matters or things;

And the Clerk of said Board of Supervisors having thereupon given notice of the time and place of said hearing by the publication of a notice thereof for at least five days in the official newspaper commencing August 26, 1913;

And at said time and place so fixed as aforesaid, but before the hearing of any protests, there having been filed with the said Board of Supervisors affidavits showing that all of the publications and postings referred to in Section 9 of said "The Tunnel Procedure Ordinance" had been made as required by said Ordinance, and the said Board of Supervisors before proceeding with the said hearing having caused to be entered in its minutes an order reciting that all of the publications and the postings in said section last aforesaid referred to had been made as required by said "The Tunnel Procedure Ordinance";

Thereupon the Board of Supervisors proceeded with the hearing of, and heard, all of the protests so filed or at all filed to said report of said Board of Public Works as aforesaid, and all persons who desired to make any objection or protest thereto, and all persons who desired to be heard in opposition to any protest or in opposition to any claim for damages, said hearing having been duly and regularly continued from time to time for that purpose, the last continuance aforesaid being to this _____ day of _____, 1913, at 3 o'clock p. m., at which time said hearing was resumed and finished and concluded; and said Board of Supervisors having fully considered all of said protests and objections and all protests and objections made by any person, and all of the evidence introduced in support thereof and in relation thereto, and the said hearing having been brought to a close, and all and singular all of said matters and things, and the evidence introduced in relation thereto having been by this Board fully considered;

Resolved, That a full hearing of said report and of all objections and protests thereto and of all persons desiring to be heard in relation thereto has been had and that all protests filed or made or objections made to said report have been fully considered;

Resolved, That the said report of the Board of Public Works be and the same is hereby modified in the following particulars, to-wit:

1. The following enumerated assessments as shown upon the "List" constituting Part IV of said report of the Board of Public Works are modified, so that the estimate of benefits and the assessment against each

parcel therein referred to shall be in each case reduced to the following respective specified amounts:

In the following schedule of the assessments so modified as aforesaid, in the first column under the head of "Assessment No." appears the respective numbers of the subdivisions upon the "Map" (constituting Part III of said report) affected by said modification and reductions, which said subdivisions are referred to in said "List" by the same numbers respectively. In the second column under the head of "Name" appears the names of the persons to whom the property represented thereby is assessed. In the third column under the head of "Amount of Assessment" is shown in each case the amount of the estimated and assessed benefits which each subdivision would receive as proposed by said report, the figures denoting dollars and hundredths of dollars; and in the last column under the head of "Reduced to" is shown the amount to which the said respective assessments are reduced by this resolution, the figures denoting dollars and hundredths of dollars.

2. The words and figures "Total \$3,994,289.23" appearing at the end of said Part IV of said Report are modified and changed so as to read as follows: "Total \$3,955,001.29."

3. And the Board of Supervisors, from the evidence taken at said hearing, now finds, ascertains and determines that the "estimates" contained in Part II of said Report of the Board of Public Works, are, in the particulars hereinafter mentioned, too high, and makes and orders the following modifications thereof, to-wit:

(a) In "Subdivision A" of said Part II the item "Contingencies \$50,000.00" is changed and modified so as to read "Contingencies \$10,712.06."

(b) The total at the foot of said "Subdivision A" of said Part II is hereby changed and modified so as to read "\$3,433,535.29."

(c) In the "Recapitulation" at the foot of said Part II the item "Incidental Expenses \$125,000" is changed and modified so as to read "Incidental Expenses \$85,712.06."

(d) The total at the foot of said "Recapitulation" is changed and modified so as to read "\$3,955,001.29."

And it is directed and ordered that the Clerk of this Board make and enter each and every of said modifications and changes aforesaid upon the face of the said Report of the Board of Public Works.

And it is resolved and ordered that, as so modified as aforesaid, the said Report of the Board of Public Works be and the same is hereby confirmed.

And the Board of Supervisors having heard all the evidence and representations in the matter, on behalf of all persons protesting or objecting or desiring to be heard in relation to the said report, as well as evidence in support of said report, now ascertains, finds, determines and decides as follows, to-wit:

That all objections and protests to the said report, other than those hereinbefore specifically referred to as being allowed in whole or in part, should be, and the same are hereby, denied and overruled.

That with respect to each and every parcel or subdivision of land mentioned and referred to in said "List" comprising Part No. IV of said Report and therein referred to and identified by the corresponding number which said parcel of land bears and by which it is designated upon the map constituting Part No. III of said report, in respect to which no benefits are assessed or estimated, but in respect to which there appears in said Part No. III and in the column thereof headed "Benefits to be Assessed" the words "No Benefits," the Board of Supervisors, after hearing the evidence, finds, ascertains, determines and decides that each and every of said parcels and subdivisions will receive no benefits from said tunnel construction and should not be assessed for said work;

And from the evidence so taken at said hearing as aforesaid, the Board now finds, ascertains, determines and decides that the said assessment proposed by said report of said Board of Public Works (as so modified as aforesaid)

and as hereinafter levied, is in each and every case and in respect to each and every of the several parcels or subdivisions of land within the said two districts of land benefited by said tunnel construction estimated and made and levied in proportion to the benefits which said several and respective parcels or subdivisions will receive from said proposed work;

And that the benefits to accrue from such tunnel construction to the several parcels or subdivisions of land within the two districts of land benefited by said tunnel construction and described in said Resolution of Intention No. 10020 (New Series), and in said report of the Board of Public Works (as modified as aforesaid), is in each and every case, and in respect to each and every of said parcels or subdivisions of land, determined, ascertained and found to be equal to the amount stated by said Board of Public Works in said report (as so modified as aforesaid), and, in each and every case, equal to the amount for which such parcel or subdivision is assessed, as hereinafter provided;

Resolved, That an assessment is hereby levied upon the lands and subdivisions of lands contained within the two districts of land benefited by said tunnel construction and described in said Resolution of Intention No. 10020 (New Series), and in said report to defray the damages, costs and expenses of such tunnel construction, and also to defray the damages and compensation allowed and awarded to the owner or owners or persons interested in the property affected by the acquisitions mentioned in said Resolution of Intention and provided for by said report;

And that the map constituting Part III of said report showing said districts of land and also the subdivisions of the property therein, each of which subdivisions is given upon said map a separate number, and the list constituting Part IV of said Report (as modified as aforesaid) referring to said subdivisions on said map by the respective numbers thereof and showing an estimate of the benefits which each of said subdivisions or parcels will receive from and by the construction of such tunnel, shall be and constitute the assessment made and levied for defraying the damages, costs and expenses of such tunnel construction and for defraying the damages and compensation allowed and awarded to the owner or owners or persons interested in the property affected by said acquisitions;

And the amount of the benefits set opposite each parcel of land therein (as modified as aforesaid) shall constitute and is the amount of the assessment hereby levied thereon;

Be it further Resolved, That the assessments made and levied as aforesaid for defraying the damages, costs and expenses of said tunnel construction and for defraying the damages and compensation allowed and awarded to the owner or owners or persons interested in the property affected by said acquisition may be paid in annual installments as in said "The Tunnel Procedure Ordinance" provided, that is to say: Each of said assessments may be paid in ten (10) equal installments, with interest on deferred payments as in said Ordinance and hereinafter provided, upon condition that the owner or owners of such property shall make, execute and deliver the agreement provided for by Section 17 of said "The Tunnel Procedure Ordinance" and otherwise comply with all of the provisions and requirements of said Ordinance in that behalf, the first of which installments shall be paid at the time of the application to the Tax Collector for such agreement. The second installment shall be paid on or before the last Monday in December in the next fiscal year and subsequent installments shall be paid annually thereafter, one each year, on or before said last Monday of December therein, until all of said ten (10) installments shall have been paid; and the Board of Supervisors now specifies the term of years to be covered by said annual installments to be as hereinbefore set forth, and the rate of interest to be paid upon all unpaid installments, or deferred payments, as provided in said "The Tunnel Procedure Ordinance," is to be seven per cent (7%) per annum.

Denying Petition for Revocation of Oil Permits.

Supervisor Giannini presented out of order:

J. R. No. —

Resolved, That the petition for the revocation of the permits granted to the Pacific Gas and Electric Company to maintain two oil storage tanks of 8000 gallons capacity each and a boiler of 1500 horsepower at premises situate on the west side of Meacham place 75 feet south of Post street, by Resolution No. 9875 (New Series) is hereby denied.

Privilege of the Floor.

W. H. Healy was granted the privilege of the floor and stated that the soot and oil from the plant of the Pacific Gas and Electric Company were a nuisance and destructive to the clothes and property of the people in the neighborhood. He declared that the vibration and noise were so great that it is impossible to rest and that he was obliged to leave his home for six months until matter was corrected.

Mrs. G. Lennon also explained that she considered the plant a nuisance and believed that its operation was the cause of her husband's death.

Mrs. Dinley declared that the soot destroyed her clothes and that the noise in the early hours of the morning was unbearable.

Mr. McCloud also stated that the plant was a public nuisance.

Mr. Varney, representing Pacific Gas and Electric Company, stated that any damage suffered by Mr. Healy by reason of the excavation would be settled by the claims department. He declared that there was no reason for believing that the soot came from his plant. Other plants in the vicinity might be the cause.

Action Deferred.

Whereupon, on motion of Supervisor Giannini, the above resolution was laid over two weeks.

Unaccepted Streets Improvement Ordinance.

On motion of Supervisor George E. Gallagher:

Bill No. —, Ordinance No. — (New Series), as follows:

Providing for the repair, reconstruction or improvement of the roadway of any public streets or of any sidewalk thereof, not accepted by the Supervisors as in the Charter of the

City and County provided, when any portion of such roadway or any portion of such sidewalk shall be so out of repair or in such condition as to endanger persons or property passing thereon, or so as to interfere with the public convenience in the use thereof; and, repealing Ordinance No. 332, approved July 26, 1901.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. When, in the judgment of the Board of Public Works of the City and County of San Francisco, any portion of the roadway of any improved street, avenue, lane, alley, court or place, or any portion of any sidewalk thereof, in the said City and County, none of which has been accepted by the Supervisors as by law or as in the Charter of said City and County provided, shall be so out of repair or in such condition as to endanger persons or property passing thereon, or so as to interfere with the public convenience in the use thereof, the said Board of Public Works is authorized to notify the owner or owners of any lot fronting on said portion of said street, avenue, lane, alley, court or place, or fronting on such portion of said sidewalk so out of repair or in such condition as aforesaid, by a notice in writing to be delivered to him, or his agent, or to any of the persons referred to in Section 19 of Chapter XI of Article VI of the Charter of said City and County (and for the purposes of this ordinance any of such persons shall be the "owner"), requiring such owner to repair, or reconstruct, or improve forthwith, in such manner and with such material as the said Board of Public Works may determine and direct, said portion of said street, avenue, lane, alley, court or place, to the center line thereof, or said portion of said sidewalk in front of the lot of which he is the owner.

Within five days after such notice shall have been delivered to such owner, he shall cause to be begun such repair, or such reconstruction, or, such improvement, as may have been determined by the said Board of Public Works, and directed by said Board in its notice aforesaid to be made, and shall diligently and without interruption prosecute the same to completion.

Section 2. Any owner or person neglecting or refusing to make such repair, or reconstruction, or improvement, as hereinbefore provided, when required and directed in conformity with the provisions of this ordinance, shall be deemed guilty of a misde-

meanor, and, upon conviction thereof, shall be punished by a fine not more than five hundred dollars, or by imprisonment not more than six months, or by both such fine and imprisonment.

Section 3. Ordinance No. 332, approved July 26, 1901, and all ordinances and parts of ordinances, in so far as they conflict with the provisions of this ordinance, are hereby repealed.

Section 4. This ordinance shall take effect immediately.

Conditional Acceptance, Twenty-seventh Avenue.

Also, Bill No. 2741, Ordinance No. — (New Series), entitled, "Providing for conditional acceptance of the roadway of Twenty-seventh avenue between Lake and West Clay streets."

Also, Bill No. 2743, Ordinance No. — (New Series), as follows:

Amending Ordinance No. 1061, entitled, "Regulating the width of sidewalks," approved December 18, 1903, by adding thereto a new section to be numbered five hundred and fourteen.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Ordinance No. 1061, entitled "Regulating the width of sidewalks," approved December 18, 1903, be and is hereby amended in accord-

ance with the communication of the Board of Public Works, filed in this office October 7, 1913, by adding thereto a new section to be numbered Five Hundred and Fourteen and to read as follows:

"Section 514: The widths of sidewalks on Virgil alley, between 25th street and 26th street, are hereby dispensed with and abolished."

Section 2. Any expense caused by the above change of walk widths shall be borne by the property owners.

Section 3. This ordinance shall take effect and be in force from and after its passage.

Bill No. 2744, Ordinance No. — (New Series), as follows:

Approving and accepting a deed of easement from the Southern Pacific Company to the City and County of San Francisco to construct an overhead bridge, crossing permanent way of the company near Paulding street.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The City and County hereby approves, accepts and agrees to receive subject to the conditions therein, the following deed from the Southern Pacific Company (a corporation) to the City and County of San Francisco (a municipal corporation) of a right to construct an overhead bridge, crossing permanent way of the company near Paulding street.

This agreement made this — day of —, 1911, by and between Southern Pacific Railroad Company, a corporation incorporated and consolidated under the laws of the States of California, Arizona and New Mexico, and Southern Pacific Company, a corporation, created by and existing under laws of the State of Kentucky, parties of the first part, and the City and County of San Francisco, a municipal corporation of the State of California, party of the second part.

Witnesseth:

That whereas, said Southern Pacific Railroad Company is the owner of a certain line of railroad and certain permanent way in the City and County of San Francisco, State of California, now in the possession of and operated by its lessee, Southern Pacific Company.

And whereas, the party of the second part in or about the month of November, 1910, with the consent of the parties of the first part, constructed and has ever since been maintained for public use a foot bridge over said railroad and permanent way near Paulding street in said City and County of San Francisco, the location of said overhead foot bridge being

shown upon blueprint map colored yellow, hereto attached and made part hereof, and the parties hereto desire to reduce to writing the terms of an oral understanding existing ever since said date, relative to the maintenance of such overhead foot bridge;

Now, therefore, in consideration of the premises and of the covenants, promises and agreements hereinafter contained, to be kept, observed and performed by the party of the second part, the parties of the first part hereby grant to the party of the second part the right to maintain for public use said foot bridge over said railroad and permanent way at the points shown colored yellow upon said blueprint map hereto attached and made part hereof.

In consideration of the privilege hereby granted, the party of the second part hereby promises and agrees:

1. To maintain and renew or reconstruct said foot bridge and its appurtenances at its own sole cost and expense in a good and workmanlike manner, and keep same in good condition and repair, to the satisfaction of the parties of the first part or either of them.

2. To at all times maintain a vertical clearance of not less than twenty-two (22) feet between tops of rails in the tracks of the parties of the first part and the lowest part of said foot bridge and its appurtenances for a distance of eight feet six inches (8' 6") measured horizontally on each side of the center line of any track now or hereafter existing.

3. In the event that any of the appurtenances now or hereafter erected on said permanent way in connection with said foot bridge interfere with the operations of the parties of the first part or either thereof, it will, on receipt at any time of a written notice from the parties of the first part or either thereof, within thirty days thereafter move same to another point on said permanent way or remove same completely from said permanent way as may be specified in any such notice.

4. That, upon the determination in any manner of the right herein granted, it will immediately remove said foot bridge and its appurtenances from said permanent way and restore said premises as near as may be to their original condition, falling in which either or both the parties of the first part may remove same at the cost and expense of the party of the second part which shall reimburse on demand the parties of the first part for all such cost and expense.

5. To not interfere with, hinder

or delay the operation of said railroad during the repair, reconstruction or removal of said foot bridge.

6. To indemnify and save harmless the parties of the first part and each of them from and against any liability, loss or damage growing out of the reconstruction, maintenance, repair or removal of said foot bridge.

It is further understood and agreed that in the event said foot bridge shall be abandoned by the party of the second part for public use, the right hereby granted shall cease and determine.

It is further understood and agreed that in the event said party of the second part shall fail, neglect or refuse to keep, observe or perform any of the covenants or agreements on its part herein contained, the parties of the first part or either of them thereof may at their or its option cancel this agreement, and thereupon the right hereby granted shall cease and determine.

In witness whereof, the parties hereto have caused these presents to be executed by their respected officers thereunto duly authorized, and their respective corporate seals to be hereunto affixed the day and year first above written.

Accepting Offer of Gift of \$850,000, More or Less, From Musical Association of San Francisco for Construction and Equipment of Opera House in Civic Center.

Supervisor Payot presented:

Bill No. 2746, Ordinance No. — (New Series), as follows:

Accepting the offer of the Musical Association of San Francisco of a gift or donation in the sum of eight hundred and fifty thousand (850,000.00) dollars, more or less, in trust for the purposes of building and equipping an opera house on the site in the Civic Center selected and set aside for an opera house, under Ordinance No. 2486 (New Series), approved October 16th, 1913; providing for the execution of the said trust confided to the City and County of San Francisco by said Musical Association of San Francisco; accepting the terms and conditions of said trust; and accepting the plans for said opera house offered by the Musical Association of San Francisco.

Whereas, On the 14th day of October, 1913, the Board of Supervisors duly and regularly adopted Ordinance No. 2486 (New Series), entitled "An Ordinance setting aside a block of land in the Civic Center district for an Opera House", which ordinance was approved October 16, 1913, and is in words and figures as follows:

Bill No. 2728, Ordinance No. 2486 (New Series), setting aside a block of land in the Civic Center for an opera house.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Whereas, The City and County of San Francisco is now establishing a Civic Center in the district bounded by Market street, Golden Gate avenue and Franklin street, and has acquired land in the said district for the purpose of said Civic Center and is now constructing within said Civic Center a City Hall; and

Whereas, The Panama-Pacific International Exposition is erecting an auditorium within said district upon lands belonging to the City and County of San Francisco, which auditorium will, at the expiration of the Panama-Pacific International Exposition, be turned over to the City and County of San Francisco; and

Whereas, It is further proposed that the State of California erect a state building within said district, and provision has been made by the Legislature of the State of California for the holding of an election for the purpose of voting bonds for the erection of such State building; and

Whereas, The Library Trustees of the City and County of San Francisco are about to commence the construction of a public library within said district; and

Whereas, All of the aforesaid buildings will be monumental in structure; and

Whereas, It is one of the duties of a municipality to provide for the education of its inhabitants and to furnish its inhabitants with the means whereby such education can be had; and

Whereas, The welfare and education of the citizens of the City and County of San Francisco can be promoted by providing an opera house wherein musical and dramatic compositions, operas and symphonies can be given, and a school and conservatory for the education of the inhabitants of the City and County of San Francisco in music can be established, and the creation and production of operas, musical dramas and compositions encouraged; and

Whereas, A suitable and convenient location for an opera house is in the Civic Center; and

Whereas, An opera house in the Civic Center, in connection with the other buildings which it is proposed to erect therein, is an appropriate building for said Civic Center; and

Whereas, It is necessary, in order to carry out the plans prepared by the Consulting Architects of the City and County of San Francisco, for the establishment and creation of a Civic Center, that a building monumental in character be constructed on the lot of land, hereinafter described,

within the boundaries of the Civic Center;

Now, therefore, The hereinafter described property, situate within the Civic Center, is hereby set aside as the site for an opera house;

All that certain lot, piece or parcel of land situate, lying and being within the City and County of San Francisco, particularly described as follows, to-wit:

Commencing at a point formed by the intersection of the easterly line of Larkin street and the northerly line of Grove street (extended easterly), and running thence northerly along the easterly line of Larkin street two hundred and seventy-five (275) feet; thence at a right angle easterly four hundred and twelve (412) feet six (6) inches to the westerly line of Hyde street (extended southerly); thence at a right angle southerly along said line of Hyde street (so extended) two hundred and seventy-five (275) feet to the northerly line of Grove street (so extended); and thence at a right angle westerly along said line of Grove street (so extended) four hundred and twelve (412) feet six (6) inches to the saideasterly line of Larkin street and the point of commencement.

Section 2. Whereas, There are at present no funds of the City and County of San Francisco available for the construction of a suitable opera house on said site; and

Whereas, Section 1 of Article I of the Charter provides that the City and County of San Francisco may receive bequests, gifts and donations of all kinds of property in fee simple or in trust and do all acts necessary to carry out the purposes of such gifts, bequests and donations, with power to manage, sell, lease or otherwise dispose of the same in accordance with the terms of the gift, bequest or trust; and it is further provided in Subdivision 30 of Section 1 of Chapter II of Article II of the Charter that the Board of Supervisors shall have power to provide for the execution of all trusts confided to the City and County; and

Whereas, There are public-spirited citizens of the City and County of San Francisco desirous and willing to donate to the City and County of San Francisco funds in trust for the construction of an opera house, and upon conditions which will fully secure the construction and maintenance on said lot of land of an opera house and musical advantages and education to the inhabitants of the City and County of San Francisco;

Now, therefore, the Public Welfare Committee of the Board of Supervisors is hereby authorized to obtain from such public-spirited citizens offers of donations of funds and architectural plans for the construction of an opera house on said lot of land upon terms and conditions acceptable to the Board of Supervisors of the City and County of San Francisco.

Section 3. This Ordinance shall take effect and be in force immediately.

Finally passed—Board of Supervisors, San Francisco, October 14, 1913.

Ayes—Supervisors Bancroft, A. J. Gallagher, G. E. Gallagher, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot—15.

Absent—Supervisors Caglieri, Gianini, Vogelsang—3.

JOHN W. ROGERS, Acting Clerk.

Approved, San Francisco, October 16, 1913.

JAMES ROLPH, JR.,
Mayor.

And

Whereas, Pursuant to said Ordinance and the Public Welfare Committee of the Board of Supervisors has obtained an offer from the Musical Association of San Francisco to the City and County of San Francisco, which offer is as follows:

"San Francisco, California,
1913.

"The Musical Association of San Francisco is an association formed for the purpose, among other things, of fostering and promoting the art of music, encouraging a taste herefor and the education thereof, and furthering the creation and production of musical composition. On the 14th day of October, 1913, the Board of Supervisors of the City and County of San Francisco passed Ordinance No. 2486 (New Series), whereby the Board of Supervisors set forth and declared its purpose and desire to secure to the inhabitants of the City and County of San Francisco an opera house in accordance with the plans of the Board of Supervisors for the creation and establishment of a Civic Center. By said Ordinance the Public Welfare Committee of the Board of Supervisors was authorized to obtain from public-spirited citizens offers of donation of funds and architectural plans for the construction of an opera house on a lot of land described in said Ordinance upon terms and conditions acceptable to the Board of Supervisors.

"Pursuant to said invitation the Musical Association of San Francisco hereby offers a gift or donation in trust for the purposes hereinafter

enumerated and upon the terms and conditions hereinafter stated and set forth of the sum of eight hundred and fifty thousand dollars, more or less, in gold coin, together with architectural plans for an opera house. Said gift or donation, if acceptable to the Board of Supervisors, shall be subject to the following inviolate terms, conditions and trust:

"1. Said sum shall be used solely for the complete construction and equipment within the Civic Center district of an opera house in accordance with said architectural plans.

"2. Said opera house shall be used exclusively for the production of musical and dramatic compositions, operas, symphonies, orchestral and other concerts, and as a school and conservatory for the education of the inhabitants of the City and County of San Francisco in music.

"3. When said opera house is not in actual use for the primary purposes enumerated above it may be, for the purposes of deriving a revenue to be expended for the carrying out of the purposes herein mentioned, rented or leased for such purposes as the trustees provided for by the Board of Supervisors to carry out this trust may permit.

"4. The Board of Supervisors under the powers conferred upon said Board under and by virtue of Section 1 of Article I and Subdivision 30 of Section 1 of Chapter II of Article II of the Charter, shall provide a body, commission or trustees charged and empowered with the execution of this trust, and shall fully provide for the complete execution of this trust to the end that this trust may be fully carried out in letter and spirit.

"5. The manner provided by the Board of Supervisors for the execution of this trust shall never be changed without the consent of the Musical Association of San Francisco and shall be acceptable to the Musical Association of San Francisco before this offer shall become final and complete.

"6. The income and profits from the opera house shall be used exclusively for the advancement of musical education and culture in San Francisco.

"7. The aforesaid sum of eight hundred and fifty thousand dollars, more or less, is to be subscribed and contributed by the Musical Association of San Francisco. The trustees charged and empowered with the execution of this trust shall designate either a box, loge or seats for each contributing member of such Association, and the contributor to whom

a box, loge or seats is or are so assigned shall always have the prior right to the use of such box, loge, or seats at any public performance given in said opera house, and may dispose of said right by deed, will or gift, provided, that each holder of such right shall pay for the use of such box, loge or seats, when used by the holder at the same rate and scale of prices as are to be charged to the general public, and provided that the holder of such right exercises his said right to the use of said box, loge or seats for any performance at least twenty-four hours before the beginning of the performance, and provided further, that the number of boxes, loges and seats which may be so assigned shall be limited to 40 boxes, 31 loges and 350 seats.

"8. One box in said opera house shall be designated and assigned as the "Municipal Box". The Mayor of the City and County of San Francisco shall have the same right to the use of said box as shall be enjoyed by contributors to the aforesaid trust fund under the provisions of paragraph 7 of the offer.

"9. At least four hundred seats in what shall be known as the family circle in said opera house shall always be reserved for citizens and inhabitants of the City of San Francisco up to and including twelve noon of the day of any evening performance, at a price per seat in said family circle at no time to exceed the sum of one dollar and fifty cents, and said seats shall be sold to the citizens and inhabitants of San Francisco first applying for the same.

"10. The opera house when constructed shall be kept insured to the extent of ninety per cent of its value. In case of the total or partial destruction of the opera house the money derived from any insurance policy shall be used for the rebuilding, restoration or repair of the opera house.

"11. The aforesaid offer is made upon condition that the Board of Supervisors shall make full and complete provision for the execution of the trust confided to the City and County of San Francisco by this offer acceptable to the Musical Association of San Francisco, and that provision so made shall be inviolate and not subject to any change without the consent of the Musical Association of San Francisco.

(Signed)

"MUSICAL ASSOCIATION OF SAN FRANCISCO."

and

Whereas, The Board of Supervisors of the City and County of San Fran-

cisco deems that the City and County of San Francisco should accept said offer and that provision should be made for the execution of said trust confided to the City and County of San Francisco; and

Whereas, There is no Board, officer or commissioner whose duty it is to execute trusts of the character of the aforesaid trust or so organized as to be able to execute the aforesaid trust; and

Whereas, It is necessary in order to execute said trust that a Board of trustees be created;

Now Be It Ordained by the People of the City and County of San Francisco as follows:

Section 1. The offer of the Musical Association hereinabove set out is hereby accepted.

Section 2. There is hereby created a Board composed of fifteen trustees to execute the aforesaid trust confided to the City and County of San Francisco.

(a) One trustee shall always be the Mayor or chief executive of the City and County of San Francisco.

(b) One trustee shall always be a member of the Board of Supervisors, to be selected by the Mayor and who shall hold the office of trustee for the term of his office as Supervisor.

(c) One trustee shall always be a member of the Board of Education or in case such Board should be abolished then a member of the Educational Department of the City and County of San Francisco to be designated by the Mayor and who shall remain a member of the said Board of Trustees of the aforesaid trust during his term of office as a member of the Board of Education.

(d) One trustee shall always be a member of the Park Commission to be designated by the Mayor and who shall remain a member of said Board of Trustees of the aforesaid trust during his term of office as a member of the Park Commission.

(e) One trustee shall always be a member of the Board of Library Trustees to be designated by the Mayor and who shall remain a member of said Board of Trustees of the aforesaid trust during his term of office as a member of the Board of Library Trustees.

(f) Ten of said trustees shall forthwith be appointed by the Mayor of the City and County of San Francisco.

Section 3. Should a vacancy occur among the ten trustees appointed by the Mayor as provided in subdivision F of Section 2, the survivors of the ten shall elect a trustee to take the place of the one whose trusteeship has become vacant.

Section 4. Said trustees shall execute the aforesaid trust confided to the

City and County of San Francisco by the Musical Association of San Francisco, and shall have and possess all and every power necessary to carry out and execute the said trust. The trustees shall have charge of said fund of Eight Hundred and Fifty Thousand Dollars, more or less, and shall expend the same upon the construction of an Opera House in accordance with the said plans referred to in the offer of the Musical Association of San Francisco.

Section 5. Said trustees shall have power to enter into contracts, employ necessary agents and employees, receive gifts, donations and bequests, purchase personal property and borrow money in the execution of the aforesaid trust, but said trustees shall have no power to create any liens or encumbrances upon said Opera House or its contents or upon any of the furnishings or equipment thereof.

Section 6. The repair, up-keep and maintenance of said Opera House and the debts and liabilities incurred by the trustees shall never be a charge against the City and County, but shall be payable solely out of the rents, income and profits derived from the Opera House. No personal liability shall ever attach to the trustees for any debt, obligation or liability arising out of the execution of the aforesaid trust.

Section 7. The trustees shall have power to rent said Opera House for the purposes herein contemplated. The trustees shall have the right to direct and prescribe the quality of performances to be given in said Opera House and to prescribe the amount to be paid for admission by the public to said performances except as provided in Section 9 of the offer of the Musical Association of San Francisco.

Section 8. A quorum of said trustees at any meeting shall consist of seven trustees. The trustees shall have the right to adopt rules for the conduct of their meetings, the transaction of business, and the appointment of building and all other necessary committees.

Section 9. No trustee shall receive any compensation whatsoever for his services.

Section 10. Non-attendance at trustee meetings for the period of twelve consecutive months or absence from the State of California for a period of twelve consecutive months on the part of one of the trustees appointed by the Mayor under the provisions of subdivision F of Section 2 of this Ordinance, shall be deemed a resignation on the part of the trustee and his office shall thereupon become vacant and a new

trustee appointed as hereinabove prescribed as in the case of a vacancy.

Section 11. The income, rents, issues and profits which shall be derived from said Opera House shall be first applied to defray the expenses of performances, operation, maintenance, upkeep and repair of said Opera House. The Board of Trustees shall have power to use and dispose of surplus funds as in their judgment shall best promote the objects only for which the aforesaid trust was created.

Section 12. JOURNAL OF PROCEEDINGS

BOARD OF SUPERVISORS

MONDAY, OCTOBER 27, 1913.

In Board of Supervisors, San Francisco, Monday, October 27, 1913, 2:30 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Nolan, Payot, Vogelsang—17.

Quorum present.

His Honor Mayor Rolph presiding.

READING AND APPROVAL OF MINUTES.

Supervisor Mauzy called attention to the omission of the date in the Twin Peaks Tunnel Resolution as printed in the Journal of Proceedings of October 20, 1913, on page 1019, lines 44 and 45 thereof, and moved that the Journal be corrected by inserting the words "20th day of October" therein.

Motion carried.

Whereupon the Journal of the meeting of October 20, 1913, as corrected, was approved.

ROLL CALL FOR PETITIONS FROM MEMBERS.

Mass Meeting for Endorsement of Proposed Lincoln Highway.

Privilege of the Floor.

E. P. Brinegar, representing Lincoln Highway Commission, was granted the privilege of the floor and stated that it was the intention of the Commission to hold a mass meeting at Dreamland Rink in the near future for the purpose of celebrating and endorsing project of constructing national highway with terminus at San Francisco. He invited Supervisors to attend and requested use of the Municipal Band on that occasion.

Motion.

Supervisor Giannini moved the formal acceptance of the invitation and that the leader of the Municipal Band

be directed to furnish the music for the proposed mass meeting.

So ordered.

Leave of Absence, Dr. A. P. O'Brien, Member of Board of Health.

The following communication was presented and read:

October 27, 1913.

Hon. Board of Supervisors of the City and County of San Francisco, City Hall, San Francisco.

Gentlemen: In accordance with Section 3 of Article XVI of the Charter, Dr. A. P. O'Brien, a member of the Board of Public Health, has made application for a leave of absence from the State for a period of three and one-half months, to begin on November 1st, 1913.

I therefore recommend to your honorable Board that permission be granted to Dr. A. P. O'Brien to leave the State for the desired period.

Yours respectfully,

JAMES ROLPH, JR.,

Mayor.

Whereupon, the following resolution was introduced by Supervisor Jennings under suspension of the rules and adopted:

J. R. No. 943.

Resolved, that in accordance with the recommendation of his Honor the Mayor, filed October 27, 1913, Dr. A. P. O'Brien, a member of the Board of Health, be and he is hereby granted a leave of absence with permission to leave the State, for a period of three and one-half months from November 1, 1913.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Nolan, Payot, Vogelsang—17.

Dismissal of Injunction of Pacific Gas and Electric Company.

The following matter was presented and read:

Communication—From City Attorney, stating in reply to Journal Resolution No. 935, directing him to obtain dismissal of the proceedings brought by the Pacific Gas and Electric Company enjoining rates, that the matter is receiving prompt attention and

preparation of case is being made with all possible expedition.

Read and ordered *filed*.

Explanation.

In explanation of statement contained in J. R. No. 935, that employees of Pacific Gas and Electric Company were advising public that excess of legal rate was being collected by permission of Board of Supervisors, *Supervisor Koshland* stated that he received his information from clerk of Lighting and Rates Committee, who was informed by certain complainant that said complainant had been so advised by telephone operator of the company.

VETO MESSAGE.

The following message from his Honor the Mayor, returning with his disapproval Resolutions Nos. 10465, 10466 and 10467 (New Series), was received and read, being as follows:

Mayor's Office,
San Francisco.

San Francisco, October 24, 1913.

Hon. Board of Supervisors, City Hall,
San Francisco, Cal.

Gentlemen: On October 14th there was passed by your Honorable Board Resolutions Nos. 10465, 10466 and 10467 (New Series) and sent to me for approval, all relating to certain contracts in existence between the City and County of San Francisco and the Pacific Gas and Electric Company, with regard to electrolier lighting. I have referred said resolutions to the City Attorney for his opinion as to the legality of each of said resolutions, and beg to submit to you herein a copy of his opinion to me, under date of October 22d, 1913:

"If I were to assume that the preamble to each of these resolutions contained a correct statement of the legal construction to be placed upon the contract now existing between the City and County of San Francisco and the Pacific Gas and Electric Company for lighting public streets and of the other and further legal obligations of the company, it is possible that the conclusion reached in each resolution would logically follow:

"However, I am of the opinion that the preamble to each resolution contains one or more faulty statements of the legal construction to be placed upon the said contract as to the legal obligations of the Gas and Electric Company and accordingly I believe that it would be unwise to approve these resolutions in their present form. It may be, however, that the city would have certain legal rights based on a set of facts independent of the contracts and different from those stated in the preamble of these resolutions, and in order that you should not appear to compromise any such possi-

ble rights I suggest that if you decide to veto these resolutions that you do so without prejudice to their re-introduction in amended form.

"Respectfully,

"(Sgd.) PERCY V. LONG,
"City Attorney."

I can see no other course open to me but to re-refer the matters with which the resolutions deal, to your Honorable Board for further consideration and to recommend that same be reconsidered by your Lighting Committee in conference with the City Attorney.

I hereby disapprove of each of said resolutions without prejudice to their reintroduction in amended form, and pursuant to the provisions of Section 16, Chapter 1, Article 2 of our Charter, I herewith return the same to you with my objections thereto hereinbefore expressed.

Very respectfully yours,
JAMES ROLPH, JR.,
Mayor.

Ordered published, entered at large in the Journal and referred to the Lighting and Rates Committee.

Request for Appropriation for Dental Clinic.

or to the omission of said Board of Public Works to determine or award any damages with respect to any property claimed to be damaged as the result of said tunnel construction, or to the award of damages or compensation for the acquisitions shown by the said report of said Board of Public Works, or to any act, determination or proceeding of the Board of Supervisors or of the Board of Public Works in relation to such construction, or to any other matter in connection therewith as to which any person would have a legal right of protest, and for the hearing of any and all protests as to any or all of said matters or things;

And the Clerk of said Board of Supervisors having thereupon given notice of the time and place of said hearing by the publication of a notice thereof for at least five days in the official newspaper commencing August 26, 1913;

And at said time and place so fixed as aforesaid, but before the hearing of any protests, there having been filed with the said Board of Supervisors affidavits showing that all of the publications and postings referred to in Section 9 of said "The Tunnel Procedure Ordinance" had been made as required by said Ordinance, and the said Board of Supervisors before proceeding with the said hearing having caused to be entered in its minutes an order reciting that all of the publications and the postings in said section last aforesaid referred to had been made as required by said "The Tunnel Procedure Ordinance";

Thereupon the Board of Supervisors proceeded with the hearing of, and heard, all of the protests so filed or at all filed to said report of said Board of Public Works as aforesaid, and all persons who desired to make any objection or protest thereto, and all persons who desired to be heard in opposition to any protest or in opposition to any claim for damages, said hearing having been duly and regularly continued from time to time for that purpose, the last continuance aforesaid being to this 20th day of October, 1913, at 3 o'clock p. m., at which time said hearing was resumed and finished and concluded; and said Board of Supervisors having fully considered all of said protests and objections and all protests and objections made by any person, and all of the evidence introduced in support thereof and in relation thereto, and the said hearing having been brought to a close, and all and singular all of said matters and things, and the evidence introduced in relation thereto having been by this Board fully considered;

Resolved, That a full hearing of said report and of all objections and protests thereto and of all persons desiring to be heard in relation thereto has been had and that all protests filed or made or objections made to said report have been fully considered;

Resolved, That the said report of the Board of Public Works be and the same is hereby modified in the following particulars, to-wit:

1. The following enumerated assessments as shown upon the "List" constituting Part IV of said report of the Board of Public Works are modified, so that the estimate of benefits and the assessment against each parcel therein referred to shall be in each case reduced to the following respective specified amounts:

In the following schedule of the assessments so modified as aforesaid, in the first column under the head of "Assessment No." appears the respective numbers of the subdivisions upon the "Map" (constituting Part III of said report) affected by said modification and reductions, which said subdivisions are referred to in said "List" by the same numbers respectively. In the second column under the head of "Name" appears the names of the persons to whom the property represented thereby is assessed. In the third column under the head of "Amount of Assessment" is shown in each case the amount of the estimated and assessed benefits which each subdivision would receive as proposed by said report, the figures denoting dollars and hundredths of dollars; and in the last column under the head of "Reduced to" is shown the amount to which the said respective assessments are reduced by this resolution, the figures denoting dollars and hundredths of dollars.

2. The words and figures "Total \$3,994,289.23" appearing at the end of said Part IV of said Report are modified and changed so as to read as follows: "Total \$3,955,001.29."

3. And the Board of Supervisors, from the evidence taken at said hearing, now finds, ascertains and determines that the "estimates" contained in Part II of said Report of the Board of Public Works, are, in the particulars hereinafter mentioned, too high, and makes and orders the following modifications thereof, to-wit:

(a) In "Subdivision A" of said Part II the item "Contingencies \$50,000.00" is changed and modified so as to read "Contingencies \$10,712.06."

(b) The total at the foot of said "Subdivision A" of said Part II is hereby changed and modified so as to read "\$3,433,535.29."

(c) In the "Recapitulation" at the foot of said Part II the item "Incidental Expenses \$125,000" is changed and modified so as to read "Incidental Expenses \$85,712.06."

(d) The total at the foot of said "Recapitulation" is changed and modified so as to read "\$3,955,001.29."

And it is directed and ordered that the Clerk of this Board make and enter each and every of said modifications and changes aforesaid upon the face of the said Report of the Board of Public Works.

And it is resolved and ordered that, as so modified as aforesaid, the said Report of the Board of Public Works be and the same is hereby confirmed.

And the Board of Supervisors having heard all the evidence and representations in the matter, on behalf of all persons protesting or objecting or desiring to be heard in relation to the said report, as well as evidence in support of said report, now ascertains, finds, determines and decides as follows, to-wit:

That all objections and protests to the said report, other than those hereinafter specifically referred to as being allowed in whole or in part, should be, and the same are hereby, denied and overruled.

That with respect to each and every parcel or subdivision of land mentioned and referred to in said "List" comprising Part No. IV of said Report and therein referred to and identified by the corresponding number which said parcel of land bears and by which it is designated upon the map constituting Part No. III of said report, in respect to which no benefits are assessed or estimated, but in respect to which there appears in said Part No. III and in the column thereof headed "Benefits to be Assessed" the words "No Benefits," the Board of Supervisors, after hearing the evidence, finds, ascertains, determines and decides that each and every of said parcels and subdivisions will receive no benefits from said tunnel construction and should not be assessed for said work;

And from the evidence so taken at said hearing as aforesaid, the Board now finds, ascertains, determines and decides that the said assessment proposed by said report of said Board of Public Works (as so modified as aforesaid) and as hereinafter levied, is in each and every case and in respect to each and every of the several parcels or subdivisions of land within the said two districts of land benefited by said tunnel construction estimated and made and levied in proportion to the benefits which said several and respective parcels or subdivisions will receive from said proposed work;

And that the benefits to accrue from such tunnel construction to the several parcels or subdivisions of land within the two districts of land benefited by said tunnel construction and described in said Resolution of Intention No. 10020 (New Series), and in said report of the Board of Public Works (as modified as aforesaid), is in each and every case, and in respect to each and every of said parcels or subdivisions of land, determined, ascertained and found to be equal to the amount stated by said Board of Public Works in said report (as so modified as aforesaid), and, in each and every case, equal to the amount for which such parcel or subdivision is assessed, as hereinafter provided;

Resolved, That an assessment is hereby levied upon the lands and subdivisions of lands contained within the two districts of land benefited by said tunnel construction and described in said Resolution of Intention No. 10020 (New Series), and in said report to defray the damages, costs and expenses of such tunnel construction, and also to defray the damages and

compensation allowed and awarded to the owner or owners or persons interested in the property affected by the acquisitions mentioned in said Resolution of Intention and provided for by said report;

And that the map constituting Part III of said report showing said districts of land and also the subdivisions of the property therein, each of which subdivisions is given upon said map a separate number, and the list constituting Part IV of said Report (as modified as aforesaid) referring to said subdivisions on said map by the respective numbers thereof and showing an estimate of the benefits which each of said subdivisions or parcels will receive from and by the construction of such tunnel, shall be and constitute the assessment made and levied for defraying the damages, costs and expenses of such tunnel construction and for defraying the damages and compensation allowed and awarded to the owner or owners or persons interested in the property affected by said acquisitions;

And the amount of the benefits set opposite each parcel of land therein (as modified as aforesaid) shall constitute and is the amount of the assessment hereby levied thereon;

Be it further Resolved, That the assessments made and levied as aforesaid for defraying the damages, costs and expenses of said tunnel construction and for defraying the damages and compensation allowed and awarded to the owner or owners or persons interested in the property affected by said acquisition may be paid in annual installments as in said "The Tunnel Procedure Ordinance" provided, that is to say: Each of said assessments may be paid in ten (10) equal installments, with interest on deferred payments as in said Ordinance and hereinafter provided, upon condition that the owner or owners of such property shall make, execute and deliver the agreement provided for by Section 17 of said "The Tunnel Procedure Ordinance" and otherwise comply with all of the provisions and requirements of said Ordinance in that behalf, the first of which installments shall be paid at the time of the application to the Tax Collector for such agreement. The second installment shall be paid on or before the last Monday in December in the next fiscal year and subsequent installments shall be paid annually thereafter, one each year, on or before said last Monday of December therein, until all of said ten (10) installments shall have been paid; and the Board of Supervisors now specifies the term of years to be covered by said annual installments to be as hereinbefore set forth, and the rate of interest to be paid upon all unpaid installments, or deferred payments, as provided in said "The Tunnel Procedure Ordinance," is to be seven per cent (7%) per annum.

Underground Pipe, Wire and Conduit Ordinance.

Bill No. 2736, Ordinance No. 2489 (New Series), as follows: Granting the privilege of laying down underground pipes, wires and conduits, in the City streets, upon certain terms and conditions herein specified.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The privilege is hereby granted to any person, firm or corporation, organized under the laws of the State of California, to lay down, maintain and operate in the public streets and thoroughfares of the City and County of San Francisco, pipes, wires and conduits, and connections therewith, so far as may be necessary for introducing into and supplying said City and its inhabitants with gas and electricity for lighting, heat-

ing and power purposes, upon the following terms and conditions:

First: The privileges hereby granted are subject to the provisions of all ordinances of the Board of Supervisors of said City and County and all regulations of the Board of Public Works relating to the opening of streets, and the grantees hereunder in accepting said privileges expressly consent to regulation by such ordinances and rules now in effect or which may hereafter be adopted.

Second: When the Board of Public Works shall deem it necessary to pave or repave any public street it shall serve notice upon every person, firm or corporation having pipes and conduits within the City and County used for the purposes herein specified, of its intention to so pave or repave such street.

Such person, firm or corporation, within ten days thereafter may exercise the rights herein granted as to the roadway of such streets upon written notice given to said board of its intention to do so. The right to lay down new pipes or conduits in said street for such purpose shall continue for thirty days after the service of the notice aforesaid, but not longer unless the time shall be extended by a resolution of the Board of Supervisors. No street pavement laid after the passage of this ordinance shall be opened for a greater length than one hundred yards for the purpose of laying pipes and conduits in the street for supplying gas or electricity for a period of one year after the construction of such pavement, except with the consent of the Board of Supervisors.

Third: The Board of Supervisors shall fix and determine by ordinance in accordance with law, all rates or compensation to be charged or collected from consumers by said persons, firms or corporations, for supplying the heating, lighting or power service herein described and to prescribe the quality of such service. No greater rates shall ever be charged the City and County for service supplied to the municipality than are charged for like service when supplied to private consumers. Whenever the Board of Supervisors shall advertise for bids for street lighting or for other service to the municipal government within the purview of this Ordinance, all persons, firms or corporations exercising privileges granted hereunder within three hundred feet of the location for which such service is sought shall submit bids for furnishing such service.

Fourth: The privileges herein conferred are limited to the laying of

underground pipes, wires, conduits and service connections, and nothing herein contained shall be construed as conferring upon the grantee the right to erect poles or wires or in any way maintain overhead construction. All pipes or conduits shall be laid in accordance with the rules and regulations of the Board of Public Works now in effect or which may hereafter be adopted.

Fifth: In the event that the City and County of San Francisco shall elect at any time to take over and operate as a public utility the business of supplying gas or electricity for heating, lighting, power and other purposes to its inhabitants, and should acquire by condemnation proceedings or otherwise, the plant and distributing system of any grantee hereunder, no value whatever shall be attached, in said proceedings, to the rights and privileges conferred by this ordinance, nor shall any value be attached thereto at any time for rate fixing purposes.

Sixth: The rights and privileges granted herein shall not be transferred except by and with the consent of the Board of Supervisors.

Seventh: The Board of Supervisors expressly reserves the right to amend or repeal this Ordinance, provided that rights which may have vested hereunder prior to said repeal or amendment through the actual installation of pipes, wires and conduits shall not be affected by such repeal or amendment. Provided, further, however, that the Board of Supervisors may, by a general ordinance, compel the removal of all pipes and conduits used for any of the purposes herein set forth, from the roadways of the streets and their replacement beneath sidewalk areas.

Eighth: Any person, firm or corporation electing to exercise the privileges herein granted shall, prior to such exercise, file with the Clerk of the Board of Supervisors a written notification that they have accepted the terms of this Ordinance and elect to proceed hereunder.

Ninth: If any person, firm or corporation exercising the privilege or privileges granted by the Ordinance shall fail to fully and faithfully carry out all and any terms or conditions herein imposed upon the exercise of such grant, all such privileges shall thereupon, as to such person, firm or corporation, be terminated and forfeited, and the Board of Supervisors may, by resolution, direct the removal of any or all works of such person, firm or corporation installed under authority of this Ordinance.

Providing for the Payment of Incidental Expenses, Incurred in Connection With Sidewalk Improvements Exclusively, Out of the Municipal Treasury.

Bill No. 2739, Ordinance No. 2490 (New Series), as follows:

Providing for the payment of incidental expenses incurred in connection with sidewalk improvements exclusively, out of the municipal treasury.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The incidental expenses that may be incurred in connection with sidewalk improvements exclusively under and pursuant to the provisions of the Street Improvement Ordinance, approved September 4, 1913, shall be paid out of the municipal treasury, and in such case such expenses shall not be included in any assessments to be made for such improvements, as provided for in Section 7 of said Street Improvement Ordinance.

Section 2. This ordinance shall take effect immediately.

Unaccepted Streets Improvement Ordinance.

Bill No. 2740, Ordinance No. 2491 (New Series), as follows:

Providing for the repair, reconstruction or improvement of the roadway of any public streets or of any sidewalk thereof, not accepted by the Supervisors as in the Charter of the City and County provided, when any portion of such roadway or any portion of such sidewalk shall be so out of repair or in such condition as to endanger persons or property passing thereon, or so as to interfere with the public convenience in the use thereof; and, repealing Ordinance No. 332, approved July 26, 1901.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. When, in the judgment of the Board of Public Works of the City and County of San Francisco, any portion of the roadway of any improved street, avenue, lane, alley, court or place, or any portion of any sidewalk thereof, in the said City and County, none of which has been ac-

cepted by the Supervisors as by law or as in the Charter of said City and County provided, shall be so out of repair or in such condition as to endanger persons or property passing thereon, or so as to interfere with the public convenience in the use thereof, the said Board of Public Works is authorized to notify the owner or owners of any lot fronting on said portion of said street, avenue, lane, alley, court or place, or fronting on such portion of said sidewalk so out of repair or in such condition as aforesaid, by a notice in writing to be delivered to him, or his agent, or to any of the persons referred to in Section 19 of Chapter XI of Article VI of the Charter of said City and County (and for the purposes of this ordinance any of such persons shall be the "owner"), requiring such owner to repair, or reconstruct, or improve forthwith, in such manner and with such material as the said Board of Public Works may determine and direct, said portion of said street, avenue, lane, alley, court or place, to the center line thereof, or said portion of said sidewalk in front of the lot of which he is the owner.

Within five days after such notice shall have been delivered to such owner, he shall cause to be begun such repair, or such reconstruction, or, such improvement, as may have been determined by the said Board of Public Works, and directed by said Board in its notice aforesaid to be made, and shall diligently and without interruption prosecute the same to completion.

Section 2. Any owner or person neglecting or refusing to make such repair, or reconstruction, or improvement, as hereinbefore provided, when required and directed in conformity with the provisions of this ordinance, shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine not more than five hundred dollars, or by imprisonment not more than six months, or by both such fine and imprisonment.

Section 3. Ordinance No. 332, approved July 26, 1901, and all ordinances and parts of ordinances, in so far as they conflict with the provisions of this ordinance, are hereby repealed.

Section 4. This ordinance shall take effect immediately.

Accepting Deed for Right of Way for Overhead Bridge Near Paulding Street.

Bill No. 2744, Ordinance No. 2495 (New Series), as follows:

Approving and accepting a deed of easement from the Southern Pacific Company to the City and County of San Francisco to construct an overhead bridge, crossing permanent way of the company near Paulding street.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The City and County hereby approves, accepts and agrees to receive subject to the conditions therein, the following deed from the Southern Pacific Company (a corporation) to the City and County of San Francisco (a municipal corporation) of a right to construct an overhead bridge, crossing permanent way of the company near Paulding street.

This agreement made this — day of —, 1911, by and between Southern Pacific Railroad Company, a corporation incorporated and consolidated under the laws of the States of California, Arizona and New Mexico, and Southern Pacific Company, a corporation, created by and existing under laws of the State of Kentucky, parties of the first part, and the City and County of San Francisco, a municipal corporation of the State of California, party of the second part.

Witnesseth:

That whereas, said Southern Pacific Railroad Company is the owner of a certain line of railroad and certain permanent way in the City and County of San Francisco, State of California, now in the possession of and operated by its lessee, Southern Pacific Company.

And whereas, the party of the second part in or about the month of November, 1910, with the consent of the parties of the first part, constructed and has ever since been main-

tained for public use a foot bridge over said railroad and permanent way near Paulding street in said City and County of San Francisco, the location of said overhead foot bridge being shown upon blueprint map colored yellow, hereto attached and made part hereof, and the parties hereto desire to reduce to writing the terms of an oral understanding existing ever since said date, relative to the maintenance of such overhead foot bridge;

Now, therefore, in consideration of the premises and of the covenants, promises and agreements hereinafter contained, to be kept, observed and performed by the party of the second part, the parties of the first part hereby grant to the party of the second part the right to maintain for public use said foot bridge over said railroad and permanent way at the points shown colored yellow upon said blueprint map hereto attached and made part hereof.

In consideration of the privilege hereby granted, the party of the second part hereby promises and agrees:

1. To maintain and renew or reconstruct said foot bridge and its appurtenances at its own sole cost and expense in a good and workmanlike manner, and keep same in good condition and repair, to the satisfaction of the parties of the first part or either of them.

2. To at all times maintain a vertical clearance of not less than twenty-two (22) feet between tops of rails in the tracks of the parties of the first part and the lowest part of said foot bridge and its appurtenances for a distance of eight feet six inches (8' 6") measured horizontally on each side of the center line of any track now or hereafter existing.

3. In the event that any of the appurtenances now or hereafter erected on said permanent way in connection with said foot bridge interfere with the operations of the parties of the first part or either thereof, it will, on receipt at any time of a written notice from the parties of the first part or either thereof, within thirty days thereafter move same to another point on said permanent way or remove same completely from said permanent way as may be specified in any such notice.

4. That, upon the determination in any manner of the right herein granted, it will immediately remove said foot bridge and its appurtenances from said permanent way and restore said premises as near as may be to their original condition, failing in which either or both the parties of the first part may remove same at the cost and expense of the party

of the second part which shall reimburse on demand the parties of the first part for all such cost and expense.

5. To not interfere with, hinder or delay the operation of said railroad during the repair, reconstruction or removal of said foot bridge.

6. To indemnify and save harmless the parties of the first part and each of them from and against any liability, loss or damage growing out of the reconstruction, maintenance, repair or removal of said foot bridge.

It is further understood and agreed that in the event said foot bridge shall be abandoned by the party of the second part for public use, the right hereby granted shall cease and determine.

It is further understood and agreed that in the event said party of the second part shall fail, neglect or refuse to keep, observe or perform any of the covenants or agreements on its part herein contained, the parties of the first part or either of them thereof may at their or its option cancel this agreement, and thereupon the right hereby granted shall cease and determine.

In witness whereof, the parties hereto have caused these presents to be executed by their respected officers thereunto duly authorized, and their respective corporate seals to be hereunto affixed the day and year first above written.

Bonds Placed on Sale at Treasurer's Office.

Bill No. 2750, Ordinance No. — (New Series), Reciting that certain School Bonds and Sewer Bonds of the issue of 1908, and City Hall Bonds of the issue of 1912, remain unsold after having been advertised for sale, no bids therefor having been accepted, and directing that a portion of such unsold bonds be placed on sale at the office of the Treasurer of the City and County of San Francisco, and fixing the price for which such bonds may be sold by the said Treasurer of the City and County, and repealing conflicting provisions of Ordinances Nos. 2250 and 2262 (New Series).

Be it Ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby recited and declared that the Board of Supervisors, on the 10th day of March, 1913, did adopt a resolution, by which resolution the clerk of said Board was directed to give notice by advertisement, as required by the Charter of said City and County, that on the 31st day of March, 1913, up to the hour of 3 p. m. of said day, said Board would receive and consider bids for the purchase of sewer bonds, issue of 1908, amounting to \$400,000 and comprising ten bonds of each year's maturity from 1915 to 1954 inclusive; school bonds, issue of 1908, amounting to \$300,000 and comprising twelve bonds of each year's maturity from 1914 to 1938 inclusive; hospital bonds, issue of 1908, amounting to \$300,000 and comprising fifteen bonds of each year's maturity from 1913 to 1932 inclusive; garbage system bonds, issue of 1908, amounting to \$144,000 and comprising eight bonds of each year's maturity from 1913 to 1930 inclusive; City Hall bonds, issue of 1912, amounting to \$3,960,000 and comprising ninety bonds of each year's maturity from 1917 to 1960 inclusive; Polytechnic High School bonds, issue of 1910, amounting to \$144,000 and comprising six bonds of each year's maturity from 1914 to 1937 inclusive.

That in compliance with said resolution said clerk has caused to be published in the official newspaper for a

period of ten days prior to said 31st day of March, 1913, an advertisement and notice of such sale of said described bonds, and that all of the requirements of the Charter of the City and County in respect thereto were fully complied with.

That no bids whatsoever submitted in accordance with such resolution and notice have been accepted for the purchase of any of the bonds above described and that all bids received have been rejected, and that the entire amount of said bonds so advertised for sale remain unsold, except as otherwise herein recited.

That thereafter Ordinances Nos. 2250 and 2262 (New Series) were adopted by the Board of Supervisors authorizing the Treasurer to sell all of said bonds remaining unsold and prescribing the conditions under which such sale could be had. That under the provisions and authority of said Ordinances two million two hundred thousand dollars City Hall bonds, comprising fifty bonds of each year's maturity, 1917 to 1960 inclusive, have been sold and delivered, and that of the \$300,000 hospital bonds offered for sale \$15,000 thereof matured July 1, 1913, and have been paid; that by Ordinances No. 2402 and No. 2447 (New Series), certain bonds therein described were placed on sale at the office of the Treasurer, and that the remaining portion of the bonds herein described remain unsold.

Section 2. As provided in Section 10 of Article XII of the Charter of the City and County of San Francisco, in addition to the bonds placed on sale by the provisions of Ordinances No. 2402 and No. 2447 (New Series), it is hereby ordered that the bonds advertised for sale and remaining unsold as above described and set forth two hundred and forty thousand dollars sewer bonds comprising six bonds of each year's maturity, 1915 to 1954 inclusive, and three hundred and fifty-two thousand dollars City Hall bonds, comprising eight bonds of each year's maturity, 1917 to 1960 inclusive, be placed on sale and offered for sale at the office of the Treasurer of the City and County of San Francisco, and the said Treasurer is hereby authorized to sell said described bonds to any person desiring to purchase the same. That the price at which said bonds may be sold is the par or face value thereof, together with any and all interest that may have accrued thereon at the time of the delivery of the same to the purchaser.

Section 3. All provisions contained in Ordinances Nos. 2250 and 2262 (New Series) that conflict with the provisions of this ordinance are hereby repealed.

Section 4. This ordinance shall take effect immediately.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

Adopted.

The following resolution was introduced under suspension of the rules and adopted:

City Attorney to Advise as to Destruction of Condemned Building.

On motion of Supervisor McCarthy:
J. R. No. 952.

Resolved, That the City Attorney be requested to advise this Board as to whether the ordinances of this City are sufficient to justify the demolition of a building outside of the fire limits that has been condemned as a nuisance by the Board of Health and Board of Public Works; and if not sufficient to suggest such further proceedings as will accomplish the end desired.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

Relative to Fire Protection at Exposition Grounds.

Supervisor McLeran presented:
J. R. No. —.

Resolved, That the Buildings and Grounds Committee of the Panama-Pacific International Exposition Company is hereby respectfully requested to confer at the earliest possible date with the Board of Fire Commissioners relative to the carrying out of the provisions of Ordinance No. 2261 (New Series), approved May 5, 1913, and that the Exposition Company be requested to immediately complete the fire houses to provide suitable quarters for the men.

Referred to Exposition Committee.

State Railroad Commission to Consider Inadequacy of Terminal Facilities of Southern Pacific Company at Third and Townsend Streets.

Supervisor Murphy presented:
Resolution No. — (New Series):

Whereas, the depot facilities at present afforded the traveling public by the Southern Pacific Company in the City and County of San Francisco are entirely inadequate and will become more so during the World's Fair year, and

Whereas, the said Southern Pacific Company, by its duly authorized officers, has advised this board that it will not improve such passenger depot facilities unless it is granted valuable franchise rights on terms to be dictated by itself, and which, if conceded, would result in materially retarding

the development of the southern portion of the city, and

Whereas, the Railroad Commission of the State of California is vested by the Constitution and laws of the State with the power to determine the adequacy, as well as the location, of depots in the different cities of the State, and to compel compliance with such determination,

Now, therefore, be it Resolved, That the Mayor and the City Attorney be, and they are hereby, directed for and in behalf of the City and County of San Francisco, to file forthwith with the State Railroad Commission, a complaint setting forth the particulars in which said depot facilities are inadequate and praying for an order by said Commission, to be directed to said Southern Pacific Company, to show cause why it should not provide adequate passenger facilities for the City and County of San Francisco, and that upon the return of such order and after such hearings as said Commission may deem necessary, it direct said Southern Pacific Company to provide reasonable and adequate depot fa-

cilities, of such construction and at such location as said Commission may determine.

Referred to Public Utilities Committee.

Pleasure Pier, Ocean Beach.

Privilege of the Floor.

Henry M. Owens, attorney, representing the Ocean Pier Amusement Company, was granted the privilege of the floor and presented a petition of said company requesting use of certain land at Ocean Beach, west of Cabrillo street, for an entrance to proposed amusement pier to be constructed at that location. He declared that project would involve a large investment and would prove an attraction for patrons of the Municipal Railway.

Referred to the Lands and Tunnels and Welfare Committees.

ADJOURNMENT.

There being no further business the Board at the hour of 5:15 p. m. adjourned.

JOHN W. ROGERS,
Acting Clerk.

Approved by the Board of Supervisors November 3, 1913.

Pursuant to Resolution No. 3402 (New Series), of the Board of Supervisors of the City and County of San Francisco, I, John W. Rogers, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the dates thereon stated, and approved as above recited.

Communication—From Los Angeles Aqueduct and Exposition Park Celebration Commission, inviting representatives of San Francisco to attend celebration of the completion of the Los Angeles viaduct.

Adopted.

Whereupon the following Resolution was introduced by Supervisor Payot under suspension of the rules and *adopted*:

Delegation to Attend Celebration of Completion of Los Angeles Viaduct.

On motion of Supervisor Payot:
J. R. No. 953.

Whereas, The City of Los Angeles has completed the construction of the Los Angeles aqueduct at a cost of approximately twenty-six million dollars, which aqueduct will bring a pure mountain water supply from the high Sierras, a distance of two hundred and sixty miles over desert and through mountains to the people of Los Angeles and

Whereas, The completion of this great engineering project will be fittingly celebrated on Wednesday and Thursday, November 5th and 6th, 1913, at the San Fernando reservoir and at the State's permanent exposition park in Los Angeles, where a five hundred thousand-dollar aqueduct memorial fountain will be dedicated to commemorate this event, and

Whereas, The City of Los Angeles has extended a cordial invitation to the City of San Francisco to be officially represented at this celebration; therefore, be it

Resolved, That the Mayor, City Engineer, and as many of the members of the Board of Supervisors who can find it convenient to attend be appointed as a delegation to represent the City of San Francisco, and be it further

Resolved, That the Finance Committee be requested to set aside sufficient moneys to cover the expense of said delegation.

The Municipal Exhibit at the California Land Show.

The following report was presented by Supervisor Hayden, read and ordered spread in the Journal:

To the Board of Supervisors:
The Special Committee appointed by the Mayor to install a municipal exhibit at the California Land Show begs leave to report that its efforts to make a creditable display within the time available and with small expenditure of money were measurably successful by reason of the cordial cooperation of the interested departments of the city government, and

the generous consideration of the managers of the Land Show.

The space assigned us, 80 by 12, at the schedule of regular charge would have cost \$1020—and the current charge for erection and decoration would have been \$765. No charge was made for the space, and the Board of Works and the Superintendent of Public Buildings loaned the lumber and did the work without any charge or call for appropriation.

The general feature of the exhibit was hospitality to the counties of the state through offering an attractive resting place in connection with the presentation of our municipal activities. The walls were covered with gray cambric with a frieze of gold—the city colors. The center of the rear wall bore a conspicuous sign, "San Francisco Welcomes You." There were three generous openings, and from the Golden Gate Park were sent a plentiful supply of bamboo, plants and palms for decoration. The floor was stained brown in harmony with the rails and posts covered with redwood bark. An illuminated sign, "San Francisco," pointed the way at night. Festoons of golden bunting gave a touch of color, relieving the green boughs, while a draped flag fittingly surmounted the main entrance.

The long space was divided into three connected exhibits, 22 feet at the south end was assigned to the Fire Department, the Department of Electricity and the Police Department. An equal space at the north end was divided between the Board of Health, the Playground Commission and Golden Gate Park.

The central 41 feet was made a reception room for visitors, provided with chairs and a large table well supplied with photographs of our varied municipal constructive work. Upon the central wall were displayed large water color paintings of the completed Civic Center and of the Auditorium. To these were added color sketches of the proposed Municipal Opera House, and plans and photographs of the City Hall—also the ground plan of the Civic Center. These striking pictures attracted close attention from thousands of visitors and were much admired. In front of the exhibit were displayed four heroic plaster models, to be cut in granite as keystones for the second story of the City Hall.

The remaining wall space of the main exhibit was devoted to charts and diagrams prepared for the occasion, which included a classification of this year's budget setting forth the amount and percentage set aside for protection of life and property, for interest and redemption of bonds, for education and recreation, for adminis-

tration, for maintenance, for improvements, for courts and criminals and for pensions and relief. Other charts showed the departmental allowances for each subdivision, bond issue expenditures for the year, the property of the city, etc.

The chart of the Geary Street Railroad operation was of great interest, showing the monthly receipts, operating expenses and net profits from the first. If the ratio of the last month reported be sustained, the annual profit, depreciation not included, will be \$264,000.

In addition to these charts, there were presented significant diagrams of the growth of the city from 1900, as shown in population, bank clearings, imports and exports, building operations, bank resources, postal receipts, assessment roll, etc. They all showed the tremendous effect of the disaster of 1906 and the wonderful rehabilitation, complete recovery and accelerated growth of late. Assessor Ginty furnished a complete tabulated statement of what the city has done for the state in the matter of taxation.

These statistics and graphic illustration of the salient facts of municipal expenditure and growth well repaid the labor involved. Mr. Luther Burbank spent much time in their study and pronounced the exhibit one of the most interesting features of the Land Show.

The center of most active interest, however, was the fine exhibit made by the Fire Department and the Department of Electricity. It was very complete and was of practical value in that the manner of sending in calls and the part played by the Department of Electricity were both displayed and explained. The calls were registered and rung off before the visitors, so that they were instructed in a duty in which they were interested. Crowds constantly studied the workings of the fire alarm, and the apparatus and appliances of the department.

The Department of Health made a most excellent exhibit—well arranged and very complete. The wall charts showed low mortality and full records of morbidity. Sanitation was well illustrated, dairy inspection, bacteriological work and the various activities of the department were fully set forth. Dr. Broderick lectured regularly on matters of health in the hall adjoining our exhibit.

The Playground Commission showed many attractive illustrations of their activity, covering an entire side wall. The opposite wall was devoted to the Golden Gate Park and attracted much attention. In the center was displayed a large photograph of the site of Gol-

den Gate Park in 1867, showing a dreary stretch of sand dunes. Around it were placed photographs of spots of the park today, and also a large number of framed photographs of the statuary and other gifts of citizens now beautifying this modern miracle.

The attractiveness of the exhibit and the spirit of hospitality were largely enhanced by the almost constant presence of the ladies of the department of the California Club especially interested in affairs of civic interest, who, under the leadership of Mrs. Louis Hertz, offered their services as hostesses.

It is impossible to acknowledge all the kindly helpfulness that made the exhibition possible and contributed so largely to its effectiveness, but special acknowledgment is due the Real Estate Board which offered the space and afterward extended every courtesy. Mr. George A. Merrill, principal of the Wilmerding School, who loaned the fine furniture—made at the school; Mr. Timothy Reardon, Superintendent of Public Buildings; the Commissioners of the Board of Public Works; Mr. Jos. Billet, the head janitor of the City Hall; Mr. C. E. Perez of the City Engineer's office; Mr. John McLaren, Superintendent of Golden Gate Park; Mr. Thomas F. Boyle, Auditor, and many subordinate employees of the departments who cheerfully worked overtime to make our undertaking a success.

Bonds Placed on Sale at Treasurer's
Office.

Bill No. 2750, Ordinance No. 2497 (New Series), Reciting that certain School Bonds and Sewer Bonds of the issue of 1908, and City Hall Bonds of the issue of 1912, remain unsold after having been advertised for sale, no bids therefor having been accepted, and directing that a portion of such unsold bonds be placed on sale at the office of the Treasurer of the City and County of San Francisco, and fixing the price for which such bonds may be sold by the said Treasurer of the City and County, and repealing conflicting provisions of Ordinances Nos. 2250 and 2262 (New Series).

Be it Ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby recited and declared that the Board of Supervisors, on the 10th day of March, 1913, did adopt a resolution, by which resolution the clerk of said Board was directed to give notice by advertisement, as required by the Charter of said City and County, that on the 31st day of March, 1913, up to the hour of 3 p. m. of said day, said Board would receive and consider bids for the purchase of sewer bonds, issue of 1908, amounting to \$400,000 and comprising ten bonds of each year's maturity from 1915 to 1954 inclusive; school bonds, issue of 1908, amounting to \$300,000 and comprising twelve bonds of each year's maturity from 1914 to 1938 inclusive; hospital bonds, issue of 1908, amounting to \$300,000 and comprising fifteen bonds of each year's maturity from 1913 to 1932 inclusive; garbage system bonds, issue of 1908, amounting to \$144,000 and comprising eight bonds of each year's maturity from 1913 to 1930 inclusive; City Hall bonds, issue of 1912, amounting to \$3,960,000 and comprising ninety bonds of each year's maturity from 1917 to 1960 inclusive; Polytechnic High School bonds, issue of 1910, amounting to \$144,000 and comprising six bonds of each year's maturity from 1914 to 1937 inclusive.

That in compliance with said resolution said clerk has caused to be published in the official newspaper for a period of ten days prior to said 31st day of March, 1913, an advertisement and notice of such sale of said described bonds, and that all of the requirements of the Charter of the City and County in respect thereto were fully complied with.

That no bids whatsoever submitted in accordance with such resolution and notice have been accepted for the pur-

chase of any of the bonds above described and that all bids received have been rejected, and that the entire amount of said bonds so advertised for sale remain unsold, except as otherwise herein recited.

That thereafter Ordinances Nos. 2250 and 2262 (New Series) were adopted by the Board of Supervisors authorizing the Treasurer to sell all of said bonds remaining unsold and prescribing the conditions under which such sale could be had. That under the provisions and authority of said Ordinances two million two hundred thousand dollars City Hall bonds, comprising fifty bonds of each year's maturity, 1917 to 1960 inclusive, have been sold and delivered, and that of the \$300,000 hospital bonds offered for sale \$15,000 thereof matured July 1, 1913, and have been paid; that by Ordinances No. 2402 and No. 2447 (New Series), certain bonds therein described were placed on sale at the office of the Treasurer, and that the remaining portion of the bonds herein described remain unsold.

Section 2. As provided in Section 10 of Article XII of the Charter of the City and County of San Francisco, in addition to the bonds placed on sale by the provisions of Ordinances No. 2402 and No. 2447 (New Series), it is hereby ordered that the bonds advertised for sale and remaining unsold as above described and set forth two hundred and forty thousand dollars sewer bonds comprising six bonds of each year's maturity, 1915 to 1954 inclusive, and three hundred and fifty-two thousand dollars City Hall bonds, comprising eight bonds of each year's maturity, 1917 to 1960 inclusive, be placed on sale and offered for sale at the office of the Treasurer of the City and County of San Francisco, and the said Treasurer is hereby authorized to sell said described bonds to any person desiring to purchase the same. That the price at which said bonds may be sold is the par or face value thereof, together with any and all interest that may have accrued thereon at the time of the delivery of the same to the purchaser.

Section 3. All provisions contained in Ordinances Nos. 2250 and 2262 (New Series) that conflict with the provisions of this ordinance are hereby repealed.

Section 4. This ordinance shall take effect immediately.

Denying Petition for Revocation of Oil Permits.

The following resolution, laid over from a previous meeting, was taken up:

J. R. No. 955.

Resolved, That the petition for the revocation of the permits granted to the Pacific Gas and Electric Company to maintain two oil storage tanks of 8,000 gallons capacity each and a boiler of 1,500-horsepower at premises situate on the west side of Meacham Place, 75 feet south of Post street, by Resolution No. 9875 (New Series), is hereby denied.

Privilege of the Floor.

E. F. Burns, proprietor of Burns' Hammam Baths, was granted the privilege of the floor and stated that he was tied up with a contract to the Pacific Gas and Electric Company, involving \$18,000, and that it would be a serious injury to his business if the steam plant of said company was discontinued. He declared that the service afforded by it was of great advantage to apartment houses in the neighborhood.

Frank Fallon also spoke in favor of the steam plant of the Pacific Gas and Electric Company, stating that it was a great convenience to the apartment houses in furnishing adequate steam heating service.

F. H. Varney, representing Pacific Gas and Electric Company, stated that the nuisance which originally existed had been remedied.

Motion.

Whereupon, Supervisor Caglieri moved that the above resolution be *laid over one week* and that a report on the plan be obtained from the City Engineer.

Motion *lost* by the following vote:

Requiring Safety Devices to Prevent Loss of Life From Poisonous Gases.

Supervisor Caglieri presented:

Bill No. 2751, Ordinance No. — (New Series), as follows:

Requiring the acquisition, maintenance and use of *safety devices preventing* the loss of human lives from asphyxiation by poisonous gases in confined underground spaces and providing a penalty for the violation of any of the provisions hereof.

Be it Ordained by the People of the City and County of San Francisco as follows:

Section 1. Every person, firm, company or corporation owning, possessing, occupying, having the control of, or being engaged in the construction, alteration, repair or cleaning of, any sewer, drain, manhole, culvert or other confined underground space accessible to poisonous gases, shall install, maintain, use or cause to be used, whenever such sewer, drain, manhole, culvert or other confined underground space is entered, such safety devices

for the prevention of loss of human lives from asphyxiation by such poisonous gases, as may be approved by the Board of Health.

Section 2. Every person, firm, company or corporation referred to in the preceding section of this Ordinance violating any of the provisions thereof, shall be deemed guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine not exceeding five hundred (500) dollars, or by imprisonment not exceeding six (6) months, or by both such fine and imprisonment.

Compromise Offer to Sell Certain Land for Opening and Extension of Plymouth Avenue.

Resolution No. — (New Series), as follows:

Whereas, The certain land situate and bounded by Sagamore street, San Jose and Plymouth avenues is required by the City for the improvement of streets and the extension of Plymouth avenue in the Ocean View District, for which the owner has been offered the sum of \$5,000, and which offer has been refused, and

Whereas, The said owner has asked the price of \$7,500 for said land, which sum is deemed excessive, and

Whereas, The said owner, as a compromise, has agreed to accept the sum of \$6,000 for the said land, therefore, be it

Resolved, That the offer of \$6,000 for the purchase of the said land be and is hereby accepted, and the City Attorney is hereby directed to examine the title to said land, and if the same is found to be vested in the present owner free from all incumbrances and that the taxes for the current fiscal year are paid, and that the so-called McEnerney title has been procured or sufficient money reserved for the procuring of same, to report the result of his examination and cause a good and sufficient deed to be executed and delivered to the City and County upon the payment of the agreed price as aforesaid.

Single Curve Track Permit to United Railroads on California Street and Presidio Avenue.

On motion of Supervisor Vogelsang: Resolution No. — (New Series.)

Resolved, That the United Railroads of San Francisco is hereby granted permission, revocable at will of the Board of Supervisors, to install a single curve track from the existing single track of the United Railroads of San Francisco, situate on Presidio avenue and California street, connecting with the tracks of the company in California street at Presidio avenue.

The said curve track to be used for the sole purpose of conveying empty cars from the terminus of Jackson street line at Presidio avenue and California street to and from the car barn at Clement street and Thirty-third avenue, over the following route:

From Presidio avenue and California street along California street to Parker avenue; thence along Parker avenue to Euclid avenue; thence along Euclid avenue to First avenue; thence along First avenue to Clement street; thence along Clement street to Thirty-third avenue, to the car barn of the company.

Provided the said track shall be laid to the satisfaction and under the supervision of the Board of Public Works, in strict accordance with the provisions of the ordinances of the City and County.

This permit is given upon the express understanding that prior to the construction of the track herein specified said United Railroads will construct a street railway to the Pacific Mail Dock, and then thereafter operate a line thereon to the satisfaction of the Board of Supervisors.

The United Railroads of San Francisco is required to file in the office of the Board of Supervisors, an acceptance in writing of the provisions of this resolution.

A failure to comply with any of the conditions in the foregoing paragraphs shall work an immediate forfeiture of this privilege.

Authorizing the Execution of a Deed by the Mayor and Clerk of the Board of Supervisors to the Boston Investment Co. to a Portion of Thirty-seventh Avenue.

Resolution No. — (New Series), as follows:

Whereas, This Board on Monday, the 25th day of August, 1913, after proceedings theretofore had pursuant to the provisions of Chapter III, Article VI of the Charter of the City and County of San Francisco, duly and regularly adopted Resolution No. 10372 (New Series), closing and

abandoning portion of Thirty-seventh avenue, between Geary and Clement streets, in the City and County of San Francisco, State of California; and

Whereas, On the 26th day of August, 1913, said Resolution was duly and regularly approved by the Mayor of the City and County of San Francisco; and

Whereas, The Boston Investment Co., a corporation, owns all the real property affected by the said closing and abandonment of said portion of Thirty-seventh avenue, between Geary and Clement streets, in said City and County, more particularly described in said Resolution, being all the real property affected by the opening of the new streets hereinafter referred to; and

Whereas, The Boston Investment Co., a corporation, has made, executed and delivered to the Clerk of the Board of Supervisors of this City and County its certain deed, dated October 8, 1913, conveying all its right, title and interest in and to the property hereinafter described for the purpose of a public street in the City and County of San Francisco to be known and designated as Shore View avenue; said real property being more particularly described as follows, to-wit:

Commencing at a point on the westerly line of Thirty-sixth avenue, distant thereon 300 feet northerly from the point of intersection of the said westerly line of Thirty-sixth avenue with the northerly line of Geary street (formerly Point Lobos avenue); running thence north 3 degrees 23 minutes west along the westerly line of Thirty-sixth avenue 60 feet; thence westerly along a circular arc whose radius is 810 feet, whose center bears south 3 degrees 23 minutes east from the last mentioned point 134.30 feet to a point from which the center bears south 12 degrees 53 minutes east distant 810 feet; thence westerly along a circular arc whose radius is 856.19 feet, and whose center bears north 12 degrees 53 minutes west from the last mentioned point 283.92 feet to a point from which the center bears north 6 degrees 7 minutes east distant 856.19 feet; thence westerly along a circular arc whose radius is 810 feet and whose center bears south 6 degrees 7 minutes west from the last mentioned point 134.30 feet to a point on the easterly line of Thirty-eighth avenue, which is distant 360 feet from the point of intersection of the easterly line of Thirty-eighth avenue with the northerly line of Geary street and from which point the center bears south 3 degrees 23 minutes east distant 810 feet; thence south 3 degrees 23 minutes east along the easterly line of Thirty-eighth avenue 60 feet to a

point; thence easterly along a circular arc whose radius is 750 feet and whose center bears south 3 degrees 23 minutes east from last mentioned point 124.35 feet to a point from which the center bears south 6 degrees 7 minutes west distant 750 feet; thence easterly along a circular arc whose radius is 430 feet and whose center bears south 6 degrees 7 minutes west from last mentioned point 122.33 feet to a point on the westerly line of Thirty-seventh avenue and distant thereon northerly 252.74 feet from the point of intersection of the northerly line of Geary street with the westerly line of Thirty-seventh avenue, and from which point the center bears south 22 degrees 25 minutes west distant 430 feet; thence north 3 degrees, 23 minutes west along the westerly line of Thirty-seventh avenue 72.26 feet; thence at a right angle easterly 70 feet to a point on the easterly line of Thirty-seventh avenue; thence at a right angle southerly along the easterly line of Thirty-seventh avenue 72.26 feet to a point; thence easterly along a circular arc whose radius is 430 feet and whose center bears south 29 degrees, 11 minutes east from last mentioned point 122.33 feet to a point from which the center bears south 12 degrees 53 minutes east distant 430 feet; thence easterly along a circular arc whose radius is 750 feet, and whose center bears south 12 degrees, 53 minutes east from last mentioned point 124.35 feet to a point from which the center bears south 3 degrees 23 minutes east 750 feet distant, which point is the point of commencement.

Whereas, Said new street so laid out and dedicated to said City and County as aforesaid will and does constitute ample compensation to said City and County for its deed to the portion of Thirty-seventh avenue closed and abandoned as aforesaid and will be of much greater practical value both to the City and County and to the general public than the abandoned portion of Thirty-seventh avenue, between Geary and Clement streets,

Now therefore, the Mayor and the Clerk of the Board of Supervisors of the City and County of San Francisco in the name of said City and County are hereby authorized and instructed to execute a deed conveying all the right, title and interest of said City and County in and to said portion of Thirty-seventh avenue, between Geary and Clement streets, closed and abandoned as aforesaid, to The Boston Investment Co., a corporation. The deed authorized to be executed by the Mayor and the Clerk of the Board of Supervisors of this City and County is not to be delivered or recorded un-

til after the recordation of the deed of the Boston Investment Co., a corporation, to the City and County of San Francisco.

Unsold School Bonds Placed on Sale at Treasurer's Office.

On motion of Supervisor Jennings: Bill No. 2756, Ordinance No. — (New Series), as follows:

Reciting that certain school bonds of the issue of 1908 remain unsold after having been advertised for sale, no bids therefor having been accepted, and directing that such unsold bonds be placed on sale at the office of the Treasurer of the City and County of San Francisco and fixing the price for which such bonds may be sold by the said Treasurer of the City and County.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby recited and declared that the Board of Supervisors on the 20th day of October, 1913, did adopt a resolution, by which resolution the Clerk of said Board was directed to give notice by advertisement, as required by the Charter of said City and County, that on the 3rd day of November, 1913, up to the hour of 3 p. m. of said day, said Board would receive and consider bids for the purchase of school bonds, issue of 1908, to the amount of \$300,000.00 comprising twelve bonds of each year's maturity, 1914 to 1938, inclusive.

That in compliance with said resolution said clerk has caused to be published in the official newspaper for a period of ten days prior to said 3rd day of November, 1913, an advertisement and notice of such sale of said described bonds, and that all of the requirements of the Charter of the City and County in respect thereto were fully complied with.

That bids were received and accepted for the sale of one bond maturing in 1938, ten bonds maturing in 1930 and two bonds maturing in 1928, and such bonds were sold to the bidders bidding therefor; that no other bids were received and that the remaining portion of said bonds advertised were unbid for and remain unsold.

Section 2. As provided in Section 10 of Article XII of the Charter of the City and County of San Francisco it is hereby ordered that the unsold bonds described herein, to-wit, \$287,000.00 school bonds, issue of 1908, comprising twelve bonds of each year's maturity, 1914 to 1938, inclusive, (except that only ten of said bonds ma-

ture in 1928, two in 1930 and eleven in 1938) be placed on sale and offered for sale at the office of the Treasurer of the City and County of San Francisco, and the said Treasurer is hereby authorized to sell said described bonds to any person desiring to purchase the same. That the price at which said bonds may be sold is the par or face value thereof, together with any and all interest that may have accrued thereon at the time of the delivery of the same to the purchaser.

Section 3. This Ordinance shall take effect immediately.

SPECIAL ORDER, 2:30 P. M.

Relating to "Inside Inn" at Exposition.

The report of the Exposition Committee recommending that petition of San Francisco Hotel Men's Association for the amendment of the Exposition Ordinance prohibiting the maintenance of hotels within the Exposition grounds for commercial purposes be denied, which report was, on motion of Supervisor Caglieri, laid over from last meeting and made a Special Order of Business for 2:30 p. m. this day was taken up.

Privilege of the Floor.

William Kelly, representing the Hotel Men's Association, was granted the privilege of the floor and addressed the Board. He argued first that it was purely a commercial proposition and that there was no necessity for an Inside Inn such as proposed, because there were available 100,000 rooms in the city of San Francisco at the present time for the accommodation of visitors. Second, he declared that it was unfair competition because the Exposition Company was not subject to the building ordinances. Third, he stated that the members of the Hotel Men's Association paid taxes on \$52,000,000 of real property in this city and should not be made to suffer by those whom they had generously assisted. Fourth, he did not believe the Exposition Company had authority to delegate the building and operation of a hotel to a subsidiary company, but should itself operate such concession.

Rudolph Taussig also addressed the Board and stated regarding the requirements of the 186 organizations which had signified their intention of holding conventions in San Francisco in 1915, that a large proportion had inquired whether they would be able to secure accommodations at an Inside Inn. He deprecated the fact that the hotel men of the city were opposing the Inn, as they, more than any other class, would be directly benefited by the Exposition. He stated that it was a poor advertisement for San Francisco, that, if with 100,000 rooms already available, the building of 2,000 more would impoverish the hotel men.

J. S. Tobin declared that an agreement had been reached by the Exposition Company and the Hotel Men's Association once, that is to say, with representatives of practically all of the first-class hotels of the city.

F. S. Brittain questioned the right of the Board to amend an ordinance under which certain rights and powers had been conferred, and referred to the Dartmouth College case as an illustration. A measure which would be in any sense retroactive, he declared, would not hold in the courts, and as the Exposition Company had already entered into a contract with the Inside Inn Company, the proposed amendment was necessarily retroactive in that it would render its contract null and abridge powers granted the Exposition Company.

Motion.

Supervisor Murdock moved that the Board concur in the committee's report.

Amendment.

Supervisor George E. Gallagher sub-

mitted the following as an amendment to Supervisor Murdock's motion:

Bill No. —, Ordinance No. — (New Series), as follows:

Amending Section 11 of Ordinance No. 2261 (New Series), entitled, "Governing the use and closing of streets; the erection, use, alteration, demolition and control of buildings and structures of every nature and description; the installation, use and control of plumbing, water, gas, steam, sewerage and other pipes and instrumentalities; the use and control of electric light, power and other wires, conduits, generating, transmitting and other apparatus; the erection and maintenance of steam boilers, steam, gas and other engines and apparatus; the maintenance and control of fire and police protection; and governing any and every other matter necessary, proper or expedient for the safety, convenience and welfare of the public within that portion of the City and County of San Francisco which has been or may be selected as the site for the holding of the Panama-Pacific International Exposition.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 11 of Ordinance No. 2261 (New Series), the title to which is recited in the title to this Ordinance, is hereby amended to read as follows:

Section 11. The Exposition Company may maintain and operate concessions for restaurants, sales of curios, pictures and any and all classes and kinds of goods, wares and merchandise.

Section 2. This Ordinance shall take effect immediately.

Amendment.

Supervisor McLeran presented the following amendment to the amendment:

Amend Section 11 of Ordinance No. 2261 (New Series), as follows:

"Provided, however, that all buildings used for hotel purposes shall comply with the building laws of the City and County of San Francisco."

Substitute Adopted.

Whereupon the following Resolution was presented by Supervisor Hayden as a substitute for the whole and adopted by the following vote:

Resolved, That the City Attorney be requested to advise this Board as to its power to amend Section 11 of Ordinance No. 2261 (New Series), by striking out therefrom the word "hotels" and thereby prevent the erection within the grounds of the Panama-Pacific International Exposition of an hotel or "Inside Inn," it being understood that said Exposition Company

has already granted a concession for such building.

Ayes—Bancroft, Giannini, Hayden, Hilmer, Jennings, Mauzy, McCarthy, Murdock, Payot, Vogelsang—10.

Noes—Supervisors Caglieri, Andrew J. Gallagher, George E. Gallagher, Hocks, Koshland, McLeran, Nolan—7.

Absent—Supervisor Murphy—1.

NEW BUSINESS (OUT OF ORDER). Use of California Granite in Construction of Auditorium.

The following Bill was introduced by Supervisor Bancroft under suspension of the rules and passed for printing:

Bill No. 2759, Ordinance No. — (New Series), entitled, "Prescribing that California granite be used in the construction of the Auditorium now being erected in the Civic Center by the Panama-Pacific Exposition Company; authorizing and directing the Board of Public Works to enter into a contract for the use of California granite in the construction of said Auditorium and setting aside and appropriating out of the proceeds of the sale of Civic Center bonds the sum of two hundred and ten thousand and twenty-four (\$210,024) dollars for said purpose."

Hearing of Appeal Against Street Assessment.

The hearing of the appeal of J. Kemp from assessment issued by the Board of Public Works to the Raisch Improvement Company for street work at the corner of Army and Noe streets fixed for the hour of 3 p. m., this day, was proceeded with.

Privilege of the Floor.

R. K. Heusted, attorney representing J. Kemp, addressed the Board, requested that sample of work be taken from street and analysed by City Engineer's office and pending report thereon that hearing be continued.

Motion.

Supervisor George E. Gallagher moved that Board of Public Works be requested to report on sample of rock and to furnish assayer's report previously asked for; also that hearing be continued and made a Special Order for 3 p. m., November 17, 1913.

So ordered.

REPORTS OF COMMITTEES.

The following Committees, by their respective chairmen, presented reports on various matters referred, which reports were received, read and ordered placed on file:

Fire Committee, by Supervisor Giannini, Chairman.

Public Buildings Committee, by Supervisor Bancroft, Chairman.

Supplies Committee, by Supervisor Koshland, Chairman.

Public Utilities Committee—By Supervisor Vogelsang, Chairman.

Streets Committee—By Supervisor George E. Gallagher, Chairman.

Public Welfare Committee—By Supervisor Payot, Chairman.

Relative to Denial of Petitions of Idora Park Company and Sommers & Hertz for Twenty-Foot Billboard Permits.

That portion of the report of the Public Welfare Committee relating to the denial of petitions of Idora Park Company and Sommers and Hertz for certain twenty-foot billboard permits, which matter was undecided in committee by reason of tie vote, was on motion of Supervisor Andrew J. Gallagher *laid over one week.*

Municipal Railway Poles on Van Ness Avenue.

Supervisor Caglieri stated that City Engineer desired to know the wishes of the Board in the matter of the placing of Municipal Railway poles in the center of the street or along the curbs on Van Ness avenue and moved that the matter be referred to Public Utilities Committee for consideration at meeting on Wednesday at 3 p. m.

So ordered.

NEW BUSINESS (OUT OF ORDER).

Adopted.

The following resolution was taken up under suspension of the rules and *adopted*:

Compromise Offer to Sell Certain Land for Opening and Extension of Plymouth Avenue.

On motion of Supervisor Mauzy: Resolution No. 10531 (New Series), as follows:

Whereas, The certain land situate and bounded by Sagamore street, San Jose and Plymouth avenues is required by the City for the improvement of streets and the extension of Plymouth avenue in the Ocean View District, for which the owner has been offered the sum of \$5,000, and which offer has been refused, and

Whereas, The said owner has asked the price of \$7,500 for said land, which sum is deemed excessive, and

Whereas, The said owner, as a compromise, has agreed to accept the sum of \$6,000 for the said land, therefore, be it

Resolved, That the offer of \$6,000 for the purchase of the said land be and is hereby accepted, and the City Attorney is hereby directed to examine the title to said land, and if the same is found to be vested in the present owner free from all incumbrances and that the taxes for the current fiscal year are paid, and that the so-called McEnerney title has been procured or sufficient money reserved for the procuring of same, to report the result of his exam-

ination and cause a good and sufficient deed to be executed and delivered to the City and County upon the payment of the agreed price as aforesaid.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Nolan, Payot, Vogelsang—17.

Treasurer's Office.**

Bill No. 2756, Ordinance No. 2501
(New Series), as follows:

Reciting that certain school bonds
of the issue of 1908 remain unsold
after having been advertised for sale,
no bids therefor having been accepted,
and directing that such unsold bonds
be placed on sale at the office of the
Treasurer of the City and County of
San Francisco and fixing the price for
which such bonds may be sold by the
said Treasurer of the City and County.

Be it ordained by the People of the
City and County of San Francisco as
follows:

Section 1. It is hereby recited and
declared that the Board of Supervis-
ors on the 20th day of October, 1913,
did adopt a resolution, by which reso-
lution the Clerk of said Board was di-
rected to give notice by advertisement,
as required by the Charter of said
City and County, that on the 3rd day
of November, 1913, up to the hour of
3 p. m. of said day, said Board would
receive and consider bids for the pur-
chase of school bonds, issue of 1908,
to the amount of \$300,000.00 compris-
ing twelve bonds of each year's matu-
rity, 1914 to 1938, inclusive.

That in compliance with said reso-
lution said clerk has caused to be pub-
lished in the official newspaper for a
period of ten days prior to said 3rd
day of November, 1913, an advertise-
ment and notice of such sale of said
described bonds, and that all of the
requirements of the Charter of the
City and County in respect thereto
were fully complied with.

That bids were received and ac-
cepted for the sale of one bond matu-
ring in 1938, ten bonds maturing in
1930 and two bonds maturing in 1928,
and such bonds were sold to the bid-
ders bidding therefor; that no other
bids were received and that the re-
maining portion of said bonds adver-
tised were unbid for and remain un-
sold.

Section 2. As provided in Section
10 of Article XII of the Charter of the
City and County of San Francisco it
is hereby ordered that the unsold
bonds described herein, to-wit, \$287,-

000.00 school bonds, issue of 1908, comprising twelve bonds of each year's maturity, 1914 to 1938, inclusive, (except that only ten of said bonds mature in 1928, two in 1930 and eleven in 1938) be placed on sale and offered for sale at the office of the Treasurer of the City and County of San Francisco, and the said Treasurer is hereby authorized to sell said described bonds to any person desiring to purchase the same. That the price at which said bonds may be sold is the par or face value thereof, together with any and all interest that may have accrued thereon at the time of the delivery of the same to the purchaser.

Section 3. This Ordinance shall take effect immediately.

eri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Nolan, Payot, Vogelsang—17.

Providing for City and County Good Roads Fund.

Bill No. 2757, Ordinance No. 2502 (New Series), as follows:

Providing for a City and County Good Roads Fund, and requiring the depositing of certain revenues to the credit of such fund.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. As provided in an act of the Legislature of the State of California, entitled, "An act to regulate the use and operation of vehicles upon the public highways and elsewhere," etc., approved May 31, 1913, a special fund is hereby created to be designated the "City and County Good Roads Fund," and which hereafter may be referred to as the "Good Roads Fund."

Section 2. All fines and forfeitures that may be collected by any court within the City and County of San Francisco for the violation of the act referred to in Section 1 shall be paid into said fund as provided in Section 36 thereof and shall be used for the construction, improvement and maintenance and repair of such roads as shall hereafter be designated by the Board of Supervisors. There shall also be paid into said fund all moneys received from the State of California as provided in Section 39 of said act, and such further sums as may be appropriated thereto by the Board of Supervisors, and the proceeds of all taxes levied for the benefit of such fund.

Section 3. This Ordinance shall take effect on midnight of the 31st day of December, 1913.

Requiring Safety Devices to Prevent Loss of Life From Poisonous Gases.

Bill No. 2751, Ordinance No. 2503 (New Series), as follows:

Requiring the acquisition, maintenance and use of *safety devices preventing* the loss of human lives from asphyxiation by poisonous gases in confined underground spaces and providing a penalty for the violation of any of the provisions hereof.

Be it Ordained by the People of the City and County of San Francisco as follows:

Section 1. Every person, firm, company or corporation owning, possessing, occupying, having the control of, or being engaged in the construction, alteration, repair or cleaning of, any

sewer, drain, manhole, culvert or other confined underground space accessible to poisonous gases, shall install, maintain, use or cause to be used, whenever such sewer, drain, manhole, culvert or other confined underground space is entered, such safety devices for the prevention of loss of human lives from asphyxiation by such poisonous gases, as may be approved by the Board of Health.

Section 2. Every person, firm, company or corporation referred to in the preceding section of this Ordinance violating any of the provisions thereof, shall be deemed guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine not exceeding five hundred (500) dollars, or by imprisonment not exceeding six (6) months, or by both such fine and imprisonment.

Section 3. All ordinances or parts of ordinances in conflict herewith are hereby repealed.

Single Curve Track Permit to United Railroads on California Street and Presidio Avenue.

Resolution No. 10518 (New Series), Resolved, That the United Railroads of San Francisco is hereby granted permission, revocable at will of the Board of Supervisors, to install a single curve track from the existing single track of the United Railroads of San Francisco, situate on Presidio avenue and California street, connecting with the tracks of the company in California street at Presidio avenue.

The said curve track to be used for the sole purpose of conveying empty cars from the terminus of Jackson street line at Presidio avenue and California street to and from the car barn at Clement street and Thirty-third avenue, over the following route:

From Presidio avenue and California street along California street to Parker avenue; thence along Parker avenue to Euclid avenue; thence along Euclid avenue to First avenue; thence along First avenue to Clement street; thence along Clement street to Thirty-third avenue, to the car barn of the company.

Provided the said track shall be laid to the satisfaction and under the supervision of the Board of Public Works, in strict accordance with the provisions of the ordinances of the City and County.

This permit is given upon the ex-

press understanding that prior to the construction of the track herein specified said United Railroads will construct a street railway to the Pacific Mail Dock, and then thereafter operate a line thereon to the satisfaction of the Board of Supervisors.

The United Railroads of San Francisco is required to file in the office of the Board of Supervisors, an acceptance in writing of the provisions of this resolution.

A failure to comply with any of the conditions in the foregoing paragraphs shall work an immediate forfeiture of this privilege.

Authorizing the Execution of a Deed by the Mayor and Clerk of the Board of Supervisors to the Boston Investment Co. to a Portion of Thirty-seventh Avenue.

Resolution No. 10519 (New Series), as follows:

Whereas, This Board on Monday, the 25th day of August, 1913, after proceedings theretofore had pursuant to the provisions of Chapter III, Article VI of the Charter of the City and County of San Francisco, duly and regularly adopted Resolution No. 10372 (New Series), closing and abandoning portion of Thirty-seventh avenue, between Geary and Clement streets, in the City and County of San Francisco, State of California; and

Whereas, On the 26th day of August, 1913, said Resolution was duly and regularly approved by the Mayor of the City and County of San Francisco; and

Whereas, The Boston Investment

Co., a corporation, owns all the real property affected by the said closing and abandonment of said portion of Thirty-seventh avenue, between Geary and Clement streets, in said City and County, more particularly described in said Resolution, being all the real property affected by the opening of the new streets hereinafter referred to; and

Whereas, The Boston Investment Co., a corporation, has made, executed and delivered to the Clerk of the Board of Supervisors of this City and County its certain deed, dated October 8, 1913, conveying all its right, title and interest in and to the property hereinafter described for the purpose of a public street in the City and County of San Francisco to be known and designated as Shore View avenue; said real property being more particularly described as follows, to-wit:

Commencing at a point on the westerly line of Thirty-sixth avenue, distant thereon 300 feet northerly from the point of intersection of the said westerly line of Thirty-sixth avenue with the northerly line of Geary street (formerly Point Lobos avenue); running thence north 3 degrees 23 minutes west along the westerly line of Thirty-sixth avenue 60 feet; thence westerly along a circular arc whose radius is 810 feet, whose center bears south 3 degrees 23 minutes east from the last mentioned point 134.30 feet to a point from which the center bears south 12 degrees 53 minutes east distant 810 feet; thence westerly along a circular arc whose radius is 856.19 feet, and whose center bears north 12 degrees 53 minutes west from the last mentioned point 283.92 feet to a point from which the center bears north 6 degrees 7 minutes east distant 856.19 feet; thence westerly along a circular arc whose radius is 810 feet and whose center bears south 6 degrees 7 minutes west from the last mentioned point 134.30 feet to a point on the easterly line of Thirty-eighth avenue, which is distant 360 feet from the point of intersection of the easterly line of Thirty-eighth avenue with the northerly line of Geary street and from which point the center bears south 3 degrees 23 minutes east distant 810 feet; thence south 3 degrees 23 minutes east along the easterly line of Thirty-eighth avenue 60 feet to a point; thence easterly along a circular arc whose radius is 750 feet and whose center bears south 3 degrees 23 minutes east from last mentioned point 124.35 feet to a point from which the center bears south 6 degrees 7 minutes west distant 750 feet; thence easterly along a circular arc whose radius is 430 feet and whose center bears south 6 degrees 7 minutes west from

last mentioned point 122.33 feet to a point on the westerly line of Thirty-seventh avenue and distant thereon northerly 252.74 feet from the point of intersection of the northerly line of Geary street with the westerly line of Thirty-seventh avenue, and from which point the center bears south 22 degrees 25 minutes west distant 430 feet; thence north 3 degrees, 23 minutes west along the westerly line of Thirty-seventh avenue 72.26 feet; thence at a right angle easterly 70 feet to a point on the easterly line of Thirty-seventh avenue; thence at a right angle southerly along the easterly line of Thirty-seventh avenue 72.26 feet to a point; thence easterly along a circular arc whose radius is 430 feet and whose center bears south 29 degrees, 11 minutes east from last mentioned point 122.33 feet to a point from which the center bears south 12 degrees 53 minutes east distant 430 feet; thence easterly along a circular arc whose radius is 750 feet, and whose center bears south 12 degrees, 53 minutes east from last mentioned point 124.35 feet to a point from which the center bears south 3 degrees 23 minutes east 750 feet distant, which point is the point of commencement.

Whereas, Said new street so laid out and dedicated to said City and County as aforesaid will and does constitute ample compensation to said City and County for its deed to the portion of Thirty-seventh avenue closed and abandoned as aforesaid and will be of much greater practical value both to the City and County and to the general public than the abandoned portion of Thirty-seventh avenue, between Geary and Clement streets,

Now therefore, the Mayor and the Clerk of the Board of Supervisors of the City and County of San Francisco in the name of said City and County are hereby authorized and instructed to execute a deed conveying all the right, title and interest of said City and County in and to said portion of Thirty-seventh avenue, between Geary and Clement streets, closed and abandoned as aforesaid, to The Boston Investment Co., a corporation. The deed authorized to be executed by the Mayor and the Clerk of the Board of Supervisors of this City and County is not to be delivered or recorded until after the recordation of the deed of the Boston Investment Co., a corporation, to the City and County of San Francisco.

follows:

Section 1. The Board of Public
Works in written communication filed
in the office of the clerk of the Board
of Supervisors October 29, 1913, having
recommended the ordering of the fol-
lowing street work, the same is hereby

ordered to be done in the City and
County of San Francisco in conform-
ity with the provisions of Chapter 2,
Article VI of the Charter, said work
to be performed under the direction of
the Board of Public Works, and to be
done in accordance with the specifica-
tions prepared therefor by said Board
of Public Works, and on file in its of-
fice, which said plans and specifica-
tions are hereby approved and adopted.

That the crossing of Sixteenth and
Castro streets be improved by grading
to official line and grade; resetting the
existing granite curbs and brick catch-
basins to official line and grade; by
paving the roadway thereof with an
asphalt pavement consisting of a 6-
inch concrete foundation and a 2½-

by the construction of granite curbs
and artificial stone sidewalks on the
angular corners thereof where not al-
ready constructed; by the construction
of a brick catchbasin with cast-iron
frame, grating and trap, and ten (10)
inch vitrified, salt-glazed, iron-stone
pipe culvert on the northwesterly an-
gular corner thereof; by resetting to
official line and grade the brick catch-
basins already constructed that are
not at official line and grade, and by
the construction of an asphalt pave-
ment consisting of a six (6) inch con-
crete foundation and a two (2) inch
asphaltic wearing surface on the road-
way thereof.

Full Acceptance, Geary Street.

Bill No. 2762, Ordinance No. —
(New Series), entitled, "Providing for
full acceptance of the roadway of Geary
street, between Twenty-fifth and
Twenty-sixth avenues; Geary street,
Eleventh to Twelfth avenues."

Amending Street Specification Ordinance.

Also, Bill No. 2763, Ordinance No. —
(New Series), as follows:

Adding a new section, to be known
as Section 41½, to Ordinance No. 240,
entitled, "Providing general rules and
standard specifications for street and
sidewalk work and limiting the use of
various kinds of pavements and side-
walks in the City and County of San
Francisco," approved March 1, 1901.

Be it ordained by the People of the
City and County of San Francisco as
follows:

Section 1. A new section, to be known as Section 41½, is hereby added to Ordinance No. 240, the title to which is recited in the title to this ordinance, to read as follows:

Section 41½. Notwithstanding anything to the contrary in this ordinance contained, pavements on the grades herein specified shall be constructed as follows:

On streets below a five per cent grade all basalt block pavements, either on concrete or sand base, shall be grouted with asphalt or coal tar cement flush with the top of the blocks, as provided in Section 28.

On streets between five per cent and eight per cent grade all basalt block pavements, either on a sand or concrete base, shall be grouted with a cement grout to one inch from the top of the blocks.

On all streets having a grade of between eight per cent and fifteen per cent, all basalt block pavements laid in strips along the center or sides shall have a concrete base and all spaces between the blocks shall be completely filled with clean gravel.

On all streets with a grade exceeding fifteen per cent, all basalt block or cobble stone pavement, shall have the spaces between the blocks or cobbles filled with clean gravel, and no concrete base shall be required.

Cement grouting as required by this section shall consist of one (1) part Portland cement conforming to the standard specifications and two (2) parts clean bank sand. The sand and cement shall be mixed dry until of a uniform color, then sufficient water shall be added to form a liquid mixture of the consistency of thin cream which will flow easily to the bottom of the joints. It shall be removed in this condition from the box to the surface of the street and swept into the joints. The material in the box shall be constantly stirred with hoes to keep it from settling, and the box shall be kept close to the work so that the grout shall not be carried any distance and allowed to settle. A mechanical mixer which keeps the grout in constant motion may be substituted for the box.

As soon as the grout in the joints becomes stiff enough not to flow it is to be swept out to a depth of one (1) inch below the top, and the joints are then to be filled to the top with the gravel.

No travel shall be allowed on the pavement grouted with cement for a period of seven (7) days after its completion, and the contract shall provide a watchman to maintain ample barricades.

All work that is finished shall be

sprinkled with water each day for three (3) days.

Section 2. This ordinance shall take effect immediately.

Action Deferred.

The following bill, laid over from last meeting, was taken up and on motion of Supervisor George E. Gallagher again *laid over one week*:

Bill No. —, Ordinance No. — (New Series), as follows:

Amending Section 286 of Ordinance No. 1008 (New Series), entitled, "Regulating the construction, erection, enlargement, raising, alteration, repair, removal, maintenance, use and height of buildings; regulating character and use of materials in and for buildings; establishing fire limits, and repealing all ordinances in conflict with this ordinance."

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 286 of Ordinance No. 1008 (New Series), the title to which is recited in the title to this Ordinance, is hereby amended to read as follows:

Safety of Scaffolds.

Section 286. It shall be unlawful for any person, firm or corporation to erect, maintain, suspend, swing or use, or cause to be erected, maintained, suspended, swung or used, any scaffold or staging, unless the same be suspended by wire ropes or cables operated over steel pulleys, and be of sufficient strength to support the weight placed thereon and of sufficient width to prevent any person working thereon or any materials placed thereon from falling.

It shall be unlawful for any person, firm or corporation to swing or suspend, or cause to be swung or suspended, from any overhead support or supports, any staging or scaffolding, more than twenty (20) feet above the ground or floor, unless the same shall have, when in use, a safety rail, rising at least thirty-four (34) inches above the level, and extending along the outer edge and across the ends of such staging or scaffolding, and unless the same shall be provided with braces sufficient to sustain the weight of a man's body, and to prevent said staging or scaffolding from swaying from the building or structure from which it is suspended.

All wire ropes, cables and steel pulleys used in the construction of swinging scaffolding or staging shall be approved by the Board of Public Works before being used.

Section 2. This Ordinance shall take effect immediately.

Telegrams.

San Francisco, Cal., Nov. 11, 1913.
To Hon. James D. Phelan,
Care J. S. Dunnigan, Hotel Powhatan, Washington, D. C.

In behalf of San Francisco permit me to appeal to you to remain in Washington until the Hetch Hetchy bill has been safely passed. We all realize the great aid you have been in furthering this all-important legislation. While disliking to impose upon you, I feel that the situation may be so critical that your assistance would be invaluable. May I ask whether you can find it possible to be in Washington until the bill is passed?

JAMES ROLPH, JR.,
Mayor.

Washington, D. C., Nov. 12, 1913.
Mayor Rolph,
City Hall, San Francisco, Cal.

I have your telegram requesting me to serve in the matter of the Hetch Hetchy bill now before the Senate. I

had transportation home tomorrow, but will remain here and do all I can.
JAMES D. PHELAN.

Office of Sealer of Weights and Measures
Not Subject to Civil Service Provisions of Charter.

The following matter was present-

ed, read and ordered spread at length in the Journal:

November 15, 1913.

Gentlemen: I am in receipt of your communication of October 22, 1913, which reads as follows:

"At the meeting of the Board of Supervisors held Tuesday, October 14, 1913, Supervisor Murdock presented the following resolution:

"Resolved, That the Board of Civil Service Commissioners be requested to hold at the earliest date feasible, an examination for the office of Sealer of Weights and Measures, established by Ordinance No. 2442 (New Series), that the appointment may be made by the Board of Supervisors in accordance with the provisions of Section 2 of Article XIII of the Charter."

"This resolution was referred to the Judiciary Committee. I am directed by the Judiciary Committee to request you for an opinion as to whether or not the office of Sealer of Weights and Measures, created by Ordinance No. 2442 (New Series), is subject to the Civil Service provisions of the Charter."

Opinion.

The office of Sealer of Weights and Measures was created by an Act of the Legislature of the State, approved June 16, 1913, Section 14 of which Act provides that "the office of Sealer of Weights and Measures is hereby created." Section 17 of the same Act provides that "the legislative body of any county, or city and county, or of any city or town may appoint a sealer of weights and measures." The Act fully prescribes the duties and powers of the Sealer of Weights and Measures, and is a complete law covering weights and measures.

The power of the Legislature to create additional county officers for a city and county is unquestioned. It is also unquestioned that the City and County of San Francisco has a dual political character, that of a municipality and that of a county.

In *Nichol v. Koster*, 157 Cal. 416, the court said:

"The consolidated City and County of San Francisco partakes of the nature of a city and county. It has the powers and performs the functions of both."

The office of Sealer of Weights and Measures is therefore a county office created by the Legislature, and the officer of Sealer of Weights and Measures is a county officer. The function of the Supervisors in appointing a Sealer of Weights and Measures is purely that of an appointing power. The Bureau of Weights and Measures is not a bureau under the control or jurisdiction of the Board of Supervisors, and is not a part of that department. The duties of the Sealer of Weights and Measures are not pre-

scribed by the Board of Supervisors, but by the legislative act.

The question whether or not the office of Sealer of Weights and Measures comes under the Civil Service provisions of the Charter depends upon the charter. Section 11 of Article XIII, as amended, provides "that the provisions of this article shall apply to the following offices and departments of the city and county," among which is the Board of Supervisors. As pointed out, the Legislature has created the office of Sealer of Weights and Measures which becomes an office of the county. That office is not enumerated in Section 11. The evident intent of that section is to place the employes of the different enumerated offices and departments under the provisions of Civil Service.

As pointed out, however, the office of Sealer of Weights and Measures is not a part of the Board of Supervisors, and the officer of Sealer of Weights and Measures is not an employe or part of the force of the Board of Supervisors. It is an independent office and department of the city and county government, and the sealer is the officer who occupies that office.

The office of Sealer of Weights and Measures not being one of the offices enumerated in Section 11, Article XIII, and the Sealer of Weights and Measures not being an employe or a part of the force of the Board of Supervisors, it follows that the office does not come under the Civil Service provisions of the Charter. It would require an amendment of the Charter to bring it under these provisions.

Respectfully,

PERCY V. LONG,
City Attorney.

Board of Supervisors.

REPORTS OF COMMITTEES.

The following Committees, by their respective chairmen, presented reports on various matters referred, which reports were received, read and ordered placed on file:

Hearing of Appeal Against Street Assessment.

The hearing of the appeal of J. Kemp from assessment issued to the Raisch Improvement Company for street work at the corner of Army and Noe streets, fixed for 3 p.m. this day, was proceeded with:

Privilege of the Floor.

Fred A. Temple, assistant engineer of the Board of Public Works, was granted the privilege of the floor and addressed the Board. He declared that the rock was a little larger than the mesh required by the specifications. He said cement was of good quality and in larger quantity than required. He stated that the cement was one and one-half inches thick, instead of one-half inch, as required by the specifications.

Mr. Cook said that chemical analysis shows more cement than required; sand was a little in excess. Job was considered good piece of work.

Mr. Heusted, attorney representing J. Kemp, opposed the assessment on the ground that the work was not done according to specifications.

Motion.

Supervisor George E. Gallagher moved that the appeal be denied and the report of the Board of Public Works *sustained*.

So ordered.

Whereupon, the following resolution No. 10539 (New Series) was introduced under suspension of the rules and *adopted* by the following vote:

Resolved, That the appeal of J. Kemp et al., against the assessment issued to Raisch Improvement Company, a corporation, for the street work at the crossing of Army and Noe streets be and is hereby denied, and the assessment *sustained*.

Providing for Delegation to Washington in Behalf of Raker's Hetch Hetchy Bill.

On motion of Supervisor Murphy:
J. R. No. 981.

Whereas, The Act known as the Raker Bill, granting to the City and County of San Francisco rights of way in, over and through certain public lands, the Yosemite National Park and Stanislaus National Forest and certain lands in the Yosemite National Park, the Stanislaus National Forest and the public lands in the State of California, and for other purposes, has passed the House of Representatives and is now pending in the Senate of the United States to be finally considered between December 1st, 1913, and December 6th, 1913; and

Whereas, The passage of this bill is of vast importance to the City and County of San Francisco and is vital to the well being of this City and the entire bay region; and

Whereas, If said bill fails of passage it is certain that many years will elapse before the rights prayed for

will be granted by the Government of the United States; and

Whereas, Every effort should be made by this city to secure the immediate passage and approval of said act, and that a proper delegation should be dispatched to Washington to urge the passage and approval of said act; therefore be it

Resolved, That the Mayor, the City Engineer and the City Attorney be and they are hereby authorized and directed to proceed to Washington and use their best efforts, together with Supervisor Vogelsang and Clerk Dunigan, to secure the passage of said act; and be it further

Resolved, That the Finance Committee of this Board shall make such appropriation to meet the expenses of said delegation, as may be meet and proper.

Municipal Railway Trolley Poles to be Placed Alongside Curb on Van Ness Avenue.

On motion of Supervisor Murphy:
J. R. No. 982.

Resolved, That the Board of Public Works be advised that in preparing specifications for the construction of a municipal railway on Van Ness avenue, this Board approves the plan of constructing trolley poles at the edges of the sidewalks in preference to erecting them in the center of the roadway.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McLeran, Murdock, Murphy, Payot—15.

Recommended.

The following resolution was introduced by Supervisor Murphy, and on his motion ordered *recommitted to the Public Utilities Committee*:

Property Owners to Pay for Paving Between Tracks of Municipal Railway.

On motion of Supervisor Murphy:
J. R. No. —

Whereas, The construction of municipal railways results in great benefit and added value to the property fronting on the street wherein the same is constructed, and there is no reason why such property should be further benefited by the city constructing the pavement between the tracks and two feet on each side thereof; therefore.

Resolved, That the policy of this Board is to require pavements laid on unaccepted streets for the full width thereof at the expense of the abutting property, except that the city will fur-

nish the heading blocks along the rails of municipal street railways.

Pole and Wire Permit.

Supervisor Murphy presented: Resolution No. 10541 (New Series), as follows:

Resolved, That the Pacific Gas and Electric Company be granted permission to erect poles and place wires thereon for the purposes of conducting electricity at the following locations:

One 35-foot pole on Dow place, east of Third street.

Four 40-foot poles on Wisconsin street, between Twenty-second and Twenty-third streets.

One 40-foot pole on Twenty-second street, between Wisconsin and Carolina streets.

Such installation to be done to the satisfaction of the Board of Public Works and the Department of Electricity.

This permission shall not be construed to grant any easement in said streets, and any rights herein granted shall be revocable at any time, and any property in said streets and place shall be removed upon ten days' notice by the Board of Supervisors.

Amendment.

Supervisor Koshland moved to amend by adding the following paragraph:

"Provided that said poles shall be permitted to be used by the City without charge or by public service corporations requiring the use thereof, upon payment of a rental charge or upon payment of proportionate cost of installation and maintenance; such charges and costs to be determined by the Board of Supervisors."

Amendment carried.

Adopted.

Whereupon, the above Resolution as amended was *adopted* by the following vote:

The following resolution was introduced by Supervisor Murphy, and on his motion *recommended to the Public Utilities Committee*:

Railroad Commission to Consider Complaint Against Inadequacy of Southern Pacific Terminal Station at Third and Townsend Streets.

On motion of Supervisor Murphy:

J. R. No. —

Whereas, The depot facilities at present afforded the traveling public by the Southern Pacific Company in the City and County of San Francisco are entirely inadequate and will be-

come more so during the World's Fair year; and

Whereas, The said Southern Pacific Company, by its duly authorized officers, has advised this Board that it will not improve such passenger depot facilities unless it is granted valuable franchise rights on terms to be dictated by itself, and which if conceded would result in materially retarding the development of the southern portion of the city; and

Whereas, The Railroad Commission of the State of California is vested by the constitution and laws of the State with the power to determine the adequacy, as well as the location of depots in the different cities of the State, and to compel compliance with such determination; now therefore, be it

Resolved, That the Mayor and the City Attorney be, and they are hereby directed, for and in behalf of the City and County of San Francisco, to file forthwith with the State Railroad Commission a complaint setting forth the particulars in which said depot facilities are inadequate, and praying for an order by said Commission, to be directed to said Southern Pacific Company, to show cause why it should not provide adequate passenger facilities for the City and County of San Francisco, and that upon the return of such order and after such hearings as said Commission may deem necessary, it direct said Southern Pacific Company to provide reasonable and adequate depot facilities, of such construction and at such location as said Commission may determine.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Referred.

The following Resolution was introduced by Supervisor Andrew J. Gallagher, and on motion of Supervisor Jennings referred to the Finance Committee by the following vote:

Property Owners to Purchase Water Bonds for Making Extensions to Pipe System.

J. R. No. —.

Whereas, The urgency of installing mains in order to afford water service for the outlying districts of San Francisco is of paramount importance at this time, and

Whereas, All of the 5 per cent bonds placed on sale with the Treasurer have been sold and there is reason to believe that interested property owners and improvement associations, in order

to obtain such water service, will take up the Hetch Hetchy Water Bonds which the Treasurer has been authorized to sell over the counter, therefore be it

Resolved, That the Treasurer be and he is hereby requested to solicit offers for the purchase of such bonds from such property owners and improvement associations in outlying districts which are suffering from inadequacy or want of water service, and in the event that he is successful in the sale of such bonds, be it

Further Resolved, That the Board of Public Works proceed with all diligence in carrying out the plan of proposed extensions in the Richmond and other districts as laid down in the City Engineer's report dated August 19, 1912.

Ayes—Supervisors Bancroft, Caglieri, Giannini, Hayden, Hilmer, Jennings, Koshland, Mauzy, Murdock, Murphy, Payot—12.

MAYOR'S VETO.

Opera House Ordinance.

The following message from his Honor the Mayor, returning without his approval and with his objections thereto, Bill No. 2746, Ordinance No. 2508 (New Series), and the accompanying communications and telegrams were received, read and ordered spread in the Journal and referred to the Public Welfare Committee:

San Francisco, Cal., Nov. 20, 1913.

To the Honorable Board of Supervisors of the City and County of San Francisco, San Francisco, Cal.

Gentlemen—I hereby return to you, without my approval, Bill No. 2746, Ordinance No. 2508 (New Series), accepting the offer of the Musical Association of San Francisco of a gift or donation in the sum of eight hundred and fifty thousand (\$850,000) dollars, more or less, in trust for the purposes of building and equipping an opera house on the site in the Civic Center selected and set aside for an opera house, under Ordinance No. 2486 (New Series), approved October 16th, 1913; providing for the execution of the said trust confided to the City and County

of San Francisco by said Musical Association of San Francisco; accepting the terms and conditions of said trust, and accepting the plans for said opera house offered by the Musical Association of San Francisco, which was passed by your Honorable Board on November 10, 1913, and presented to me on November 11, 1913.

It is with keen personal regret that I am compelled to take this action. In doing so, I share the disappointment of all who desire the immediate construction of an opera house that will be, at once, a means of public education and an artistic charm.

The public spirit that has advanced this project cannot be too highly commended.

There are, however, fundamental principles of our Government that make a partnership between municipal property and private capital, on the lines proposed, impossible.

I cannot construe the Charter of our City, either in letter or spirit, as permitting this combination.

The proposed ordinance provides that the trustees to be appointed thereunder, "Shall designate either a box, loge or seats for each contributing member of such Association, and the contributor to whom a box, loge or seats is or are so assigned, shall always have the prior right to the use of such box, loge or seats at any public performance given in said opera house, and may dispose of said right by deed, will or gift, provided that each holder of such right shall pay for the use of such box, loge or seats when used by the holder, at the same rate and scale of prices as are to be charged to the general public; and provided that the holder of such right exercises his said right to the use of said box, loge or seats for any performance at least twenty-four hours before the beginning of the performance; and provided further, that the number of boxes, loges and seats which may be so assigned shall be limited to forty boxes, thirty-one loges and 350 seats."

This clause confers upon the donors, their heirs and assigns forever, a right prior to the right of the general public, to the use of public property. The private donors, according to the bill,

are to contribute \$850,000, more or less, towards the cost of erecting an opera house to be built upon a parcel of land belonging to the public, in the Civic Center, and of the approximate value of \$1,000,000. In other words, the public are to contribute towards a municipal opera house more than the private donors contribute, while the bill provides that "at least four hundred seats in what shall be known as the 'family circle' in said opera house shall always be reserved for citizens and inhabitants of the City of San Francisco up to and including twelve noon of the day of any evening performance."

The private donors, contributing less than the public, are given the prior right and the best seats in the house, including forty boxes, thirty-one loges and 350 seats, aggregating approximately 856 seats, not restricted to the "family circle."

The proposed ordinance provides the opera house shall be controlled by a board of fifteen trustees, of whom one shall be the Mayor, one member of the Board of Supervisors, one a member of the Board of Education, one a member of the Board of Park Commissioners, one a member of the Board of Library Trustees and the remaining ten of whom shall be named by the Mayor.

A demand is made upon me by the respective contributors as a condition precedent to the gift of \$850,000 that I shall name as trustees persons selected by the Musical Association. When the Board of Trustees is appointed, two-thirds of the entire number, namely ten members, constitute a self-perpetuating body, vacancies in which are to be filled by the surviving members of the group of ten trustees; that is to say, the public, which contributes more than one-half of the cost of the enterprise, shall never have control of the opera house erected on City property.

It should be remembered that our great Panama-Pacific International Exposition, which makes our city the representative of the Nation and the hostess of the world, and promises more to her moral and material advancement than any event in her history, was not possible until the Charter was amended, by the vote of the people, directly sanctioning its present form and organization.

I perceive no method whereby the organic law, and the principles of our government can be reconciled with your ordinance, otherwise than by the direct amendment of the Charter through the vote of the people.

Very respectfully yours,

JAMES ROLPH, JR.,
Mayor.

Communications and Telegrams.

The following were presented and read:

San Francisco, Cal., Nov. 25, 1913.
Honorable Board of Supervisors, San Francisco.

Re Opera House Ordinance.

Gentlemen: I beg to hand you herewith copy of a letter addressed to me by Mr. Joseph D. Redding, and a copy of my reply thereto, together with copies of telegrams exchanged with the Mayors of Minneapolis, St. Paul and Denver.

These I hand you for your records in connection with this ordinance.

Very respectfully yours,

JAMES ROLPH, JR.,
Mayor.

San Francisco, Cal., Nov. 19, 1913.
Hon. James Rolph, Jr., Mayor of San Francisco, City Hall, San Francisco.

Dear Mr. Rolph: I was confused as to the name of the city in my statement this morning. There have been constructed recently opera houses or auditoriums in St. Paul and also in Denver. The case of *Denver v. Hallett*, 34 Colorado 393, reviews the question of buildings of this nature upon municipal property and the uses, general and exclusive, to which such structures may be put.

The point raised in the Denver case against the construction was that some of the uses would be for a private and not for a public purpose, which in its general aspect, as I understand it, is allied to the point you were raising this morning. The court says: "It is not a valid objection to the exercising of municipal power that the public will not make exclusive use of the building." In other words, if the right of the donors of \$850,000 to occupy certain particular seats in an opera house constructed on municipal property gives them a special privilege, this right would not constitute a valid objection to the ordinance.

This whole case of *Denver v. Hallett* is very instructive as it cites many instances of similar efforts.

I spoke to Mr. Lull just before leaving your office and stated that I thought it was St. Paul which had recently built an opera house or auditorium. He recalled this to be the fact. I think, however, that the Denver case is the one that we both have had in mind.

I beg to remain yours very sincerely,
JOSEPH D. REDDING.

San Francisco, Cal., Nov. 20, 1913.
Mr. Joseph D. Redding, Crocker Building, San Francisco.

Dear Mr. Redding: Your favor of yesterday's date is received and noted. I have looked up the case you refer

to of Denver v. Hallett, but it appears to me that this case does not apply to a situation in which boxes and seats are involved in perpetuity for the private contributors to the fund for the erection of the building. In that case the proposal was that the City of Denver should pay the entire cost of erecting an auditorium and should have entire control over the building when erected. A taxpayer objected to the bond issue upon the ground that the auditorium was sometimes to be let for purposes that were not entirely public; as, for example, for national conventions or political or fraternal organizations.

In reply to this objection, the court said, "That it is not a valid objection to the exercise of municipal power, that the public will not make exclusive use of the building."

I beg to hand you, herewith, copies of telegrams I sent to the Mayors of Minneapolis and St. Paul, and copies of the replies received thereto. I also wired the Mayor of Denver along similar lines, but, thus far, have no reply.

Our auditorium is built on city property and is being donated to the City by the Panama-Pacific International Exposition Company, and will be under exclusive municipal control. The Armory Building now nearing completion at the corner of Fourteenth and Mission streets, San Francisco, is being constructed by State funds to which was added a large sum, by private subscription, and the entire management is under State control.

I beg to hand you, herewith, a copy of my message to the Board of Supervisors disapproving of the present plan for the erection of an opera house, and I hope you will be able to overcome the objections raised and that the opera house can be built by the private donors and made a gift to the City.

Very sincerely yours,

(Signed) JAMES ROLPH JR.,
Mayor.

P. S.—A reply to my telegram to the Mayor of Denver has just come in, and I am enclosing you herewith a copy.

San Francisco, Nov., 18, 1913.

To the Honorable J. M. Perkins, Mayor,
Denver, Col.

Will you kindly wire me at my expense this afternoon the full text of your ordinance relating to the creation, operation and control of your municipal opera house; also the cost, seating capacity, any special privilege features, and whether same is on city land and how the trustees and their successors are appointed? An immediate reply is quite important to me this afternoon, and I shall appreciate

your immediate attention. Very respectfully,

JAMES ROLPH, JR.,
Mayor.

Denver, Col., Nov. 20, 1913.

James Rolph, Jr., Mayor, San Francisco, Cal.

Auditorium site secured through purchase, cost \$687,000; four hundred thousand 4 per cent bonds issued, balance from general revenue; seating capacity 15,000; five city commissioners have supervisory charge; operating management directed by commissioner of finance. Your wire received too late for reply yesterday.

J. M. PERKINS,
Mayor.

San Francisco, Cal., Nov. 16, 1913.

To the Honorable H. P. Keller, St. Paul, Minn.

Will you kindly wire me at my expense this afternoon the full text of your ordinance relating to the creation, operation and control of your municipal opera house; also the cost, seating capacity, any special privilege features, and whether same is on city land and how the trustees and their successors are appointed? An immediate reply is quite important to me this afternoon, and I shall appreciate your immediate attention. Very respectfully,

JAMES ROLPH, JR.,
Mayor.

St. Paul, Minn., Nov. 19, 1913.

James Rolph, Jr., Mayor San Francisco, Cal.

Auditorium operated by board of five commissioners appointed by Mayor under special act of Legislature; members serve without pay; building complete cost \$461,000 of which site cost \$61,000; \$208,000 raised by popular subscription, of which city added \$200,000 by issue of bonds at 4 per cent. Building and site turned over to city and operated by city same as any other public building. Seating capacity as theater, 3,079; as auditorium, 10,000. Commission form of government to go into effect June, 1914. This abolishes Board of Auditorium Commissioners and places building under charge of Commissioner of Education.

H. P. KELLER,
Mayor.

San Francisco, Nov. 18, 1913.

To the Honorable W. G. Nye, Mayor,
Minneapolis, Minn.

Will you kindly wire me at my expense this afternoon the full text of your ordinance relating to the creation, operation and control of your municipal opera house? Also the cost,

seating capacity, any special privilege features, and whether same is on city land and how the trustees and their successors are appointed. An immediate reply is quite important to me this afternoon, and I shall appreciate your immediate attention. Very respectfully,

JAMES ROLPH, JR.,
Mayor.

Minneapolis, Minn., Nov. 19, 1913.
To James Rolph, Jr., Mayor, San Francisco.

Minneapolis does not have a municipal opera house.

W. G. NYE,
Mayor.

San Francisco, Cal., Nov. 19, 1913.
To Hon. W. G. Nye, Mayor, Minneapolis, Minn.

Thanks for your message. Kindly advise me whether Minneapolis has an opera house and if so what is the nature of its ownership and management and what was the cost of same? If you have an opera house, does the city participate in it in any way?

JAMES ROLPH, JR.,
Mayor.

Minneapolis, Minn., Nov. 19, 1913.
To James Rolph, Jr., Mayor, San Francisco, Cal.

Know of no city having municipal opera house. Minneapolis has two private ownership. City participates in no way in management except that opera house pay license fee to city.

W. G. NYE,
Mayor.

The following matters were also presented and read:

Communication—From San Francisco Chamber of Commerce, transmitting resolutions of said organization endorsing proposed municipal opera house, and requesting Supervisors to conserve to the City this public spirited donation.

Communication—From San Francisco Labor Council, congratulating Mayor on his veto of opera house ordinance and condemning "Chronicle's" criticism of his action.

Communication—From Public Ownership Association, commending Mayor on his veto, opposing the granting of any private or privileged rights in the proposed municipal opera house.

Adopted.

The following resolution was, thereupon introduced by Supervisor Bancroft under suspension of the rules:

City Attorney to Advise as to Power to Acquire Opera House by Eminent Domain Proceedings.

J. R. No. 985.

Resolved, That the Board of Super-

visors requests the opinion of the City Attorney as to whether power rests in the people or could be so vested by amendment of law to acquire in eminent domain proceedings or otherwise, the rights, interests or privileges of the donors of the proposed opera house, providing the proposed agreement should go into effect.

Motion.

Supervisor Andrew J. Gallagher moved reference to Public Welfare Committee.

Motion lost.

Adopted.

Whereupon, the foregoing resolution was adopted by the following vote:

Ayes—Supervisors Bancroft, Cagli-
eri, George E. Gallagher, Giannini,
Hayden, Hilmer, Hocks, Jennings,
Koshland, Mauzy, McCarthy, McLeran,
Murdock, Murphy, Nolan, Payot—16.

City Attorney's Opinion as to "Hotels" Within Exposition Grounds.

The following matters were presented and read by the Clerk:

Communication—From City Attorney, advising that striking out the word "hotels" from Section 11 of the Exposition ordinance would not thereby prevent erection within Exposition grounds of proposed "Inside Inn."

Referred to Exposition Committee.

Adopted.

Whereupon, the following resolution was introduced under suspension of the rules by Supervisor George E. Gallagher and adopted:

City Attorney to Advise as to Character of Buildings That May be Erected in Exposition Grounds.

On motion of Supervisor George E. Gallagher:

J. R. No. 986.

Resolved, That the City Attorney is hereby requested to advise this Board upon the following matters:

1. Has the Board of Supervisors any jurisdiction over the erection and character of construction of buildings within the Exposition grounds?

2. Is there any limitation as to the kind and character of buildings that the Exposition Company can erect within the Exposition grounds?

Ayes—Supervisors Bancroft, Cagli-
eri, Andrew J. Gallagher, George E.
Gallagher, Giannini, Hayden, Hilmer,
Hocks, Jennings, Koshland, Mauzy,

Communication—From the City Attorney, outlining procedure to be followed in enacting an ordinance providing for industrial zones within which it will be unnecessary to secure permits for laundries, stables, etc.

Referred to Joint Committee on Public Health and Fire.

Relative to Excessive Rates Charged by Lighting Companies.

Communication—From City Attorney, stating in reply to J. R. No. 961 that he knows of no effective measures that can be taken to prevent gas and electric companies charging rates greater than those fixed by the Board of Supervisors.

Referred to Lighting and Rates Committee.

Condemnation of Spring Valley Water Company's Properties.

Communication—From City Engineer, transmitting atlas and list of properties of Spring Valley Water Company necessary, available and usable for a source of water supply for San Francisco which the distribution system can be made an integral part of Sierra water supply.

Referred to the Public Utilities Committee.

Passed for Printing.

Thereupon the following Bill was introduced by Supervisor Murphy and passed for printing:

Bill No. 2769, Ordinance No. — (New Series), as follows:

Declaring and determining that the public interest and necessity require the acquisition by the City and County of San Francisco of certain properties for public use, and instructing the City Attorney to commence and prosecute proceedings for the condemnation thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Whereas, the Board of Supervisors of the City and County of San Francisco did, by Journal Resolution No. 639, adopted February 24, 1913, direct the City Engineer to prepare a list of properties belonging to the Spring Valley Water Company which are actually necessary, available and usable for a source of water supply for the City and County of San Francisco, and which lands and other properties, including distributing sys-

tem, can be made an integral part of a Sierra water supply;

And Whereas the City Engineer did, on the twenty-fifth day of November, 1913, file in the office of the Clerk of said Board of Supervisors a list of such properties, as required by the terms of the aforesaid resolution, together with his report concerning the same, to which list and report of the City Engineer now on file in the office of the Clerk of said Board of Supervisors, reference is hereby made for further particulars with regard thereto.

Section 2. It is hereby determined and declared:

That public interest and necessity require the acquisition by the City and County of San Francisco of all those certain properties, which are particularly described in the aforesaid list and report filed by the City Engineer in the office of the Clerk of the Board of Supervisors on November 25th, 1913, as aforesaid;

That all of the said properties which are particularly described in said list and report are suitable and adaptable to and necessary for a public use, to-wit, a public water system plant to be owned and operated by said City and County of San Francisco;

That the City Attorney is hereby instructed to commence proceedings against the owner or owners of all of the aforesaid properties for the condemnation thereof for the use of the City and County of San Francisco, as aforesaid, and to prosecute such proceedings to as speedy a determination as possible.

Section 3. This Ordinance shall take effect immediately.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot—17.

Acceptance of Invitation of Exposition Company.

Supervisor McCarthy presented:

Communication—From Panama-Pacific International Exposition Company, inviting members of Board of Supervisors to attend buffet luncheon and inspect progress of work at Exposition grounds.

Invitation accepted, Clerk to notify Exposition Company and members of Board.

City Attorney's Opinion on Removal of Cemeteries.

The following matter was presented and read by the Clerk:

Communication—From City Attorney, advising in reply to J. R. No. — that abandonment and parking plan of cemetery removal are essentially in

conflict and believes that they cannot be co-ordinated.

Referred to Public Welfare Committee.

The following Committees, by their respective chairmen, presented reports on various matters referred, which reports were received, read and ordered placed on file:

Fire Committee, by Supervisor Giannini, Chairman.

Public Buildings Committee, by Supervisor Bancroft, Chairman.

Supplies Committee, by Supervisor Koshland, Chairman.

Public Utilities Committee—By Supervisor Murphy, Acting Chairman.

Streets Committee—By Supervisor George E. Gallagher, Chairman.

Report of Finance Committee on Sale of Water Bonds.

The following report was presented by Supervisor Jennings and *adopted*: San Francisco, November 25, 1913.

To the Honorable, the Board of Supervisors, San Francisco, Cal.

Gentlemen:

Your Finance Committee, to whom the Board referred the Resolution of Supervisor Andrew J. Gallagher, calling upon the Treasurer to solicit offers for the purchase of Hetch Hetchy water bonds by property owners and improvement associations for the purpose of making water extensions in the outlying districts, and calling upon the Board of Public Works to proceed with all diligence in carrying out the plan of proposed extensions in the Richmond and other districts as laid down in the City Engineer's report under date of August 19, 1912, beg leave to report that they have no objection to the adoption of this Resolution, notwithstanding that these bonds are on sale over the counter at the Treasurer's office at the present time—the Treasurer having been authorized to sell same under Ordinance No. 2364 (New Series), which finally passed the Board of Supervisors July 14, 1913, and was approved by his Honor the Mayor July 17, 1913.

Providing, however, these water mains and pipes are laid in accordance with the plan of procedure which the City Attorney and City Engineer were requested to formulate under Journal Resolution No. 959, adopted by the Board of Supervisors November 3, 1913, and

Provided further, that the persons or organizations purchasing these water bonds will agree not to place the same on the market for sale for at least one year.

Respectfully submitted,

THOS. JENNINGS,
D. C. MURPHY,

W. H. McCARTHY,
Finance Committee.

Whereupon the following Resolution was presented and *adopted* by the following vote:

Treasurer to Solicit Sale of Water Bonds.
J. R. No. 990.

Whereas, The urgency of installing mains in order to afford water service for the outlying districts of San Francisco is of paramount importance at this time, and

Whereas, All of the 5 per cent bonds placed on sale with the Treasurer have been sold and there is reason to believe that interested property owners and improvement associations, in order to obtain such water service, will take up the Hetch Hetchy water bonds which the Treasurer has been authorized to sell over the counter, therefore be it

Resolved, That the Treasurer be and he is hereby requested to solicit offers for the purchase of such bonds from such property owners and improvement associations in outlying districts which are suffering from inadequacy or want of water service, and in the event that he is successful in the sale of such bonds, be it further

Resolved, That the Board of Public Works proceed with all diligence in carrying out the plan of proposed extensions in the Richmond and other districts as laid down in the City Engineer's report dated August 19, 1912.

Providing, however, these water mains and pipes are laid in accordance with the plan of procedure which the City Attorney and City Engineer were requested to formulate under Journal Resolution No. 959, adopted by the Board of Supervisor November 3, 1913, and

Provided further, that the persons or organizations purchasing these water bonds will agree not to place the same on the market for sale for at least one year.

phy, Nolan, Payot—17.

Adopted.

The following Resolutions were introduced under suspension of the rules and *adopted*:

Leave of Absence, Mayor James Rolph, Jr.
On motion of Supervisor Jennings:
J. R. No. 987.

Resolved, That his Honor James Rolph, Jr., Mayor of the City and County of San Francisco, be granted permission to leave the State for a period of thirty days from this date for the purpose of representing the City and County at Washington, D. C.,

in the matter of the Hetch Hetchy grant.

Ayes—Supervisors Bancroft, Cagliari, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot—17.

Supervisor Thos. Jennings Appointed Acting Mayor.

On motion of Supervisor Murphy: J. R. No. 988.

Resolved, That Supervisor Thomas Jennings be and is hereby designated and appointed to act as Mayor of the City and County of San Francisco during the absence from said City of the Mayor, James Rolph, Jr.

Ayes—Supervisors Bancroft, Cagliari, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot—17.

UNFINISHED BUSINESS.

Final Passage.

The following matters heretofore passed for printing, were taken up, *finally passed* by the following vote, and numbered as follows, to-wit:

Uniform System of Writing Assessment Roll.

Bill No. 2765, Ordinance No. 2511 (New Series). Providing for the adoption of a uniform system of writing the real estate assessment rolls of the City and County of San Francisco, as provided in paragraph 3 of Section 3650 of the Political Code of the State of California, as to the manner and form of assessing real estate.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The City and County Assessor and the City Engineer, are

hereby authorized to prepare and formulate a system of assessing the lots and blocks and lands in the City and County of San Francisco by a lot number and block number. They are hereby authorized to make and compile a map or maps, indexes, and map books from existing maps now used by the Assessor, or from maps on file in the Recorder's office, and to renumber the blocks, and to give a lot number or lot letter or combined number and letter, to each lot or parcel of land as shown on the Assessor's block books.

Section 2. The Assessor is hereby authorized and directed, commencing with the assessment rolls for the fiscal year 1914-1915, to write the real estate assessment rolls, describing each parcel of land by lot and block number, or tract number, as delineated on said map and block book.

Section 3. The Assessor is hereby authorized to make the necessary changes in such map and block books from year to year as may be required to meet conditions imposed by the cutting up of present lots or parcels of land or platting of acres or changing of ownership.

Section 4. A copy of said block books shall be filed in the office of the Assessor, Tax Collector, Auditor and Recorder. Said copy may be a photograph of the block books of the Assessor, as the same are on the first Monday of March of each and every year.

Bill No. 2761, Ordinance No. 2514 (New Series), Ordering the performance of certain street work to be done

in the City and County of San Francisco, approving and adopting specifications therefor and authorizing the Board of Public Works to enter into contract for doing the same.

Be it Ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works in written communication filed in the office of the clerk of the Board of Supervisors October 29, 1913, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of Chapter 2, Article VI of the Charter, said work to be performed under the direction of the Board of Public Works, and to be done in accordance with the specifications prepared therefor by said Board of Public Works, and on file in its office, which said plans and specifications are hereby approved and adopted.

That the crossing of Sixteenth and Castro streets be improved by grading to official line and grade; resetting the existing granite curbs and brick catchbasins to official line and grade; by paving the roadway thereof with an asphalt pavement consisting of a 6-inch concrete foundation and a 2½-inch asphaltic wearing surface and by the construction of artificial stone sidewalks on the angular corners thereof, where not already constructed.

That Castro street, between Beaver street and Sixteenth street, be improved by the construction of granite curbs and an asphalt pavement consisting of a six (6) inch concrete foundation and a two and one-half (2½) inch asphaltic wearing surface, where not already constructed.

That the crossing of West Clay street and Twenty-fifth avenue be improved by the construction of granite curbs and artificial stone sidewalks on the angular corners thereof where not already constructed; by the construction of a brick catchbasin with cast-iron frame, grating and trap, and ten (10) inch vitrified, salt-glazed, iron-stone pipe culvert on the northwesterly angular corner thereof; by resetting to official line and grade the brick catchbasins already constructed that are not at official line and grade, and by the construction of an asphalt pavement consisting of a six (6) inch concrete foundation and a two (2) inch asphaltic wearing surface on the roadway thereof.

Amending Street Specification Ordinance.

Bill No. 2763, Ordinance No. 2516 (New Series), as follows:

Adding a new section, to be known as Section 41½, to Ordinance No. 240, entitled, "Providing general rules and standard specifications for street and sidewalk work and limiting the use of various kinds of pavements and side-walks in the City and County of San Francisco," approved March 1, 1901.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A new section, to be known as Section 41½, is hereby added to Ordinance No. 240, the title to which is recited in the title to this ordinance, to read as follows:

Section 41½. Notwithstanding anything to the contrary in this ordinance contained, pavements on the grades herein specified shall be constructed as follows:

On streets below a five per cent grade all basalt block pavements, either on concrete or sand base, shall be grouted with asphalt or coal tar cement flush with the top of the blocks, as provided in Section 28.

On streets between five per cent and eight per cent grade all basalt block pavements, either on a sand or concrete base, shall be grouted with a cement grout to one inch from the top of the blocks.

On all streets having a grade of between eight per cent and fifteen per cent, all basalt block pavements laid in strips along the center or sides shall have a concrete base and all spaces between the blocks shall be completely filled with clean gravel.

On all streets with a grade exceeding fifteen per cent, all basalt block or cobble stone pavement, shall have the spaces between the blocks or cobbles filled with clean gravel, and no concrete base shall be required.

Cement grouting as required by this section shall consist of one (1) part Portland cement conforming to the standard specifications and two (2) parts clean bank sand. The sand and cement shall be mixed dry until of a uniform color, then sufficient water shall be added to form a liquid mixture of the consistency of thin cream

which will flow easily to the bottom of the joints. It shall be removed in this condition from the box to the surface of the street and swept into the joints. The material in the box shall be constantly stirred with hoes to keep it from settling, and the box shall be kept close to the work so that the grout shall not be carried any distance and allowed to settle. A mechanical mixer which keeps the grout in constant motion may be substituted for the box.

As soon as the grout in the joints becomes stiff enough not to flow it is to be swept out to a depth of one (1) inch below the top, and the joints are then to be filled to the top with the gravel.

No travel shall be allowed on the pavement grouted with cement for a period of seven (7) days after its completion, and the contract shall provide a watchman to maintain ample barricades.

All work that is finished shall be sprinkled with water each day for three (3) days.

Section 2. This ordinance shall take effect immediately.

Board of Public Works to Recommend Bitulithic Pavement on Sixth Street.

Also, Resolution No. 10566 (New Series), as follows:

Resolved, That the Board of Public Works is hereby directed to recommend to this Board the paving of the roadway of Sixth street, from Mission to Howard streets, with bitulithic pavement; also, the roadway of Sixth street, from Howard to Townsend streets, with basalt block pavement.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot—17.

Extension of Time.

Also, Resolution No. 10544 (New Series), as follows:

Resolved, That G. W. McGinn & Co. is hereby granted an extension of ninety days' time from and after October 15, 1913, within which to complete contract for construction of sewer in Wisconsin street, between Twentieth and Twenty-second streets.

This extension of time is granted upon recommendation of Board of Public Works for the reason that it is necessary to complete the grading before the laying of the side sewers can be completed, and as the grading is in rock the work has been slow.

The main sewer has been completed.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot—17.

Passed for Printing.

REMOVAL OF CEMETERIES.

The following report was presented and read by the Clerk:

Majority Report.

San Francisco, November 25, 1913.

To the Honorable Board of Supervisors, City and County of San Francisco—

Gentlemen:

Your Public Welfare Committee, to which was referred various matters, begs leave to report thereon as follows:

The communications from the Dolphin Swimming and Boating Club and

the South End Rowing Club, protesting against the dumping of sweepings, refuse and garbage into the bay at the foot of Van Ness avenue, resulting in an extremely unsanitary condition, and being a menace to the health of the members of the different boating clubs whose headquarters are situated near by, were referred to Supervisor Andrew J. Gallagher, who volunteered to take this matter up with the Chief of Police, with the object of having the conditions complained of remedied. The attention of the Chief will be called to the fact that the ordinances prohibit the dumping of refuse and garbage in the waters of the bay, and he will be requested to enforce the ordinances, to the end that this nuisance may be abated.

The plans and suggestions of Walter Castagnetto, a deputy in the County Clerk's office, providing for the utilization of the granite coping, pedestals, etc., at the old City Hall as beautiful entrances or rest stations at the Park and Cliff House terminals of the Municipal Railway were referred to the Park Commissioners with the statement that if the plan is feasible and meets with their approval the Public Welfare Committee will gladly co-operate with them in having the granite coping, pedestals, etc., turned over to their Honorable Board, providing the expense connected therewith is borne out of the Park funds.

Cemetery Removal Question.

This problem has been under consideration by the Public Welfare Committee for many months past. Several meetings have been held, at which this question has been discussed in all its phases. Representatives of civic bodies and improvement clubs favoring the removal and abandonment of these cemeteries, as well as the representatives of organizations in opposition to the plan, including representatives of the cemetery associations involved, have been heard at great length and their arguments for and against the proposition have been given most careful consideration.

In the hope of effecting a compromise and finding common ground on which both sides could stand, Supervisor Murdock, at the last meeting of the Public Welfare Committee, offered a resolution recommending to the Board the general plan of the Outdoor Art League of the California Club, providing for the turning of Laurel Hill Cemetery into a Memorial Park, a copy of which plan has already been submitted to the individ-

ual members of the Board. Inasmuch as this proposed plan met with immediate and determined opposition from those who are opposed to the removal of any bodies from any of the cemeteries, and it appearing further that there was a radical division of opinion between the members of the Outdoor Art League, and particularly the lot owners in Laurel Hill Cemetery, to this plan, Supervisor Giannini offered a substitute resolution calling upon the City Attorney to submit to the Board an ordinance which will cause the removal of all bodies now buried in the Masonic, Laurel Hill, Calvary and Odd Fellows' Cemeteries, and which will result in the abandonment of said cemeteries, which is the next necessary step if the Board is to carry out its declaration of intention to cause the removal of the bodies from these cemeteries, as provided by Resolution No. 9594 (New Series), which passed the Board on August 19, 1912.

Supervisor Giannini's substitute resolution was adopted by a vote of three to two, Supervisors Payot, Hayden and Giannini voting in favor of recommending its adoption by the Board, while Supervisors Murdock and Andrew J. Gallagher voted against its adoption. The resolution recommended by the majority of the committee is therefore before the Board for its consideration and action thereon.

Supervisors Murdock and Andrew J. Gallagher gave notice that they would submit a minority report.

Respectfully submitted,

HENRY PAYOT,
A. H. GIANNINI,
J. EMMET HAYDEN.

Minority Report.

Whereupon, the following report and the accompanying resolutions were presented and read:

San Francisco, November 25, 1913.
To the Honorable Board of Supervisors, City and County of San Francisco—

Gentlemen:

That the proposition submitted to the Public Welfare Committee by the Outdoor Art League looking to the acquisition by the City of a Memorial Park, not only without cost, but accompanied by a fund of probably \$500,000 for its maintenance, may be brought before the Board for consideration, the undersigned, a minority of the committee, hereby present the communication with a resolution looking to its possible future acceptance. This resolution they offer as a substitute for the resolution reported back by the majority of the committee. It presents a clear-cut issue: Is the Board willing to ascertain, if by voluntary

action a portion of Laurel Hill Cemetery may be converted into a park and given to the City with an endowment for its perpetual care, or, shall the Board ignore the proposal and proceed to attempt by process of law to compel all the cemeteries to immediately remove all bodies?

Should the resolution we submit prevail, we offer in further pursuance of a policy of co-operative action a resolution providing for conference.

Respectfully submitted,

ANDREW J. GALLAGHER,
CHAS. A. MURDOCK,
Minority, Public Welfare Committee.

Resolutions.

J. R. No. —.

Resolved, That the Mayor be requested to designate a member of the Board to act with a representative of the Laurel Hill Cemetery Association and a representative of the Outdoor Art League in securing the consent of the lot owners and in otherwise furthering the conveyance to the City of the Memorial Park and the fund for its maintenance, as proposed in the communication from the Outdoor Art League.

J. R. No. —.

Resolved, That the Committee on Public Welfare be requested to confer with the representatives of the Masonic, Calvary and Odd Fellows' Cemetery Associations with a view of concerted action in the adjustment of the cemetery question, considering, it is suggested, the Burnham plan, with such modifications as may be found necessary or desirable.

Opinion of City Attorney.

Gentlemen: I am in receipt of the following request:

"The enclosed Journal Resolution will be recommended to the Board of Supervisors at its meeting next Tuesday by a majority of the Public Welfare Committee, for adoption. Will you kindly advise the Public Welfare Committee whether or not the passage of this resolution calling upon you to prepare the necessary ordinances for the abandonment and removal of the cemeteries and the passage of the ordinances prepared by you in accordance with this resolution, would conflict with or preclude the adoption of a suggested plan designed for the subsequent parking of these cemeteries either in whole or in part?"

"We would like very much to secure your opinion concerning this matter in time for consideration at the meeting of the Board next Tuesday when the subject matter will be under discussion. Will you, therefore, kindly give this request your immediate attention?"

Opinion.

In reply to the above inquiry I am of the opinion that the abandonment plan and the parking plan are essentially in conflict with each other and that it would be unwise to attempt to combine them. The abandonment plan proceeds upon the theory that the cemeteries constitute a public nuisance and that in the exercise of their general police powers and under the authorization of the act of 1911, the Supervisors may proceed to enforce the removal of these cemeteries as such nuisance. The parking plan, as submitted by the Outdoor Art League, contemplates the removal of all the bodies in the western half of Laurel Hill Cemetery and from portions of other cemeteries, with the consent of the cemetery associations and lot owners, and the reinterment of such bodies in the eastern half, which is then to be parked. This plan depends upon the consent of the lot owners affected and the cemetery associations.

It may be, however, that it will be impossible to secure the consent of all of said lot owners and the Laurel Hill Association. If that were to prove the case I know of no means by which the removal of bodies from the western half of that cemetery could be enforced except upon the theory that their interment there constitutes a public nuisance. If, then, the Board of Supervisors were to compel the removal of these bodies on that theory and reinter them in the eastern half of the cemetery leaving the present graves in the eastern half untouched, in my opinion the position of the Board would be legally indefensible. It would place itself in the embarrassing position of having declared that part of the cemetery was a nuisance and that the remaining part, a few hundred feet eastward, was not a nuisance.

While the question of whether or not a nuisance exists is for the Board's determination in the first instance, that determination must be reasonable and such a declaration as I have just outlined would appear legally incongruous.

I am therefore of the opinion that any attempt to remove a part of the cemeteries and park the remainder must rest entirely upon the mutual consent of the parties in interest and not upon any exercise of the police power. My opinion upon the possibility of making entire removals is already in your hands.

I have suggested to you that the plan outlined in the communication from the Outdoor Art League is free from legal objections as it depends upon the consent of the lot owners. Probably public opinion could be brought to bear with considerable

force on any small minority who might see fit to oppose the latter plan if you see fit to adopt it, but I do not believe that the two plans can be co-ordinated. The determination of which you wish to follow is a matter for the discretion of your Board.

Respectfully,
ROBERT M. SEARLS,
Assistant City Attorney.

Communications.

From Sutro Heights Improvement Club, approving cemetery removal ordinance.

From Polk Street District Improvement Association, endorsing cemetery removal ordinance.

From North of Panhandle Improvement Club, requesting Board to carry out project as expressed in resolution of intention of causing removal of cemeteries in the Western Addition.

From the Haight and Ashbury District Improvement Association, favoring the abandonment of cemeteries in the Western Addition.

From Richmond Central Improvement Club, favoring removal of old city cemeteries.

Privilege of the Floor.

W. E. Wittaker, attorney, representing Outdoor Art League, was granted the privilege of the floor and addressed the Board. He favored the minority report and urged its adoption.

Mme. Sobier, representing the Cemeteries Protective Association, also addressed the Board. She opposed the removal of the cemeteries and declared that poor people would be put to great expense thereby. She stated that the association she represented had plans for their beautification. She requested that the resolution heretofore adopted declaring intention to remove cemeteries be repealed.

Chester Williamson, representing the Divisadero Street Improvement Association and other improvement associations, favored the total removal and abandonment of the cemeteries as a necessary step for the development and progress of the outlying districts of San Francisco.

W. E. Cashin, representing California Pioneers, favored the Outdoor Art League's plan for a Memorial Park. He declared, however, that nothing should be done that would work an injustice on the plot owners who held equities in any of the cemeteries.

W. W. Watson, representing the Richmond Improvement Club, favored the submission of the question to the electors as the only logical way of arriving at a quick determination of the question.

Mme. Chas. C. Grosjean, Secretary of the Cemetery Protective Association, opposed the removal of the cemeteries, and favored their beautifica-

tion. She believed that the adoption of the majority report would work an imposition on poor people.

Minority Report Refused Adoption.

Whereupon, the question being taken on the minority report, same was *refused adoption* by the following vote:

Ayes—Supervisors Andrew J. Gallagher, Murdock, Nolan—3.

Noes—Supervisors Bancroft, Caglieri, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murphy, Payot—14.

Absent—Supervisor Vogelsang—1.

Majority Report Adopted.

Whereupon, the question was taken on the majority report, which was *adopted* by the following vote:

Ayes—Supervisors Bancroft, Caglieri, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murphy, Payot—14.

Noes—Supervisors Andrew J. Gallagher, Murdock, Nolan—3.

Absent—Supervisor Vogelsang—1.

Whereupon, the following resolution was introduced and *adopted*:

City Attorney to Prepare Cemetery Removal Ordinance.

On motion of Supervisor Payot:

J. R. No. 989.

Resolved, That the City Attorney be and he is hereby requested to submit to this Board an ordinance which will cause the removal of all bodies now buried in the Masonic, Laurel Hill, Calvary and Odd Fellows' Cemeteries and which will result in the abandonment of said cemeteries.

Report of Finance and Welfare Committees on Appropriation for San Francisco Co-operative Employment Bureau.

The following report was presented by Supervisor Jennings and *adopted*:
San Francisco, December 1, 1913.

Hon. Board of Supervisors, San Francisco, Cal.

Gentlemen: Your Finance and Public Welfare Committee, to whom was referred jointly the communication from the San Francisco Co-operative Employment Bureau, requesting an appropriation of six thousand dollars in order to enable them to carry on the work of rendering relief to indigent persons, which financial assistance they claim is absolutely necessary if they are to continue the work that they have been doing for some time past, beg leave to report as follows:

That, after carefully considering the matter, and recognizing the fact that during the winter season particularly, a great many sick and needy men

will be applying for relief and shelter, which fact is evidenced by a communication recently received from the Chief of Police requesting an appropriation for the furnishing and equipping of the unoccupied rooms of the County Jail in order to accommodate the large numbers of indigent persons applying for assistance, concluded to make an additional allowance of three thousand dollars in favor of the Relief Home for the Aged and Infirm; to be expended by the Superintendent, covering a period of six months at the rate of five hundred dollars per month, for the care of all worthy cases of old, sick and indigent persons who apply for relief, and who cannot be accommodated at the Relief Home on account of its crowded condition, but are sent to the San Francisco Co-operative Employment Bureau, 335 Main street, for relief and shelter.

By following this plan, instead of establishing the precedent of making a direct appropriation to a private institution, \$500 a month will be available to be expended by the Superintendent of the Relief Home for the Aged and Infirm, through the agency of the San Francisco Co-operative Employment Bureau.

Respectfully submitted,

Report of Streets Committee on Blasting Operations at Thirtieth and Castro Streets.

San Francisco, California,

December 1, 1913.

To the Honorable, the Board of Supervisors of the City and County of San Francisco.

Gentlemen: Your Committee on Streets and Sewers, to which was referred the petition of property owners requesting that quarrying of rock near Thirtieth and Castro streets be forbidden, respectfully submit the following report:

The petition signed by a number of residents and property owners requesting that quarrying for rock by Gray Bros. near Thirtieth and Castro streets be forbidden, for the reason that it is and has been a source of danger and annoyance to the residents, and has impaired and decreased the values of property in the vicinity, was filed August 20, 1913.

A petition, signed by a number of

property owners residing directly across the street and in the immediate vicinity of Thirtieth and Castro streets, advised this Board that they have no objections whatever against the grading and blasting operations as conducted and carried on at Thirtieth and Castro streets, was filed August 19, 1913.

Three hearings were accorded all interested parties.

Your Committee made a personal inspection of the Gray Bros.' property and interviewed a number of the residents in the immediate vicinity of the quarry.

Your Committee directed the Board of Public Works to notify Gray Bros. to discontinue grading below the official grade on Beacon street or any of the streets in the vicinity of Thirtieth and Castro streets.

The principal objection to the quarry is caused by the hauling of the rock and the ungraded condition of the streets in the district.

The Board of Public Works has been requested to recommend the improvement of Day and Thirtieth streets. When these streets are graded and paved the present conditions will have been remedied.

Your Committee recommends that the petition for the discontinuance of the quarrying near Thirtieth and Castro streets be denied.

Respectfully submitted,
GEO. E. GALLAGHER,
E. L. NOLAN,
A. H. GIANNINI.

Privilege of the Floor.

P. J. Healy, property owner, was granted the privilege of the floor and addressed the Board in opposition to the report of the Committee. He declared that Gray Bros. were operating without a permit, that their operations were injurious to life and property and that summary action should be taken by the Board to afford the relief prayed for.

Report Filed.

Whereupon, the above report was taken up and, on motion of Supervisor Bancroft, *filed*.

UNFINISHED BUSINESS.

The following bill, laid over from last meeting, was taken up and on motion *laid over one week*:

Southern Pacific Franchise.

Bill No. 2760, Ordinance No. — (New Series), entitled, "Providing for a grant and granting to the Southern Pacific Company, a railroad corporation, its successors and assigns, the right to construct, maintain and operate certain standard-gauge railroad tracks under, over, along and across certain streets, avenues, alleys, places

and properties in the City and County of San Francisco, State of California."

PRESENTATION OF BILLS AND ACCOUNTS.

Demands on the Treasury amounting to \$14,772.98, numbered consecutively 52450 to 52700, inclusive, were presented, read and ordered referred to the Finance Committee.

REPORT OF FINANCE COMMITTEE.

The Finance Committee, by Supervisor Jennings, Chairman, reported in favor of allowing the demands heretofore read and referred, said Committee having duly examined and approved the same, and on his motion, said demands were so allowed and ordered paid by the following vote:

Ayes—Supervisors Bancroft, Cagliari, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, Murdock, Murphy, Nolan, Payot—16.

Condemnation of Spring Valley Water Company's Properties.

Bill No. 2769, Ordinance No. — (New Series), as follows:

Declaring and determining that the public interest and necessity require the acquisition by the City and County of San Francisco of certain properties for public use, and instructing the City Attorney to commence and prosecute proceedings for the condemnation thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Whereas, the Board of Supervisors of the City and County of San Francisco did, by Journal Resolution No. 639, adopted February 24, 1913, direct the City Engineer to prepare a list of properties belonging to the Spring Valley Water Company which are actually necessary, avail-

able and usable for a source of water supply for the City and County of San Francisco, and which lands and other properties, including distributing system, can be made an integral part of a Sierra water supply;

And Whereas the City Engineer did, on the twenty-fifth day of November, 1913, file in the office of the Clerk of said Board of Supervisors a list of such properties, as required by the terms of the aforesaid resolution, together with his report concerning the same, to which list and report of the City Engineer now on file in the office of the Clerk of said Board of Supervisors, reference is hereby made for further particulars with regard thereto.

Section 2. It is hereby determined and declared:

That public interest and necessity require the acquisition by the City and County of San Francisco of all those certain properties, which are particularly described in the aforesaid list and report filed by the City Engineer in the office of the Clerk of the Board of Supervisors on November 25th, 1913, as aforesaid;

That all of the said properties which are particularly described in said list and report are suitable and adaptable to and necessary for a public use, to-wit, a public water system plant to be owned and operated by said City and County of San Francisco;

That the City Attorney is hereby instructed to commence proceedings against the owner or owners of all of the aforesaid properties for the condemnation thereof for the use of the City and County of San Francisco, as aforesaid, and to prosecute such proceedings to as speedy a determination as possible.

NEW BUSINESS.

Taking Over of Properties of Presidio and Ferries Railway Company.

Supervisor Murphy reported that an agreement had been formulated by the City Attorney, City Engineer and Public Utilities Committee in the matter of taking over the properties of the Presidio and Ferries Railway Company, whose franchises were about to expire.

Thereupon, at his request, the clerk read the following:

This agreement, made and entered into this — day of December, in the year of our Lord one thousand nine hundred and thirteen, by and between the Presidio and Ferries Railroad Company, a corporation, organized and existing under and by virtue of the laws of the State of California, the party of the first part, and the City and County of San Francisco, a municipal corporation, the party of the second part.

Witnesseth: That for and in consideration of the mutual promises and covenants of the parties hereto the said party of the first part agrees to relinquish the operation of the street railroad system maintained, carried on and conducted by it in the City and County of San Francisco, to the said party of the second part on the 10th day of December, 1913, at the hour of twelve o'clock midnight, and at the same time to transfer, free and clear of encumbrances, liens or adverse claims of any sort to the said party of the second part, title to all of its physical or tangible properties of whatsoever kind, nature or character now used or useful by said party of the first part in the carrying on, operation or maintenance of said street railroad.

It is hereby mutually understood and agreed by and between the parties hereto that the physical or tangible properties belonging to the said party of the first part and used in the conduct of its said business, are to be acquired and purchased by the party of the second part at a price not more than three hundred and fifty thousand (\$350,000) dollars. The

price to be paid by the said party of the second part for the said physical properties of the said party of the first part shall be limited to the present actual depreciated value as of December 10th, 1913, of the said property in place, which shall be reproduction cost less present depreciation; provided, however, that no value shall be placed on four-inch rails in place on steel yokes; and provided further, that no value shall be placed on, or paid by the party of the second part for any physical property used or now in use by the party of the first part in the construction of the street railroad, a franchise for which was granted to the party of the first part under and by virtue of Ordinance No. 547 (New Series), approved September 14, 1908, as according to the terms of the second condition in Section 3 of said Ordinance No. 547 (New Series), the road track and bed of said railway and all of the stationary fixtures upon the public streets shall become the property of the City and County of San Francisco at the end of the term of the franchise granted by said Ordinance No. 547 (New Series).

The sum of fifty thousand (\$50,000) dollars is to be paid by the party of the second part to the party of the first part on the execution of the transfer of title, and it is mutually understood and agreed by and between the parties hereto that the price to be paid by the said party of the second part to said party of the first part for said properties up to but not in excess of three hundred and fifty thousand (\$350,000) dollars shall be fixed and determined by two arbitrators, one of whom shall be the City Engineer of the City and County of San Francisco, acting for and on behalf of the party of the second part and _____ acting for and on behalf of the party of the first part.

It is further mutually understood and agreed that the finding and determination of said arbitrators as to the value of such properties shall be binding and conclusive upon the parties hereto and that the sum determined upon by said arbitrators will be paid by the party of the second part to the party of the first part and the party of the first part hereby agrees to accept said sum in full payment therefor. In the event of the failure of the said arbitrators to agree upon the value of said properties it is hereby understood and agreed that the matter of the ascertainment and determination of such value shall be submitted to A. M. Hunt, whose decision shall be bind-

ing and conclusive upon the parties hereto.

The physical properties included in this agreement are as follows: All tracks, poles, wires and structures of every kind or nature in, upon, or over the streets of the City and County of San Francisco which are used in the present operation of the street railroad of the party of the first part; all cars and all tracks, tools, materials and appliances which are at present in use in the operation of or maintenance of the street railroad of the party of the first part or are stored in the car barn of the party of the first part at Gough and Filbert streets in said City and County of San Francisco, nothing herein being intended to cover real estate or buildings.

It is hereby mutually understood and agreed that the balance of the price or sum to be paid by the party of the second part to the party of the first part, as ascertained and determined by the arbitrators, as aforesaid, together with interest at 5 per cent per annum from December 10, 1913, shall be paid to the party of the first part thirty days after the decision and determination of the value by said arbitrators shall be filed with the parties hereto.

It is further mutually understood and agreed that the party of the first part, in the event of the inability or failure of the said party of the second part to sell and dispose of a sufficient number of street railroad bonds to realize a sum sufficient to purchase said properties at the price or value fixed, determined and ascertained by said arbitrators, as aforesaid, shall purchase or cause to be purchased at not less than par and accrued interest, a sufficient number of said street railroad bonds issued by said City and County of the issue of 1913 to enable said party of the second part to purchase the said properties.

It is further agreed by the party of the first part that in the event that it exercises the right and privilege granted to it in the foregoing paragraph an agreement will be made at the time of the purchase of said bonds under said right and privilege so given that said bonds so purchased will not be offered for sale by the purchaser at less than the par value, plus accrued interest, within one year from the date of the purchase of said bonds.

It is further mutually understood and agreed that all employees of the party of the first part who desire shall be given the preference of employment in the municipal railway

system which it is designed to make the street railroad operated by the party of the first part a part of, in so far as is possible, under the civil service provisions of the charter of the City and County of San Francisco and consistent with the needs of the said Municipal Railway system.

It is further mutually understood and agreed that any expense incurred in the arbitration of the value of the said properties of the party of the first part shall be divided equally between the parties hereto.

The said party of the first part hereby agrees to lease to the said party of the second part for a term of one year, with an option of two successive years more, said option to be exercised successively by the party of the second part in periods of one year or less at a rental of one hundred and fifty (\$150) dollars per month, plus the taxes thereon, the real estate located on the corner of Gough and Filbert streets in said City and County and now occupied and used by said party of the first part as a car barn and offices.

The said party of the first part hereby grants to the party of the second part the right and option for the period of two years from date hereof to purchase the said real property at a price not in excess of thirty thousand (\$30,000) dollars.

In witness whereof, the said party of the first part has hereunto caused its name to be signed and its corporate seal to be affixed hereto by its officers thereunto duly authorized by a resolution of its Board of Directors, a copy of which resolution is hereunto annexed and made a part hereof, and the party of the second part has hereunto caused these presents to be signed and its corporate seal to be hereunto affixed by the Mayor of the City and County of San Francisco, in accordance with a resolution adopted by the Board of Supervisors, a copy of which resolution is hereunto annexed and made a part hereof.

Amendment.

Supervisor Murphy moved to amend by striking out the paragraph next to the last.

Amendment carried by the following vote:

Ayes—Supervisors Bancroft, Caglieri, George E. Gallagher, Hayden, Hillmer, Hocks, Jennings, Koshland, McCarthy, Murdock, Murphy—11.

Privilege of the Floor.

George A. Newhall, President of the Presidio and Ferries Railroad Company, was granted the privilege of the floor and addressed the Board in part as follows: "Gentlemen: Mr. Murphy stated that I desired to address the Supervisors. That is not so because I never intended to. We have heard this document and it seems all right, except I don't agree with it. First, I don't desire to sell to the city our real estate and I don't desire to give an option. Next, the employees of this company, most of them, have been with us going on twenty years, and I have always taken pride in the men we have around us. I do not see that they have been safeguarded in this agreement and I want the city to state that they will take care of them. The road is now paying over \$14,000 per month net and this prosperous condition is due largely to the faithfulness and loyalty of these employees. The secretary, assistant secretary, superintendent and assistant superintendent have been with us for thirty years. In the next place, as to the value of the property, our appraisers estimate it at \$440,000, but we have agreed to a flat figure of \$350,000. I don't agree, however, as to the manner in which the money is to be paid; \$50,000 down is agreeable and let the \$300,000 wait, but we would like the contract to show that after the payment of the \$50,000 the city shall pay the Presidio and Ferries Railway Company the additional \$300,000. Would also like to have a specific date set for payment of latter amount." He offered to rent the property and give the city 50 per cent for the use of its streets.

Assistant City Engineer Ransome also addressed the Board. He said that as the City Engineer's office had not completed its appraisal of the properties he could not see his way clear to recommend a flat figure of \$350,000, that was the maximum fixed upon with a minimum of about \$300,000, the exact amount to be determined by arbitration.

Mr. Newhall thereupon asked a minimum of \$350,000 and a maximum of \$370,000, to be determined by arbitration. Later he offered to accept a minimum of \$330,000 and a maximum of \$360,000.

Motion.

Supervisor George E. Gallagher moved to amend agreement fixing minimum at \$300,000 and maximum at \$360,000.

Thereupon, Mr. Newhall requested permission to retire to consult with

his associates over the telephone. When he returned he stated that he had been authorized to accept the amendment submitted by Supervisor George E. Gallagher.

Amendment Carried.

Whereupon, the question being taken the above amendment was *carried* by the following vote:

Ayes—Supervisors Bancroft, Cagliari, George E. Gallagher, Hayden, Hilmer, Hocks, Jennings, Koshland, McCarthy, Murdock, Murphy—11.

Arbitrator Named.

Thos. H. Mullins was thereupon named by Mr. Newhall as the arbitrator for the Presidio and Ferries Railway Company and it was agreed that arbitrators should make their report within sixty days from the date of this agreement.

Amended Agreement Adopted.

Whereupon, on motion of Supervisor Mauzy the agreement amended as follows was adopted:

This agreement, made and entered into this ——— day of December, in the year of our Lord one thousand nine hundred and thirteen, by and between the Presidio and Ferries Railroad Company, a corporation, organized and existing under and by virtue of the laws of the State of California, the party of the first part, and the City and County of San Francisco, a municipal corporation, the party of the second part.

Witnesseth: That for and in consideration of the mutual promises and covenants of the parties hereto the said party of the first part agrees to relinquish the operation of the street railway system maintained, carried on and conducted by it in the City and County of San Francisco to the said party of the second part on the 10th day of December, 1913, at the hour of twelve o'clock, midnight, and at the same time to transfer, free and clear of encumbrances, liens or adverse claims of any sort to the said party of the second part, title to all of its physical or tangible properties of whatsoever kind, nature or character now used or useful by said party of the first part in the carrying on, operation or maintenance of said street railroad.

It is hereby mutually understood and agreed by and between the parties hereto that the physical or tangible properties belonging to the said party of the first part and used in the conduct of its said business, are to be acquired and purchased by the party of the second part at a price not less than Three Hundred Thousand (300,000) Dollars nor more than Three Hundred and Sixty Thousand (360,000) Dollars. The price to be paid by the said party of the second part for the said physical properties of the

said party of the first part shall be limited to the present actual depreciated value as of December 10th, 1913, of the said property in place, which shall be reproduction cost less present depreciation; provided, however, that no value shall be placed on four-inch rails in place on steel yokes; and provided further that no value shall be placed on, or paid by the party of the second part for any physical property used or now in use by the party of the first part in the construction of the street railroad, a franchise for which was granted to the party of the first part under and by virtue of Ordinance No. 547, New Series, approved September 14, 1908, as, according to the terms of the second condition in Section 3 of said Ordinance No. 547, New Series, the road track and bed of said railway and all of the stationary fixtures upon the public streets shall become the property of the City and County of San Francisco at the end of the term of the franchise granted by said Ordinance No. 547, New Series.

The sum of Fifty Thousand (50,000) Dollars is to be paid by the party of the second part to the party of the first part on the execution of the transfer of title, and it is mutually understood and agreed by and between the parties hereto that the price to be paid by the said party of the second part to said party of the first part for said properties up to but not in excess of Three Hundred and Sixty Thousand (360,000) Dollars and not less than Three Hundred Thousand (300,000) Dollars shall be fixed and determined by two arbitrators, one of whom shall be the City Engineer of the City and County of San Francisco, acting for and on behalf of the party of the second part, and Thomas H. Mullins, acting for and on behalf of the party of the first part, said arbitrators to make their report within sixty days from date of this agreement.

It is further mutually understood and agreed that the finding and determination of said arbitrators as to the value of such properties shall be binding and conclusive upon the parties hereto and that the sum determined upon by said arbitrators will be paid by the party of the second part to the party of the first part and the party of the first part hereby agrees to accept said sum in full payment therefor. In the event of the failure of the said arbitrators to agree within sixty days from the date of this agreement upon the value of said properties it is hereby understood and agreed that the matter of the ascertainment and determination of such value shall be submitted to A. M. Hunt, whose decision shall be binding and conclusive upon the parties hereto, and whose decision

shall be made and given within fifteen days from the date of submission to him.

The physical properties included in this agreement are as follows: All tracks, poles, wires and structures of every kind or nature in, upon or over the streets of the City and County of San Francisco which are used in the present operation of the street railroad of the party of the first part; all cars and all tracks, tools, materials and appliances which are at present in use in the operation of or maintenance of the street railroad of the party of the first part or are stored in the car barn of the party of the first part at Gough and Filbert streets in said City and County of San Francisco, nothing herein contained being intended to cover real estate or buildings.

It is hereby mutually understood and agreed that the balance of the price or sum to be paid by the party of the second part to the party of the first part, as ascertained and determined by the arbitrators, as aforesaid, together with interest at 5 per cent per annum from December 10, 1913, shall be paid to the party of the first part thirty days after the decision and determination of the value by said arbitrators shall be filed with the parties hereto.

It is further mutually understood and agreed that the party of the first part, in the event of the inability or failure of the said party of the second part to sell and dispose of a sufficient number of street railroad bonds to realize a sum sufficient to purchase said properties at the price or value fixed, determined and ascertained by said arbitrators, as aforesaid, shall purchase or cause to be purchased at not less than par and accrued interest, a sufficient number of said street railroad bonds issued by said City and County of the issue of 1913 to enable said party of the second part to purchase the said properties.

It is further agreed by the party of the first part that in the event that it exercises the right and privilege granted to it in the foregoing paragraph an agreement will be made at the time of the purchase of said bonds under said right and privilege so given that said bonds so purchased will not be offered for sale by the purchaser at less than the par value, plus accrued interest, within one year from the date of the purchase of said bonds.

It is further mutually understood and agreed that all employees of the party of the first part who desire shall be given the preference of employment in the Municipal Railway system which it is designed to make the street railroad operated by the party of the first part a part of, in so far as is possible

under the civil service provisions of the Charter of the City and County of San Francisco and consistent with the needs of the said Municipal Railway system.

It is further mutually understood and agreed that any expense incurred in the arbitration of the value of the said properties of the party of the first part shall be divided equally between the parties hereto.

The said party of the first part hereby agrees to lease to the said party of the second part for a term of one year with an option of two successive years more, said option to be exercised successively by the party of the second part in periods of one year or less at a rental of One Hundred and Fifty (150) Dollars per month, plus the taxes thereon, the real estate located on the corner of Gough and Filbert streets in said City and County and now occupied and used by said party of the first part as a car barn and offices.

In witness whereof, the said party of the first part has hereunto caused its name to be signed and its corporate seal to be affixed hereto by its officers thereunto duly authorized by a resolution of its Board of Directors, a copy of which resolution is hereunto annexed and made a part hereof, and the party of the second part has hereunto caused these presents to be signed by the Mayor or Acting Mayor and its corporate seal to be hereunto affixed by the Clerk or Acting Clerk of the Board of Supervisors of the City and County of San Francisco, in accordance with a resolution adopted by the Board of Supervisors, a copy of which resolution is hereunto annexed and made a part hereof.

Resolutions.

Whereupon, Supervisor Murphy pre-
sented the following resolutions which
were acted upon as follows:

Mayor Authorized to Execute Agreement
With Presidio and Ferries Railroad
Company.

Resolution No. 10570 (New Series),
as follows:

Resolved, That his Honor the Mayor, or Acting Mayor, be and he is authorized and directed to make and execute in the name of the City and County, an agreement with the Presidio and Ferries Railroad Company, which agreement is in words and figures as follows, to-wit:

This agreement, made and entered into this ——— day of December, in the year of our Lord one thousand nine hundred and thirteen, by and between the Presidio and Ferries Railroad Company, a corporation, organized and existing under and by virtue of the laws of the State of California, the party of the first part, and the City and County of San Francisco, a municipal corporation, the party of the second part.

Witnesseth: That for and in consideration of the mutual promises and covenants of the parties hereto the said party of the first part agrees to relinquish the operation of the street railroad system maintained, carried on and conducted by it in the City and County of San Francisco to the said party of the second part on the 10th day of December, 1913, at the hour of twelve o'clock midnight, and at the same time to transfer, free and clear of encumbrances, liens or adverse claims of any sort to the said party of the second part, title to all of its physical or tangible properties of whatsoever kind, nature or character now used or useful by said party of the first part in the carrying on, operation or maintenance of said street railroad.

It is hereby mutually understood and agreed by and between the parties hereto that the physical or tangible properties belonging to the said party of the first part and used in the conduct of its said business, are to be acquired and purchased by the party of the second part at a price not less than three hundred thousand (\$300,000) dollars nor more than three hundred and sixty thousand (\$360,000) dollars. The price to be paid by the said party of the second part for the said physical properties of the said party of the first part shall be limited to the present actual depreciated value as of December 10th, 1913, of the said property in place, which shall be reproduction cost less present depreciation; provided, however, that no value shall be placed on four-inch rails in place on steel yokes; and provided further, that no value shall be placed on, or paid by the party of the second part for any physical property used or now in use by the party of the first part in the construction of the street railroad, a franchise for which was granted to

the party of the first part under and by virtue of Ordinance No. 547 (New Series), approved September 14, 1908, as, according to the terms of the second condition in Section 3 of said Ordinance No. 547 (New Series), the road, track and bed of said railway and all of the stationary fixtures upon the public streets shall become the property of the City and County of San Francisco at the end of the term of the franchise granted by said Ordinance No. 547 (New Series).

The sum of fifty thousand (\$50,000) dollars is to be paid by the party of the second part to the party of the first part on the execution of the transfer of title, and it is mutually understood and agreed by and between the parties hereto that the price to be paid by the said party of the second part to said party of the first part for said properties up to but not in excess of three hundred and sixty thousand (\$360,000) dollars and not less than three hundred thousand (\$300,000) dollars shall be fixed and determined by two arbitrators, one of whom shall be the City Engineer of the City and County of San Francisco, acting for and on behalf of the party of the second part, and Thomas H. Mullins, acting for and on behalf of the party of the first part, said arbitrators to make their report within sixty days from date of this agreement.

It is further mutually understood and agreed that the finding and determination of said arbitrators as to the value of such properties shall be binding and conclusive upon the parties hereto and that the sum determined upon by said arbitrators will be paid by the party of the second part to the party of the first part and the party of the first part hereby agrees to accept said sum in full payment therefor. In the event of the failure of the said arbitrators to agree within sixty days from the date of this agreement upon the value of said properties it is hereby understood and agreed that the matter of the ascertainment and determination of such value shall be submitted to A. M. Hunt, whose decision shall be binding and conclusive upon the parties hereto, and whose decision shall be made and given within fifteen days from the date of submission to him.

The physical properties included in this agreement are as follows: All tracks, poles, wires and structures of every kind or nature in, upon or over the streets of the City and County of San Francisco which are used in the present operation of the street railroad of the party of the first part; all cars and all tracks, tools, materials

and appliances which are at present in use in the operation of or maintenance of the street railroad of the party of the first part or are stored in the car barn of the party of the first part at Gough and Filbert streets in said City and County of San Francisco, nothing herein being intended to cover real estate or buildings.

It is hereby mutually understood and agreed that the balance of the price or sum to be paid by the party of the second part to the party of the first part, as ascertained and determined by the arbitrators, as aforesaid, together with interest at 5 per cent per annum from December 10, 1913, shall be paid to the party of the first part thirty days after the decision and determination of the value by said arbitrators shall be filed with the parties hereto.

It is further mutually understood and agreed that the party of the first part, in the event of the inability or failure of the said party of the second part to sell and dispose of a sufficient number of street railroad bonds to realize a sum sufficient to purchase said properties at the price or value fixed, determined and ascertained by said arbitrators, as aforesaid, shall purchase or cause to be purchased at not less than par and accrued interest, a sufficient number of said street railroad bonds issued by said City and County of the issue of 1913 to enable said party of the second part to purchase the said properties.

It is further agreed by the party of the first part that in the event that it exercises the right and privilege granted to it in the foregoing paragraph an agreement will be made at the time of the purchase of said bonds under said right and privilege so given that said bonds so purchased will not be offered for sale by the purchaser at less than the par value, plus accrued interest within one year from the date of the purchase of said bonds.

It is further mutually understood and agreed that all employees of the party of the first part who desire shall be given the preference of employment in the Municipal Railway System which it is designed to make the street railroad operated by the party of the first part a part of, in so far as is possible under the civil service provisions of the Charter of the City and County of San Francisco and consistent with the needs of the said Municipal Railway System.

It is further mutually understood and agreed that any expense incurred in the arbitration of the value of the said properties of the party of the

first part shall be divided equally between the parties hereto.

The said party of the first part hereby agrees to lease to the said party of the second part for a term of one year with an option of two successive years more, said option to be exercised successively by the party of the second part in periods of one year or less at a rental of one hundred and fifty (\$150) dollars per month, plus the taxes thereon, the real estate located on the corner of Gough and Filbert streets in said City and County and now occupied and used by said party of the first part as a car barn and offices.

In witness whereof, the said party of the first part has hereunto caused its name to be signed and its corporate seal to be affixed hereto by its officers thereunto duly authorized by a resolution of its Board of Directors, a copy of which resolution is hereunto annexed and made a part hereof, and the party of the second part has hereunto caused these presents to be signed by the Mayor or Acting Mayor and its corporate seal to be hereunto affixed by the Clerk or Acting Clerk of the Board of Supervisors of the City and County of San Francisco, in accordance with a resolution adopted by the Board of Supervisors, a copy of which resolution is hereunto annexed and made a part hereof.

REPORTS OF COMMITTEES.

The following Committees, by their respective chairmen, presented reports on various matters referred, which reports were received, read and ordered placed on file:

Fire Committee, by Supervisor Giannini, Chairman.

Police Committee, by Supervisor Hocks, Chairman.

Public Buildings Committee, by Supervisor Bancroft, Chairman.

Supplies Committee, by Supervisor Koshland, Chairman.

Streets Committee—By Supervisor George E. Gallagher, Chairman.

Report of Lighting and Rate Committee on Electroliers on Golden Gate Avenue, Polk and Ninth Streets.

The following report was presented and read by the Clerk:

San Francisco, Cal., Dec. 8, 1913.

To the Honorable, the Board of Supervisors of the City and County of San Francisco—

Gentlemen: Your Committee on Lighting and Rates reports as follows:

In favor of the installation of street lamps as shown on today's calendar, having been reported upon favorably by the Light Inspector, and including additional lighting for the Jordan Park District.

In favor of the installation of eight 250-watt tungsten lights at Seaciff, the city to furnish the electric current and the property owners to install and maintain the lamps under the same system as now prevails on Clement and Haight streets. Respectfully,

E. L. NOLAN,
HENRY PAYOT,
ADOLF KOSHLAND.

In favor of the lighting of twenty bracket lamps in the narrow downtown streets, the lamps being installed at the expense of the property owners, and the Pacific Gas and Electric Company has filed a written agreement to light and maintain the lights for nine cents per night each until the next annual contract for lighting is made with the city. While this price is high, your committee believes the urgent need of lights in these streets justifies the expense.

Respectfully,

E. L. NOLAN,
HENRY PAYOT,
ADOLF KOSHLAND.

Electroliers on Golden Gate Avenue, Polk street, Between Sutter and McAllister streets, and Ninth Street, Between Market and Harrison Streets.

This matter has been before your committee since April 29, 1913, when the Down Town Association and others petitioned the Board of Supervisors to light and maintain electroliers on Golden Gate Avenue, said petition stating that the property owners intended to install the lamps.

Subsequently a representative of the Ninth street property owners made a similar request, as did also Mr. Maxson, representing the Polk street property owners, except Mr. Lent of Hooker

& Lent, who objected to the exorbitant price for the Eagle type electroliers when others could be purchased for less than half the price.

After several hearings by your committee the Board of Supervisors on June 23, 1913, passed Journal Resolution No. 812, instructing the Pacific Gas and Electric Company to supply electric current for the electroliers on Polk street, from Sutter to McAllister street, the city to be at no expense for installation.

On August 12, 1913, the request of the Golden Gate Avenue and Ninth street property owners was granted for six electroliers per block, the city to furnish the electric current and the property owners to erect, install and maintain the electroliers, the wattage to be determined later.

The above agreements for the lighting of these streets with electroliers were clearly understood by the representatives of the property owners and your committee; but now, instead of availing themselves of an opportunity to get better lighting for these streets on the same terms as were accepted by the property owners of Haight and Clement streets and the Seaciff tract, the representatives are asking, by the resolution referred to this committee, the city to add to the lighting cost of these streets an annual sum of \$4334.70.

Your committee, since July 1, 1913, has recommended the installation of street lamps in various parts of the city where most needed, amounting to \$9619.66 annually, and now has under consideration petitions for additional lighting, principally in the following outlying districts, that will require an additional sum of \$11,650.50:

Richmond District, 58 arc lamps; 13 gas lamps.....	\$4,198.40
Sunset District, 4 arc lamps; 50 gas lamps	1,360.00
South of Army street, 49 arc lamps	3,307.50
Mission, 10 arc lamps; 32 Mission, 10 arc lamps; 32 gas lamps	1,372.60
Potrero, 5 arc lamps; 20 gas lamps	773.50
Western Addition, 3 arc lamps; 20 gas lamps.....	638.50

\$11,650.50

Total, 129 arc lamps; 135 gas lamps. Union street, also, that has heretofore been lighted by the Presidio and Ferries Railroad Company, along which street and others the tracks of said company are located, must be taken care of by the city at an annual cost of about \$7,000.

Your committee was given an appropriation of \$445,000 to pay for the year's lighting of streets and public

buildings, and the present lighting will amount to \$440,000.

The outlying districts are absolutely in need of more lighting, as are other parts of the city, and your committee cannot recommend an expenditure from the lighting fund of over \$4,300 per year for ornamental lighting of these three streets, and thus be unable to even partially relieve the darkness of the outlying districts. The small taxpayer is asking for lights for safety and protection for himself and family, and not for fancy lighting; and your committee believes the funds for such lighting should not be diverted to pay for ornamental lighting of streets that are already supplied with street lamps equal, and on Golden Gate avenue, superior to the lights on the adjoining streets.

If the property owners wish for ornamental lights, let them keep their agreement with the committee and pay the additional small sum for installation of electroliers, or wait until the lighting fund warrants the expenditure and not selfishly attempt to deprive the outlying districts of necessary light.

Your committee recommends that consideration of additional lighting of these streets be continued until the budget provides special provision for this class of ornamental lighting.

Respectfully,

HENRY PAYOT,
ADOLF KOSH LAND.

Privilege of the Floor.

Mrs. George Lowry was granted the privilege of the floor, and addressed the Board. She declared that if the property owners refused the automobile firms and the tenants on Golden Gate avenue would pay for the installation and wiring of electroliers if city paid for lighting and maintenance. She opposed the report of the committee.

Mr. Maxson, representing Polk Street Improvement Association, also addressed the Board in opposition to committee's report.

Report Adopted.

Whereupon, the foregoing report was adopted by the following vote:

Condemnation of Properties of Spring Valley Water Company.

Bill No. 2709, Ordinance No. 2538 (New Series), Declaring and determining that the public interest and necessity require the acquisition by the City and County of San Francisco of certain properties for public use, and instructing the City Attorney to commence and prosecute proceedings for the condemnation thereof.

Be it Ordained by the People of the City and County of San Francisco as follows:

Section 1. Whereas, the Board of Supervisors of the City and County of San Francisco did, by Journal Resolution No. 539, adopted February 24, 1913, direct the City Engineer to prepare a list of properties belonging to the Spring Valley Water Company which are actually necessary, available and usable for a source of water supply for the City and County of San Francisco, and which lands and other properties, including distributing system, can be made an integral part of a Sierra water supply.

And whereas, the City Engineer did, on the twenty-fifth day of November, 1913, file in the office of the Clerk of said Board of Supervisors a list of such properties, as required by the terms of the aforesaid resolution, together with his report concerning the same, to which list and report of the City Engineer now on file in the office of the Clerk of said Board of Supervisors, reference is hereby made for further particulars with regard thereto.

Section 2. It is hereby determined and declared:

That public interest and necessity require the acquisition by the City and County of San Francisco of all those certain properties, which are particularly described in the aforesaid list and report filed by the City Engineer in the office of the Clerk of the Board of Supervisors on November 25th, 1913, aforesaid.

That all of the said properties which are particularly described in said list and report are suitable and adaptable to and necessary for a public use, to-wit, a public water system plant to be owned and operated by said City and County of San Francisco;

That the City Attorney is hereby instructed to commence proceedings against the owner or owners of all of

the aforesaid properties for the condemnation thereof for the use of the City and County of San Francisco, as aforesaid, and to prosecute such proceedings to as speedy a determination as possible.

Section 3. This ordinance shall take effect immediately.

visions of which fix the width of sidewalks on North Point street, between The Embarcadero and Van Ness avenue at ten (10) feet."

Adopted.

The following resolutions were adopted:

Extensions of Time.

On motion of Supervisor George E. Gallagher:

Resolution No. 10577 (New Series), as follows:

Resolved, That Karl Ehrhart is hereby granted an extension of twenty days' time from and after November 20, 1913, within which to complete contract for construction of sewer in Railroad avenue and Kentucky street, from Fairfax avenue to Islais Creek.

This extension of time is granted upon the recommendation of the Board of Public Works for the reason that the contractor was delayed from lack of cars for cement, and also on account of the inclemency of the weather.

Ayes—Supervisors Bancroft, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot—16.

Also, Resolution No. 10578 (New Series), as follows:

Resolved, That G. W. McGinn & Co. is hereby granted an extension of thirty days' time from and after November 8, 1913, within which to complete the work of paving, under private contract, Diamond street, between Surrey and Sussex streets.

This extension of time is granted upon recommendation of the Board of Public Works for the reason that considerable delay was experienced due to the change in basalt block specifications, and as the work is practically completed with the exception of some asphalt covering.

Ayes—Supervisors Bancroft, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot—16.

Denying Blasting Permit.

Supervisor George E. Gallagher presented:

Resolution No. 10579 (New Series), as follows:

Resolved, That in the exercise of the sound and reasonable discretion of the Board of Supervisors, permission is hereby denied the Noe Valley Realty and Improvement Company to explode blasts in Blocks 237, 238, 239, Horner's Addition, and on the streets bounded by Clipper street, Hoffman avenue, Twenty-seventh street and Douglass street: also, permission is hereby denied the Noe Valley Realty and Im-

provement Company to operate a rock crushing plant at Twenty-sixth and Douglass streets.

Privilege of the Floor.

Jas. McSheehy was granted the privilege of the floor and addressed the Board. He stated that it was not proposed to conduct a quarry for commercial purposes but to grade the land and make it available for use for residence purposes. This, he said, could be done inside of two or three years and the result would be a great improvement in the values of the property in the neighborhood and the removal of an unsightly bluff and depression that now exists. The organization he represented, he said, was made up of men who were born and raised in Noe Valley. The subscription list for purchase of stock was open to all residents of the district, thereby giving the company that will conduct operations the character of a co-operative association of people directly interested in the proper prosecution of the blasting operations.

C. W. Conrad, mining expert, stated that blasting could be conducted without the least inconvenience to people residing near the scene of operations.

Mrs. Smith said her home was close to the quarry and she believed that if the permit was granted that the result would be a decided improvement of the district.

Wm. E. White, attorney representing property owners, opposed the granting of the permit. He declared that it was purely a commercial proposition of getting the rock to sell for building purposes. He stated that the rock in the quarry was so hard that it could be removed only by extra strong blasts. This, he said, has been demonstrated time after time.

Communication.

A communication from the Board of Education, protesting against the granting of a blasting permit, was read and ordered filed.

Adopted.

Whereupon, the question being taken, the above resolution was adopted by the following vote:

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Payot—16.

No—Supervisor Nolan—1.

Absent—Supervisor Vogelsang.

Adopted.

The following resolution was adopted:

Board of Public Works to Recommend Certain Street Work.

On motion of Supervisor George E. Gallagher:

Resolution No. 10580 (New Series), as follows:

Resolved, That the Board of Public Works is hereby directed to recommend the improvement of the roadway of the following named streets, to-wit:

The improvement of the roadway of Harrison street, from Sixteenth street to Twentieth street, where not already paved.

The improvement of the roadway of Castro street, between Twenty-ninth and Day streets, and between Day and Thirtieth streets.

The improvement of the roadway of Day street, between Noe and Castro streets.

The improvement of the roadway of Thirtieth street, between Noe and Castro streets.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot—17.

Confirming Right of City Electric Company to Replace Certain Poles in Exposition Grounds.

Bill No. 2806, Ordinance No. — (New Series), as follows:

An Ordinance Confirming the Right of the City Electric Company to Replace and Maintain Certain Poles upon Certain Streets in the City and County of San Francisco.

Whereas, City Electric Company, a corporation, now owns, operates and maintains certain poles, used for the transmission and distribution of electric energy upon certain of the public streets of and in the City and County of San Francisco, within the boundaries of the parcel of land set apart for the use of the Panama-Pacific Inter-

national Exposition, and now under the control of the Panama-Pacific International Exposition Company, said poles and the location thereof being particularly described as follows, to-wit:

Three 50-foot poles on the east side of Laguna street, between Chestnut and Francisco streets.

Three 50-foot poles on the east side of Laguna street, between Francisco and Bay streets.

Five 50-foot poles on the north side of Bay street, between Van Ness avenue and Franklin street.

Five 50-foot poles on the north side of Bay street, between Franklin and Gough streets.

Five 50-foot poles on the north side of Bay street, between Gough and Octavia streets.

Five 50-foot poles on the north side of Bay street, between Octavia and Laguna streets; and

Whereas, said City Electric Company has been requested by said Panama-Pacific International Exposition Company to remove said poles from their present locations upon said streets to other different locations upon land belonging to the United States of America, and

Whereas, it is the desire of the people of the City and County of San Francisco that said City Electric Company should not be in any way prejudiced by a compliance with the terms of said request of said Panama-Pacific International Exposition Company;

Now, therefore, be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The removal, pursuant to the request of the Panama-Pacific International Exposition Company, by City Electric Company of its poles used for the purpose of transmitting and conducting electricity, from the places upon the streets of the City and County of San Francisco where said poles now are, as hereinbefore specified, to other different places, shall not be construed as in any way militating against the right of said City Electric Company to restore said poles to said present locations upon said streets at the conclusion of the Panama-Pacific International Exposition, but on the contrary, it is hereby expressly declared that the said City Electric Company, upon the termination of said Exposition may replace its said poles in the places upon said streets of said City and County of San Francisco where they now are, and may maintain the same and operate its electric transmission and distribution system in connection therewith to the same extent as it is now authorized to do under and by virtue of Section 19 of Article XI of the Constitution of the

State of California, or otherwise; and the right of said City Electric Company so to do is hereby confirmed.

Adopted.

The following matter was introduced under suspension of the rules and adopted:

Condemnation of Land in Potrero for Street Railway Purposes.

On motion of Supervisor Murphy:

Public Welfare Committee, by Supervisor Payot, Chairman.

Abandonment of Cemeteries.

The following matters were presented and read by the Clerk:

Majority Report.

San Francisco, December 15, 1913.
To the Honorable Board of Supervisors, City and County of San Francisco.

Gentlemen:

Your Public Welfare Committee begs leave to report that a special meeting was held on Monday, December 15, 1913, at 1:30 p. m., for the purpose of considering the cemetery removal question.

Supervisor Payot submitted a list of questions that he desired answered by the City Attorney before any action was taken by the Board on the Ordinance prepared by the City Attorney's office, providing for the exhumation, removal and reinterment of bodies buried in Laurel Hill, Calvary, Masonic and Odd Fellows' Cemeteries. After some discussion Supervisor Hayden moved that the Public Welfare Committee recommend the passage to print of the ordinance prepared by the City Attorney's office, which was submitted to the Board last Monday. Supervisor Andrew J. Gallagher offered an amendment providing that the Public Welfare Committee recommend the adoption of a motion calling on the City Attorney to answer the questions submitted by Supervisor Payot, and that action on the cemetery removal ordinance be postponed until the City Attorney's office replies to the questions submitted by Supervisor Payot. Upon the amendment being put to a vote, Supervisors Payot, Andrew J. Gallagher and Murdock voted in favor of the amendment, while Supervisors Hayden and Giannini voted against the amendment and gave notice that they would offer a minority report to the Board.

Respectfully submitted,

HENRY PAYOT,
CHAS. A. MURDOCK,
ANDREW J. GALLAGHER.

Majority Report Public Welfare Committee.

Minority Report.

San Francisco, December 15, 1913.
To the Honorable Board of Supervisors, City and County of San Francisco.

Gentlemen: We, the undersigned minority members of the Public Welfare Committee, believing that the questions submitted by Supervisor Payot are purely legal ones which can only be determined by a decision of the courts, to which in all probability the ordinance will ultimately be submitted, and in view of the fact that the Board has gone on record in favor of the policy of the removal of these cemeteries, oppose any further delay and believe that the ordinance prepared by the City Attorney's office should be passed by the Board and

that the City Attorney should not be required to pass on the validity of an ordinance prepared by himself. We therefore recommend the passage to print of this ordinance.

Respectfully submitted,

J. EMMET HAYDEN,
A. H. GIANNINI,

Minority, Public Welfare Committee.

Also, *Communication*—From City Attorney, transmitting form of ordinance providing for the abandonment of the Masonic, Laurel, Calvary and Odd Fellows' Cemeteries and the removal of all bodies interred therein.

Protest Against Abandonment of Cemeteries.

Also, *Communication*—From Society of California Pioneers, protesting against the passage of any ordinance or resolution or the reference or submission to the people for decision of the question of the removal of bodies from cemeteries in the Western Addition.

Read and ordered filed.

Favoring Abandonment of Cemeteries.

Also, *Communication*—From Point Lobos Avenue Improvement Club, favoring the removal and abandonment of the cemeteries in the Richmond District.

Read and ordered filed.

Motion.

Supervisor Hayden moved the adoption of the minority report.

Motion carried by the following vote:

Ayes—Supervisors Bancroft, Caglieri, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murphy—13.

Noes—Supervisors Andrew J. Gallagher, Murdock, Nolan, Payot—4.

Absent—Supervisor Vogelsang—1.

Privilege of the Floor.

Wm. F. Cashman, representing the Society of California Pioneers, declared that 25 per cent of the property in the cemeteries was vested in the State. He objected to the sale or disposal in any manner of this property. He did not recognize the right of the people through the referendum nor the power of the Board of Supervisors through the passage of an ordinance to so sell or otherwise dispose of such lands.

Assistant City Attorney Searles, in answer, stated that any rights the State may have will be protected, the same as the right of any individual lot owner. Whatever remains after the bodies are removed will be divided among the lot owners and the State will get its proportion.

Passed for Printing.

Whereupon the following Bill was

presented by Supervisor Hayden and passed for printing:

Bill No. 2808, Ordinance No. — (New Series), Providing for the exhuming, taking up, removal and reinterment of the human remains interred in the cemeteries located within the following boundaries:

Commencing at a point formed by the intersection of the westerly line of Broderick street with the southerly line of California street; thence running westerly along said southerly line of California street to the easterly line of Arguello Boulevard; thence southerly along said easterly line of Arguello Boulevard to the southerly line of Fulton street; thence easterly along said southerly line of Fulton street to the westerly line of Broderick street; thence northerly along said westerly line of Broderick street to the southerly line of California street and point of commencement, including the Laurel Hill, Calvary, Masonic and Odd Fellows Cemeteries.

Prescribing the procedure for accomplishing such exhumations, removals and reinterments; providing that an assessment may be levied on property from which said removals have been made at public expense; and providing for the sale of property subject to such assessment and for the disposition of the proceeds from such sale.

Be it ordained by the People of the City and County of San Francisco as follows:

That under and in accordance with the authority granted to the Board of Supervisors of the City and County of San Francisco by the Act of the Legislature approved April 24, 1911, entitled "An act providing for the removal of human remains from cemeteries in any city and county in this State and repealing all acts in conflict therewith"; and under and by virtue of the general police powers conferred upon said Board of Supervisors in Article II, Chapter II, Section 1 of the Charter of said City and County, and in conformity with the provisions of Resolution No. 9594 (New Series) of said Board of Supervisors, approved August 29, 1912, giving notice of intention to cause the exhumation and removal of all human remains from the cemeteries situated within the following boundaries, viz.:

Commencing at a point formed by the intersection of the westerly line of Broderick street with the southerly line of California street; thence running westerly along said southerly line of California street to the easterly line of Arguello Boulevard; thence southerly along said easterly line of Arguello Boulevard to the southerly line of Fulton street; thence easterly

along said southerly line of Fulton street to the westerly line of Broderick street; thence northerly along said westerly line of Broderick street to the southerly line of California street and point of commencement, including the Laurel Hill, Calvary, Masonic and Odd Fellows Cemeteries.

Section 1. All cemeteries situated within the above described limits are hereby declared to be a public nuisance and a menace and detriment to the public health and welfare, and it is hereby ordered that all of said cemeteries be abolished and all bodies interred within any and all parts of said cemeteries be removed therefrom and reinterred outside of said limits, or otherwise properly disposed of in accordance with law.

Section 2. Within sixty days from and after the date this Ordinance takes effect the Board of Health of this City and County shall prepare and serve a notice in writing directing every person, corporation or association owning or claiming any cemetery lots situated within the above described limits to remove within six months from the date this Ordinance takes effect, all bodies which may be interred in said lots so owned or claimed and to reinter or otherwise dispose of said bodies outside of said limits in accordance with law. Said notice shall further state that if said bodies are not so removed within six months from the date this Ordinance takes effect, such removals will thereafter be made either by the person, corporation or association owning or controlling the cemetery in which said bodies are buried, or by the Board of Health in accordance with the provisions of this Ordinance. Said notice shall further state that if the removals are made by the Board of Health, as herein provided, then all lands situated within the cemeteries from which such removals are made by said Board, may be sold to pay the cost of removing the bodies therefrom in accordance with the procedure herein set forth, and that in such event the cost incurred by individuals theretofore making removals at their own expense, not exceeding the cost per body incurred by the City authorities for each removal, will be refunded to such individual out of the proceeds from the sale of such lands, upon presentation to the Auditor of a properly verified statement of such expense, duly approved by the Board of Health and Board of Supervisors. Service of the above notice shall be made as follows:

1. Upon individuals who have filed with the County Recorder the statement provided for in Chapter 577 of the Statutes of 1911 and who can be

found at the place designated within such notice, personally, in the manner provided for service of summons at law.

2. Upon persons who have filed such statements but who cannot be found at the respective places therein designated, and upon all other persons or lot-owners whose identity and residence can be ascertained through information supplied by the persons, corporations or associations owning or in control of said cemeteries, by mailing a copy of said notice to each of said persons in a proper enclosure addressed to such person at the address ascertained from the above sources of information or to his last known address, with postage thereon duly prepaid.

3. Upon all other persons by publishing, for a period of sixty days in a daily newspaper published in this City and County, a copy of the above notice and by posting for the same length of time upon each of the exterior gates of said cemeteries a copy of said notice with a heading entitled "Notice of Cemetery Removals," which heading shall be in letters not less than two inches in height.

Section 3. Every person, corporation or association owning or claiming any cemetery lot or lots situated within the above described cemeteries shall, in compliance with the above notice, proceed, within six months from the date this Ordinance takes effect, remove any and all bodies which may be interred in said lot or lots and reinter or otherwise dispose of the same in accordance with law, outside of said limits, and if such persons, corporations or associations do not complete said removals in accordance with said notice then further proceedings shall be taken, as herein provided.

Section 4. If, at the expiration of six months from the date this Ordinance takes effect, there shall still be bodies left in any one or more of said cemeteries, then the Board of Health shall serve upon the person, corporation or association owning or controlling the cemetery or cemeteries in which such bodies remain interred a written notice directing them and each of them to commence, within three months from date of service of such notice and proceed continuously thereafter, to remove all bodies which may still remain interred in their respective cemeteries above described and to complete such removals within two years thereafter. Said notice shall also state that if such removals are not commenced within three months from service of such notice or continuously proceeded with thereafter or completed within the

time above specified, that the Board of health will proceed to make such removals and that further proceedings will be taken in accordance with the provisions of this Ordinance.

Section 5. Within three months after receipt of such notice the persons, corporations or associations owning or controlling such cemeteries are hereby ordered to commence and to proceed continuously thereafter to remove all bodies which may still be interred in their respective cemeteries, and to complete said removals within the time specified in said notice. All bodies removed shall be reinterred outside of said cemeteries, or otherwise disposed of, in accordance with law.

Section 6. If said removals from any one or more cemeteries have not been commenced by said persons, corporations or associations owning or controlling said cemeteries within three months from and after the date of service upon them of said notice, or having been so commenced are not being prosecuted continuously thereafter until all of said bodies have been removed, as aforesaid, then said removals shall be made from such cemeteries whose owners have failed to comply with this Ordinance by the Board of Health of the City and County of San Francisco in accordance with the procedure herein prescribed, and the land in which said bodies are interred may thereafter be sold in the manner herein provided, and the proceeds from such sale applied to the payment of the expenses of the exhumation, removal and reinterment of such bodies, including the cost of lands in which such bodies are reinterred.

Section 7. The City Engineer shall, upon request of the Board of Health, forthwith prepare a map of any one or more of said cemeteries, which map shall be entitled and known as the "Map of Cemetery Lands." The City Engineer shall cause necessary surveys to be made with corresponding delineations upon such map, to subdivide said cemeteries into convenient tracts for sale purposes, making proper provision for the future extension of public streets through said cemeteries. Said subdivisions shall be numbered consecutively. The City Engineer shall transmit said map to the Board of Health who shall file the same with the County Recorder in the manner provided by law, after approval by the Board of Public Works. All descriptions of cemetery lands in subsequent sales or transfers thereof under the provisions of this Ordinance shall be made by reference to said "Map of Cemetery Lands" and the subdivisions delineated thereon.

Section 8. After the expiration of nine months from and after the date this Ordinance takes effect, and after the expiration of the time provided in the aforesaid notices the Board of Health must commence the removal of bodies which may be still interred in any one or more of said subdivisions of cemeteries whose owners have not complied or are not then complying with the provisions of this Ordinance. Removals may be made by contract or by the employees of the Board of Health under its direction. All disinterments, removals and reinterments must be made carefully and respectfully. Not more than one body shall be reinterred in one grave. All stones and monuments shall be removed and placed over the corresponding new graves. In its discretion, the Board of Health may comply with requests of religious or fraternal societies that remains of former members of such societies whose names are furnished may be reinterred in separate subdivisions of the new cemeteries to facilitate perpetual care of the graves of such persons by such societies. A careful record shall be kept by name and location of all bodies removed, which records shall be filed and always open to public inspection in the office of the Coroner. Reinterments made by the Board of Health or its contractors shall be made in lands now owned or hereafter to be acquired by the City for cemetery purposes situated outside of the limits of the City and County. Provided, that any person having the right to the possession of any one or more bodies buried within the above cemeteries shall at any time prior to its actual disinterment and removal have the right to make such disinterment and removal by so notifying the Board of Health, the cemetery association, or the contractor charged with such work and proceeding forthwith to make such disinterment and removal. If after having given such notice he fails to make such disinterment or removal within twenty-four hours thereafter the Board of Health, cemetery association or contractors may proceed with it in the same manner as if no notice had been given.

Section 9. When all the bodies in a given subdivision shall have been removed therefrom the Board of Health shall within ten (10) days after completing such removal, file with the Board of Supervisors a statement setting forth the cost of making all exhumations, removals and reinterments of bodies taken from such subdivision, describing the same by reference to the "Map of Cemetery Lands," including the cost of land in which

said bodies are reinterred, which cost shall be pro-rated and include the proportionate cost of land necessary for avenues and paths in the new cemetery, and including also the amounts, demands for which have been approved by the Board of Health as reimbursement to individuals who have made removals from such subdivision in the manner provided in Section 2 of this Ordinance. Upon receipt of such statement the Board of Supervisors may by ordinance levy an assessment on such subdivision for the amount of the expenses set forth in said statement. Said assessment shall become a charge against the persons, corporations or associations owning the cemetery or cemeteries from which said removals have been made and shall constitute and be a lien upon the subdivisions from which all of said bodies have been removed, and unless said assessment is paid to the Tax Collector within thirty (30) days said subdivision upon which it is levied shall be sold by the Tax Collector at public auction, to satisfy the lien of such assessment. Said sale shall be made to the highest bidder over the amount of said assessment and the costs of such sale.

Section 10. At any time within thirty (30) days from the date of levying such assessment the person, corporation or cemetery association owning or controlling the cemetery in which such subdivision is situated, may satisfy and discharge the lien of same by paying to the Tax Collector the amount of said assessment. The Tax Collector shall keep an accurate record of the levy and payment of said assessments and shall pay all moneys received by him in payment thereof or from sales under this Ordinance to the Treasurer to the credit of a fund to be known as the Cemetery Removal Fund.

Section 11. If said assessment shall not be satisfied within thirty (30) days from the date of levy as aforesaid the Tax Collector shall cause to be published in a daily newspaper, published in this City and County, for a period of not less than ten (10) days, notice of a public sale of the subdivision or subdivisions upon which payment thereof may be delinquent to be held at his office on a date not less than fifteen (15) days from and after the first date of publication between the hours of 9 a. m. and 4 p. m. of said day, and that on said date and at said place and hour said subdivision or subdivisions will be sold to the highest bidder over the amount of said assessment plus the costs of said publication and sale. At any time prior to the date of said sale the person or association owning or controlling the cemetery in

which said subdivision is situated shall have a right to discharge the assessment on the same by paying the amount thereof as aforesaid plus the costs of publication.

Section 12. If said assessment is not paid and discharged as aforesaid on or before the date of said sale, the Tax Collector shall proceed on the date and hour set in said notice to offer said subdivision for sale at public auction at his office and shall sell the same for cash to the person making the highest bid over and above the amount of said lien plus the costs of publication and sale as aforesaid. The Tax Collector shall give to such purchaser a certificate of sale and file a duplicate thereof for record with the County Recorder, which certificate shall show (1) a description of the real property sold with reference to said Map of Cemetery Lands, (2) the price bid therefor, (3) the period of redemption as herein-after provided.

The proceeds of said sale shall be applied as follows: (1) to the payment of the costs of sale and publication of notice therefor; (2) to the payment of the expense incurred in making said removals from the subdivision sold as shown by the statement filed. Any surplus left after meeting these expenses shall be paid over to the person, corporation or cemetery association having the fee of the cemetery in which said subdivision is located.

Section 13. Such person, association or cemetery association holding the fee of said land shall also have the right to redeem said subdivision from such sale at any time within one year from the date thereof by payment to the purchaser at such sale or to the Tax Collector the amount paid at such sale for such subdivision with interest thereon at 1 per cent per month from the date thereof to the date of redemption together with all taxes or assessments which may have been paid on such property subsequent to such sale with interest thereon. If redemption is made by payment to the Tax Collector he shall issue to the redemptioner a proper certificate of redemption which shall be entitled to record, and the Tax Collector shall hold the money received from said redemption subject to the order of the purchaser at said sale. If no redemption is made within a period of one year as aforesaid, the Tax Collector shall execute and deliver a deed conveying to said purchaser all the right, title and interest of said person or association owning said cemetery in and to said subdivision at the date of said sale.

Section 14. Nothing in this Ordinance

contained shall be construed as preventing the Board of Supervisors at any future date from issuing permits to any person, corporation or cemetery association for the construction of a mausoleum or mausoleums of a design to be approved by the Board of Supervisors, which mausoleum may be located with the approval of said Board within the limits of this City and County.

Section 15. If any section, subsection, clause or phrase of this Ordinance is for any reason held to be illegal or unconstitutional, such decision shall not affect the avilidity of the remaining portions of this Ordinance. It is hereby declared that this Ordinance would have been adopted and each section, subsection, sentence, clause or phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases be declared illegal or unconstitutional.

Section 16. This Ordinance shall take effect immediately.

Amendment to Traffic Ordinance Relating to Standing of Vehicles on Streets.

Bill No. 2809, Ordinance No. — (New Series), Amending Section 21 of Ordinance No. 1857 (New Series), entitled, "Regulating moving travel and traffic upon the streets and other places," approved March 26, 1912, providing that between the hours of 10 o'clock a. m. and 6 o'clock p. m. of any day except Sunday and legal holidays it shall be unlawful for the driver, operator or owner of any motor or horse-driven vehicle to permit such vehicle to stand for more than forty minutes on any of the following named streets or portions of the following named streets, to-wit:

Market street from Kearny street to Fifth and Powell streets.

Kearny street from Market street to Sutter street.

Geary street from Kearny street to Powell street.

Post street from Kearny street to Powell street.

Grant avenue from Market street to Sutter street.

Stockton street from Market street to Post street.

Powell street from Market street to Post street.

Vehicules for hire to be limited to the north side of Geary street between Stockton street and Powell street, and the east side of Powell street between Geary street and Post street.

Provided, however, that vehicles for hire shall not use the south side of Post street between Stockton street and Powell street, and the west side of Stockton street between Geary street and Post street, but the same shall be for the use of the public on all days except Sundays and holidays.

And further provided, that stoppages caused by fires, blockades, breakdowns or other emergencies, or an ambulance shall not be considered within the provisions of this ordinance.

Provided, however, that the provisions of this section shall not apply to the standing of any freight, or baggage vehicle or for any passenger vehicle, for which a permit has been granted, under the provisions of Ordinance No. 1898 (New Series), for such vehicle to stand upon any of the streets or portion of such streets, as herein defined during the time such vehicle is in charge of a person competent to drive the same. And

Further provided, that the Board of Public Works shall erect and maintain suitable signs at proper points warning the owners and drivers of all vehicles of the provisions of this ordinance.

UNFINISHED BUSINESS.

Final Passage.

The following matters heretofore passed for printing, were taken up, finally passed by the following vote, and numbered as follows, to-wit:

Confirming Right of City Electric Company to Replace Certain Poles in Exposition Grounds.

Bill No. 2806, Ordinance No. 2540 (New Series), as follows:

An Ordinance Confirming the Right of the City Electric Company to Replace and Maintain Certain Poles upon Certain Streets in the City and County of San Francisco.

Whereas, City Electric Company, a

corporation, now owns, operates and maintains certain poles, used for the transmission and distribution of electric energy upon certain of the public streets of and in the City and County of San Francisco, within the boundaries of the parcel of land set apart for the use of the Panama-Pacific International Exposition, and now under the control of the Panama-Pacific International Exposition Company, said poles and the location thereof being particularly described as follows, to-wit:

Three 50-foot poles on the east side of Laguna street, between Chestnut and Francisco streets.

Three 50-foot poles on the east side of Laguna street, between Francisco and Bay streets.

Five 50-foot poles on the north side of Bay street, between Van Ness avenue and Franklin street.

Five 50-foot poles on the north side of Bay street, between Franklin and Gough streets.

Five 50-foot poles on the north side of Bay street, between Gough and Octavia streets.

Five 50-foot poles on the north side of Bay street, between Octavia and Laguna streets; and

Whereas, said City Electric Company has been requested by said Panama-Pacific International Exposition Company to remove said poles from their present locations upon said streets to other different locations upon land belonging to the United States of America, and

Whereas, it is the desire of the people of the City and County of San Francisco that said City Electric Company should not be in any way prejudiced by a compliance with the terms of said request of said Panama-Pacific International Exposition Company;

Now, therefore, be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The removal, pursuant to the request of the Panama-Pacific International Exposition Company, by City Electric Company of its poles used for the purpose of transmitting and conducting electricity, from the places upon the streets of the City and County of San Francisco where said poles now are, as hereinbefore specified, to other different places, shall not be construed as in any way militating against the right of said City Electric Company to restore said poles to said present locations upon said streets at the conclusion of the Panama-Pacific International Exposition, but on the contrary, it is hereby expressly declared that the said City Electric Company, upon the termination of said Exposition may replace its said poles in the places upon said streets of said

City and County of San Francisco where they now are, and may maintain the same and operate its electric transmission and distribution system in connection therewith to the same extent as it is now authorized to do under and by virtue of Section 19 of Article XI of the Constitution of the State of California, or otherwise; and the right of said City Electric Company so to do is hereby confirmed.

Blasting Permit.

Also, Resolution No. — (New Series), as follows:

Resolved, That the Sunset Construction Company is hereby granted permission, revocable at will of the Board of Supervisors, to explode blasts for the purpose of grading on property situate on the south side of California street, 68 feet 9 inches east of Octavia street, provided that said permittee shall execute and file a good and sufficient bond in the sum of ten thousand (\$10,000.00) dollars, as fixed by the Board of Public Works and approved by his Honor the Mayor, in accordance with Ordinance No. 1204; provided, also, that said blasts shall be exploded only between the hours of 7 a. m. and 6 p. m., and that the work of blasting shall be performed to the satisfaction and under the supervision of the Board of Public Works, and that if any of the conditions of this resolution be violated by the said Sunset Construction Company, then the privileges and all rights accruing thereunder shall immediately become null and void.

Amendment to Tunnel Procedure Ordinance.

On motion of Supervisor Mauzy: Bill No. 2813, Ordinance No. —, Amending "The Tunnel Procedure Ordinance" of the City and County of San Francisco, being Ordinance No. 2186 (New Series), approved February 19, 1913, by adding a new section thereto to be numbered and known as Section 36 providing for the payments of assessments in installments:

And by adding a new section thereto to be numbered and known as Section 37, providing a method of procedure in case any assessment made and levied under the provisions of said ordinance shall be declared invalid by the judgment in any action or proceeding, or in case the City Attorney shall advise the Board of Supervisors that said assessment is invalid, and providing for a new re-

port to be made and filed by the Board of Public Works to the Board of Supervisors and for the hearing thereof and the making and levying of a new assessment and the enforcement of the same:

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A new section is hereby added to "The Tunnel Procedure Ordinance" of the City and County of San Francisco, being Ordinance No. 2186 (New Series), approved February 19, 1913, to be numbered and known as Section 36, providing for the payments of assessments in installments.

And a new section is hereby added to said "The Tunnel Procedure Ordinance", to be numbered and known as Section 37, providing a method of procedure in case any assessment made and levied under the provisions of said ordinance shall be declared invalid by the judgment in any action or proceeding or in case the City Attorney shall advise the Board of Supervisors that said assessment is invalid, and providing for a new report to be made and filed by the Board of Public Works to the Board of Supervisors and for the hearing thereof and the making and levying of a new assessment and the enforcement of the same.

The said sections to read as follows and to be in the words and figures following, to-wit:

Section 36. The owner or owners or any person having any interest therein, of any property upon which any assessment has been made, and which remains unpaid, and who shall make, execute and deliver the agreement set forth and provided for in and by Section 17 of this ordinance may, at his election at the time of making, executing and delivering said agreement, pay two or more installments of principal thereon, with interest, as in this ordinance provided. At the time each subsequent installment of principal is to be paid under the provisions of this ordinance there may be paid two or more installments of principal, with interest, as in this ordinance provided.

Section 37. Whenever any assessment made or levied under the provisions of this ordinance has been set aside by any court of competent jurisdiction, or such court has refused to enforce such assessment, or has decreed that any "request and agreement of property owner for deferred payments", provided for in this ordinance, does not constitute a valid and subsisting lien against a lot, piece or parcel of land upon

which such assessment has been levied, then the Board of Supervisors shall cause a new assessment to be made for the same purpose for which the former assessment was made, whether any of the assessments have been paid or not.

In case any such judgment or decree is rendered, it shall be the duty of the City Attorney to report to the Board of Supervisors, in writing, as to whether or not the making of such assessment has been held to be entirely without the power of the said city and county, and if not, then what omission, irregularity, illegality, informality or non-compliance with the requirements of this act has occurred in the proceedings upon which said assessment rests, and what effect shall be given to them in making the re-assessment, and shall advise the said Board of Supervisors as to how and in what particulars the defects in the prior assessment can be cured by a re-assessment.

The Board of Supervisors, upon the written advise and opinion of the City Attorney, may, on its own motion, by resolution duly passed, set aside any assessment made and levied under the provisions of this ordinance without any decree having been obtained of or from any court regarding said matter, if, according to said opinion of the City Attorney, the assessment be invalid, and can be cured by a re-assessment.

In either case the Board of Supervisors may take all necessary steps and make or pass all necessary orders, resolutions or ordinances, to re-assess and re-levy such assessment, and may re-assess and re-levy the same with the same force and effect as an original assessment and levy.

Such re-assessment shall be made without a repetition of the proceedings had prior to the filing with the Board of Supervisors of the report of the Board of Public Works, and shall be made and issue in the following manner:

The Board of Supervisors shall first pass a resolution directing the Board of Public Works to prepare, make and file with the Board of Supervisors a new report in said matter. Said resolution shall contain a reference to the said written opinion of the City Attorney and shall require the Board of Public Works, in making said new report, to conform to and be guided by the said written opinion. A certified copy of said resolution and of said opinion of the City Attorney shall thereupon be transmitted to the Board of Public Works.

The said Board of Public Works shall thereupon proceed at once to

make a report in said matter in accordance with said resolution and said opinion of the City Attorney. In making up such report, such re-assessment shall be made upon the districts described in the resolution of intention for said improvement, and in the event that there shall have been informalities, uncertainties or ambiguities in the description of the limits of said districts, then upon the districts which the Board of Supervisors shall find to be actually benefited, but in so finding said Board of Supervisors shall follow the lines described in the resolution of intention so far as the same can be ascertained, and in all cases of uncertainty or ambiguity they shall give regard to the lines described and make such determination as to the lines where there is any uncertainty or ambiguity in the resolution of intention as may be just and equitable. In the event that a portion of the improvement has been found to be entirely without the power of said city and county to order, then said assessment shall be for the remainder of the improvement only, and the burden arising from the improvement entirely without the jurisdiction of the city and county to order shall be considered in making the re-assessment.

Upon the completion of the said new report the same shall be filed with the Board of Supervisors and thereupon and thereafter the Clerk of the Board of Supervisors shall give notice of such filing and the time within which all objections thereto shall be filed by publication of a notice thereof; and written protests to the said new report may be filed; and after the expiration of the time for filing protests the Board of Supervisors shall fix a time and place for the hearing of said protests; and notice shall be given of said hearing; and said hearing shall be had and conducted in all respects and with all the powers as is in this ordinance provided with reference to proceedings upon the filing of the original report of the Board of Public Works.

At the close of said hearing the said Board of Supervisors may confirm or modify and confirm said new report or reject the same and may make and levy such re-assessment in the manner and with the powers provided with reference to the original report and hearing and the original assessment. When such re-assessment shall have been made and levied it shall be forthwith transmitted to the Tax Collector; and the same shall be by him collected and enforced in the same manner and procedure and with

all the powers in this ordinance provided with reference to the original assessment.

All payments made upon the original assessment shall be credited upon the re-assessment. All installment payments made upon the original assessment, in cases where the agreements mentioned in Section 17 hereof have been executed, shall be credited upon the re-assessment upon new agreements being executed.

In the event that the re-assessment in any instance is less than the amount of the original assessment, the excess shall be payable to the persons who paid the original assessment.

Sec. 2. This ordinance shall take effect immediately.

Resolution No. 10591 (New Series), as follows:

Whereas, J. J. Coakley et al., feeling aggrieved at the decision of the Board of Public Works in issuing an assessment for the construction of a sewer in San Jose avenue, between Lakeview avenue and San Jose avenue, appeals from said decision of the Board of Public Works; therefore, be it

Resolved, That Monday, December 22, 1913, at 3 p. m., in the chambers of the Board of Supervisors, No. 1231 Market street, be fixed as the time and place for hearing said appeal.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot—17.

Extensions of Time.

Also, Resolution No. 10592 (New Series), as follows:

Resolved, That City Street Improvement Company is hereby granted an extension of forty days' time from and after December 13, 1913, within which to complete contract for the improvement of Fifteenth street, between Beaver street and Buena Vista terrace, under public contract; also, an extension of forty days' time from and after December 13, 1913, within which to complete the improvement of the intersection of Beaver and Fifteenth streets, under public contract.

These extensions of time are granted upon the recommendation of the Board of Public Works for the reason that on account of delay in receiving diagrams, contractor was unable to proceed with the work.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot—17.

Also, Resolution No. 10593 (New Series), as follows:

Resolved, That George H. Roundey is hereby granted an extension of sixty days' time from and after November 24, 1913, within which to complete contract for grading of Woolsey street, between Somerset and Dartmouth streets.

This extension of time is granted upon the recommendation of the Board of Public Works for the reason that the work is nearly completed and that the present rainy weather makes progress difficult, the soil becoming sticky and hard to handle.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot—17.

Intention to Change Grades.

On motion of Supervisor Andrew J. Gallagher:

Resolution No. 10598 (New Series), as follows:

Resolved, That the Spring Valley Water Company, a corporation, and

every other corporation, company or person, supplying water to the City and County of San Francisco, or to the inhabitants thereof, be and are hereby required to furnish to the Board of Supervisors of the said City and County, in the month of January, 1914, a detailed statement, verified by the oaths of the president and secretary of such corporation or company, or of such person, as the case may be, showing the name of each water-rate payer, his or her place of residence, and the amount paid for water by each of such water-rate payers during the year preceding the date of such statement, and also showing all revenue derived by such corporation, company or person, from all sources, and an itemized statement of expenditures made for supply water during said time; and that such statement be accompanied by a further and detailed statement, verified by the president and secretary of such corporation or company, or of such persons, as the case may be, showing the amount of money actually expended annually since commencing business, in the purchase, construction and maintenance, respectively, of the property necessary to the carrying on of the business of such corporation, company or person, and also the gross cash receipts annually for the same period from all sources, in accordance with an act of the Legislature approved March 7, 1881 (Statutes 1881, page 54).

Resolved, That the Clerk of this Board is hereby directed to forthwith serve a certified copy of this resolution upon the president and secretary, respectively, of the said corporation, the Spring Valley Water Company, and every other corporation or company, and upon every other person so supplying water to the City and County of San Francisco, or to the inhabitants thereof.

Ayes—Supervisors Bancroft, Cagliari, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot—17.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Adopted.

The following resolution was introduced under suspension of the rules and *adopted*:

Clerk to Request Railroad Commission to Use Its Power to Force Spring Valley Water Company to Extend Its Mains.

On motion of Supervisor George E. Gallagher:

J. R. No. 1021.

Whereas, Journal Resolution No. 754 of this Board, presented by Supervisor Koshland, requesting the City Attorney for an opinion as to which body (the Board of Supervisors or the State Railroad Commission) has power to compel extensions and service of an adequate and wholesome supply of water has remained unanswered owing to absence of Assistant City Attorney English in Washington, D. C., and

Whereas, the points raised in Journal Resolution No. 754 have been practically answered by the action of the State Railroad Commission directing the Spring Valley Water Company to make extensions of its mains in Balboa street and in Eighteenth avenue upon the petition of the residents of that portion of the Richmond district, therefore be it

Resolved, That the Clerk of this Board be directed to call the attention of the Railroad Commission to similar conditions existing in various parts of this city, and that it be the sense of this Board that said Railroad Commission be requested to take such action in the matter as may be within their power to the end that adequate relief may be afforded those districts now suffering from inadequate service.

Ayes—Supervisors Bancroft, Cagliari, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot—17.

Relative to Torn Up Condition of Polk Street.

Supervisor Giannini requested that the Clerk be directed to call to the attention of the Board of Public Works that Polk street, north of California street, has been torn up for a long time by public service corporations to the detriment of traffic and the discomfort of property owners and that action be taken to bring about some relief.

So ordered.

Adopted.

The following resolution was introduced under suspension of the rules and *adopted*:

City Engineer to Prepare Plans for System of Street Lighting.

Resolution No. 10599 (New Series), as follows:

Resolved, That the Board of Supervisors recommended to the Board of Public Works and the City Engineer, in preparing plans and specifications for the construction of all municipal railway lines to include in such plans and specifications, and make the proper provision therefor, of an adequate system of street lighting along

and upon those streets in which the railroad tracks are placed.

That such plans and specifications for said street lighting system shall include the use of the railway trolley poles for street lamp posts, the use of the underground conduits for electric lighting wires, and some arrangement by which the City can obtain competitive bids for supplying electric current for the lighting of said streets.

Ayes—Supervisors Bancroft, Cagli-
eri, Andrew J. Gallagher, George E.
Gallagher, Giannini, Hayden, Hilmer,
Hocks, Jennings, Koshland, Mauzy,
McCarthy, McLeran, Murdock, Mur-
phy, Nolan, Payot—17.

Unsold Bonds Placed on Sale at Treasurer's Office.

Bill No. 2823, Ordinance No. — (New Series), Reciting that certain Municipal Railway bonds of the City and County of San Francisco remain unsold after having been advertised for sale, no bids therefor having been accepted, and directing that such unsold bonds be placed on sale at the office of the Treasurer of the City and County, and fixing the price at which said bonds may be sold.

Be it Ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby recited and declared that the Board of Supervisors of the City and County of San Francisco on the 1st day of December, 1913, did adopt a resolution by which the clerk of said Board was directed to give notice by advertisement as required by the Charter of said City and County that on the 15th day of December, 1913, said Board would receive and consider bids for the purchase of \$308,000.00 City Hall bonds comprising 7 bonds of each year's maturity, 1917 to 1960, inclusive, and \$875,000.00 Municipal Railway bonds, comprising 700 bonds of \$100.00 denomination, maturing twenty bonds annually from 1918 to 1952, inclusive, and 805 bonds of \$1000.00 denomination, maturing 23 bonds annually from 1918 to 1952 inclusive.

That on said 15th day of December, 1913, in accordance with the resolution and notice of sale, the Board of Supervisors did receive and consider bids for a portion of said described bonds offered for sale, and did accept bids submitted as follows:

For \$308,000.00 City Hall bonds, being all of said bonds offered;

For \$200,000.00 Municipal Railway bonds comprising 200 bonds of \$1000 denomination maturing 20 bonds annually from 1918 to 1927, inclusive;

For \$20,000.00 Municipal Railway bonds comprising 20 bonds of \$1000.00 denomination maturing in 1930;

For \$2000.00 Municipal Railway bonds comprising 10 bonds of \$100.00 denomination maturing in 1931, and 10 bonds of \$100.00 denomination maturing in 1932.

That bonds so bid for were sold in accordance with the notice of sale and proposals for the purchase thereof, and that the remainder of the bonds advertised were unsold.

Section 2. As provided in Section 10 of Article XII of the Charter of the City and County of San Francisco, it is hereby ordered that all of the bonds advertised for sale and remaining unsold as above described, and consisting of Municipal Railway bonds to the amount of \$653,000.00, comprising \$585,000.00 bonds of \$1000.00 denomination and \$68,000.00 bonds of \$100.00 denomination be placed on sale and offered for sale at the office of the Treasurer of the City and County of San Francisco, and the Treasurer is hereby authorized to sell said described bonds to any person desiring to purchase the same. That the price at which said bonds may be sold is at par and such additional premium as will net the purchaser thereof interest on said bonds equal to 4.90 per cent interest, according to the standard table of bond values, and the maturity of each bond sold shall be computed from the date of such bond, together with accrued interest thereon at the date of selling of the same to the purchaser.

Section 3. This ordinance shall take effect immediately.

BLIND PIG ORDINANCE.

The following matters, made a special order of business for 3 p. m. this day, were taken up:

Original.

Also, Bill No. — Ordinance No. — (New Series), entitled, "Regulating and limiting the places where liquors may be sold, kept or offered, furnished, distributed, dispensed or divided for sale; and providing for the manner of issuing a permit therefor and revoking the same; and prescribing penalties for a violation thereof," being ordinance approved by Royal Arch. It provides that every person who sells liquor must obtain a permit every three months. It applies to wholesale dealers and grocers. Druggists are excepted.

Substitute.

Also, Bill No. — Ordinance No. — (New Series), entitled, "Regulating and limiting the places where liquors may be sold, kept or offered, furnished, distributed, dispensed or divided for sale or retail, and providing for the manner of issuing a permit therefor and revoking the same; and prescribing penalties for a violation thereof," being ordinance approved by Retail Grocers' Association. It provides a yearly instead of a quarterly permit, which shall be required only where liquor is sold in

quantities of less than five gallons and more than one quart.

Substitute for the Substitute.

Whereupon, *Supervisor Hilmer* offered the following as a substitute for the substitute:

Bill No. 2824, Ordinance No. — (New Series), Regulating and limiting the places where liquors may be sold, kept or offered, furnished, distributed, dispensed or divided for sale at retail, and providing for the manner of issuing a permit therefor and revoking the same; and prescribing penalties for a violation thereof.

Be it Ordained by the People of the City and County of San Francisco as follows:

Section 1. It shall be and it is hereby made unlawful for any person or persons, either as owner, principal, agent, servant, or employee, to establish, open, maintain, conduct or carry on, or to aid or assist in establishing, opening, maintaining, conducting, or carrying on, within the City and County of San Francisco, either separately or in connection with any other business, any tipling house, dram-shop, saloon, bar, bar-room, retail liquor store or shop, sample room, cellar or other place where spirituous, vinous, malt or fermented liquors, or any admixture thereof, are sold or kept, exhibited, offered, furnished, distributed, dispensed or divided for sale in quantities of one quart or more, or where the same is not to be drunk upon the premises; or to keep, exhibit or offer, furnish, distribute, dispense or divide for sale in quantities of one quart or more, or where the same is not to be drunk upon the premises, any such spirituous, vinous, malt or fermented liquors, or any admixture thereof, without first having obtained a permit therefor from the Board of Police Commissioners of the City and County of San Francisco.

Section 2. Such permit must be granted to all persons who are engaged, or who are about to engage in, the sale of liquor under the terms of this ordinance, upon the making of written application therefor to the said Board of Police Commissioners, stating the name of the applicant, and the description of the premises for which the permit is given, and no such permit shall be used by any other person or persons than named therein, or at any other place or places than described therein, and must be posted conspicuously on the premises described therein. Such permit shall not be granted for more than one year at one time and may be revoked by the said Board of Police Commissioners only in the event that the person named in the permit, his agent, servant, or employee, shall make a sale of

spirituous, vinous, malt or fermented liquors to be drunk on the premises described in the permit, or in quantities of less than one commercial quart. Upon the revocation of such permit by the said Board of Police Commissioners, the holder thereof shall not be entitled as a matter of right to a similar permit during the period of five years from the date of revocation, excepting in the discretion of the said Board of Police Commissioners. Complaints to revoke permits granted by the Board must be in writing, signed by the person making the same and filed with the Secretary of the Board, and a copy thereof certified by the Secretary must be served upon the party complained against, or upon the person in charge of the said place of business at least five days before the time set for the hearing of the complaint.

Section 3. Every firm, corporation or person who pays a special tax stamp (commonly called Internal Revenue license) to the Collector of Internal Revenue; and every person, firm or corporation, who shall place and keep, conspicuously posted in his establishment or place of business such special tax stamp or internal revenue license, shall be deemed thereby to be engaged in such business and proof of the possession and posting of any such special tax stamp or internal revenue license shall be prima facie evidence of the violation of this ordinance, unless such person shall have procured the permit required by this ordinance.

Section 4. No permit shall be required by physicians, surgeons, apothecaries, or chemists for any wines or spirituous liquors which they may use in the preparation of medicines or which may be dispensed by them in quantities less than one-half pint when specified in a prescription by a duly licensed medical practitioner for medical purposes only; and provided, also, that the same shall not be sold by the glass or be consumed upon the premises of the vendor; except for medicinal purposes.

Section 5. It shall be unlawful for any person or persons to purchase, receive, accept or otherwise obtain any spirituous, vinous, malt or fermented liquors or any admixture thereof, from any person, firm, or corporation maintaining a place in violation of the terms of this ordinance, or to in any way or manner encourage, aid, abet, or assist in the violation of this ordinance.

Section 6. All spirituous, vinous, malt or fermented liquors, and any admixture thereof, and the vessels containing the same, that are kept, exhibited or offered for sale, with the intent to establish or keep a place in

violation of this ordinance are hereby declared to be a public nuisance and the owner or possessor thereof, on demand of the Chief of Police or any police officer of the City and County of San Francisco shall abate the same; and refusal or neglect for the period of 24 hours after such demand to abate the same, shall be deemed a misdemeanor and punishable as provided by this ordinance; and thereupon the said Chief of Police or any police officer shall have the right, and it shall be his duty, to abate such nuisance by seizing and confiscating all such liquors so kept, exhibited or offered for sale in violation of the terms of this ordinance; and such liquors may be destroyed by the order of any judge of the Police Court of the City and County of San Francisco.

Section 7. The provisions of this ordinance shall not apply to those engaged in the sale of liquor in less quantity than one quart, or to those engaged in the business of selling liquors to be drunk on the premises.

Section 8. The provisions of this ordinance shall not apply to the sale of spirituous, vinous, malt or fermented liquors by wholesale liquor establishments or to sales of liquor in wholesale quantities, by any person, firm or corporation. All such wholesale liquor establishments and all sales of liquor in wholesale quantities by any person, firm or corporation are expressly excluded from the operation of this ordinance. For the purpose of this ordinance a wholesale liquor establishment is defined to be a place where spirituous, vinous, malt or fermented liquors are sold, served or otherwise dispensed or disposed of in quantities of not less than five gallons in bulk or in bottle of not less than one dozen in number; and for the purposes of this ordinance sales at wholesale are defined to be sales of liquor in quantities of five gallons or more in bulk and in bottles of one dozen or more in number.

Section 9. This ordinance is hereby declared to be enacted in the exercise of the police power of the Board of Supervisors of the City and County of San Francisco, and for the purpose of regulating and limiting the places where, and the conditions under which, spirituous, malt, fermented and vinous liquors, or admixtures thereof, may be sold, kept, offered, furnished, distributed, dispensed or divided for sale, and to prevent the illicit and illegal traffic in such liquors and to suppress such places commonly described as "blind pigs."

Section 10. Any act in violation of this ordinance for each day of its continuance shall be construed as a separate offense.

Section 11. Any person who violates any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and shall be punishable by a fine of not less than \$100.00 and not more than \$500, or by imprisonment in the County Jail not to exceed six (6) months, or by both such fine and imprisonment.

Section 12. This ordinance shall take effect immediately.

Privilege of the Floor.

Whereupon, on motion of Supervisor Hocks, the following named were granted the privilege of the floor and addressed the Board:

Steve Costello, attorney, representing the retail grocers, opposed the original bill and in doing so declared that retail grocers should not be placed in the same position as the saloon keeper, whose business requires constant police supervision. He referred to the case of Papp v. Kile as decisive in matter of police power of the Board in the premises. He opposed the delegation of autocratic powers to the Police Commission. He stated that there was no provision for notice of hearing of any kind in case of arrest, which means revocation of permit without hearing, making men liable to persecution by unfavorable political influences. He declared that the retail grocers were willing to waive any technical rights they may have for the general welfare, but believed that provision requiring grocers to apply for license every three months was unjust.

L. M. Halpin, representing brewers and wholesalers generally, stated that he was opposed to the present legislation. He believed that the wholesalers should be eliminated from the ordinance.

Max Kuhl, Police Commissioner, stated that there were 1600 or 1700 places where liquor was illicitly sold. He said the Police Commission had nothing to do with legislation, but wanted whatever power the Board thought necessary to eliminate the "blind pigs." He declared that he was not opposed to either of the ordinances presented. All that was required was the power to take away license after notice and hearing when law is violated. He believed either ordinance would answer the purpose.

F. Connolly, representing retail grocers, declared in favor of ordinance submitted by his organization. In explanation of provisions making granting of permits mandatory he said corrupt political influences otherwise would be able to punish some men and favor others. He said Royal Arch was in politics; retail grocers were not.

H. Choyinski, attorney representing Royal Arch, favored the original or-

dinance. He said the substitute will be abortive. He declared that \$200,000 more than was necessary for maintenance of Police Department was collected in licenses from legitimate liquor business. Retail grocers' ordinance provided that license must be granted no matter how often or how flagrantly law is violated. He said that now, where arrests are made, 80 per cent are convictions. Laws are not made with the opinion that men will make villainous use of them, and therefore Mr. Connolly's statement as to improper use of political influence should not be considered. He requested the adoption of the ordinance submitted by the Royal Arch and said the retail grocers would be of no use. The essential difference, he said, was that Board must grant revocable permits under the latter ordinance.

J. A. Barr, representing Knights of Royal Arch, also favored the original ordinance. He said the liquor traffic was getting beyond the control of the police and something must be done.

Proposed Amendment.

Supervisor Andrew J. Gallagher moved re-reference to committee with instructions to report an ordinance providing for (1) annual permits; (2) trial before revocation; (3) conviction for specific acts; (4) elimination of wholesalers.

No second.

Passed for Printing.

Whereupon, the question being taken taken on Supervisor Hilmer's substitute (Bill No. 2824), the same was passed for printing by the following vote:

Ayes—Supervisors Bancroft, Caglieri, George E. Gallagher, Giannini, Hilmer, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot—14.

Noes—Supervisors Andrew J. Gallagher, Hayden, Hocks—3.

Absent—Supervisor Vogelsang.

Relative to Passage of Hetch Hetchy Bill.

M. M. O'Shaughnessy, City Engineer, lately returned from Washington, D. C., appeared before the Board and told the members of the difficulty the city delegation in Washington had in successfully combatting the opposition to the Hetch Hetchy bill. He said the worst enemy San Francisco had was Senator Works and if it had not been for the Senators of neighboring states San Francisco would be still knocking at the gates of Congress. He requested that letters of appreciation be sent to these Senators for their able work in behalf of this city.

CEMETERY REMOVAL ORDINANCE.

The following bill heretofore passed for printing was taken up:

Bill No. 2808, Ordinance No. — (New Series), Providing for the exhuming, taking up, removal and reinterment of the human remains interred in the cemeteries located within the following boundaries:

Commencing at a point formed by the intersection of the westerly line of Broderick street with the southerly line of California street; thence running westerly along said southerly line of California street to the easterly line of Arguello Boulevard; thence southerly along said easterly line of Arguello Boulevard to the southerly line of Fulton street; thence easterly along said southerly line of Fulton street to the westerly line of Broderick street; thence northerly along said westerly line of Broderick street to the southerly line of California street and point of commencement, including the Laurel Hill, Calvary, Masonic and Odd Fellows Cemeteries.

Prescribing the procedure for accomplishing such exhumations, removals and reinterments; providing that an assessment may be levied on property from which said removals have been made at public expense; and providing for the sale of property subject to such assessment and for the disposition of the proceeds from such sale.

Be it ordained by the People of the City and County of San Francisco as follows:

That under and in accordance with the authority granted to the Board of Supervisors of the City and County of San Francisco by the Act of the Legislature approved April 24, 1911, entitled "An act providing for the removal of human remains from cemeteries in any city and county in this State and repealing all acts in conflict therewith"; and under and by virtue of the general police powers conferred upon said Board of Supervisors in Article II, Chapter II, Section 1 of the Charter of said City and County, and in conformity with the provisions of Resolution No. 9594 (New Series) of said Board of Supervisors, approved August 29, 1912, giving notice of intention to cause the exhumation and removal of all human remains from the cemeteries situated within the following boundaries, viz.:

Commencing at a point formed by the intersection of the westerly line of Broderick street with the southerly line of California street; thence running westerly along said southerly line of California street to the easterly line of Arguello Boulevard; thence southerly along said easterly line of Arguello Boulevard to the southerly line of Fulton street; thence easterly along said southerly line of Fulton street to the westerly line of Broder-

ick street; thence northerly along said westerly line of Broderick street to the southerly line of California street and point of commencement, including the Laurel Hill, Calvary, Masonic and Odd Fellows Cemeteries.

Section 1. All cemeteries situated within the above described limits are hereby declared to be a public nuisance and a menace and detriment to the public health and welfare, and it is hereby ordered that all of said cemeteries be abolished and all bodies interred within any and all parts of said cemeteries be removed therefrom and reinterred outside of said limits, or otherwise properly disposed of in accordance with law.

Section 2. Within sixty days from and after the date this Ordinance takes effect the Board of Health of this City and County shall prepare and serve a notice in writing directing every person, corporation or association owning or claiming any cemetery lots situated within the above described limits to remove within six months from the date this Ordinance takes effect, all bodies which may be interred in said lots so owned or claimed and to reinter or otherwise dispose of said bodies outside of said limits in accordance with law. Said notice shall further state that if said bodies are not so removed within six months from the date this Ordinance takes effect, such removals will thereafter be made either by the person, corporation or association owning or controlling the cemetery in which said bodies are buried, or by the Board of Health in accordance with the provisions of this Ordinance. Said notice shall further state that if the removals are made by the Board of Health, as herein provided, then all lands situated within the cemeteries from which such removals are made by said Board, may be sold to pay the cost of removing the bodies therefrom in accordance with the procedure herein set forth, and that in such event the cost incurred by individuals theretofore making removals at their own expense, not exceeding the cost per body incurred by the City authorities for each removal, will be refunded to such individual out of the proceeds from the sale of such lands, upon presentation to the Auditor of a properly verified statement of such expense, duly approved by the Board of Health and Board of Supervisors. Service of the above notice shall be made as follows:

1. Upon individuals who have filed with the County Recorder the statement provided for in Chapter 577 of the Statutes of 1911 and who can be found at the place designated within such notice, personally, in the man-

ner provided for service of summons at law.

2. Upon persons who have filed such statements but who cannot be found at the respective places therein designated, and upon all other persons or lot-owners whose identity and residence can be ascertained through information supplied by the persons, corporations or associations owning or in control of said cemeteries, by mailing a copy of said notice to each of said persons in a proper enclosure addressed to such person at the address ascertained from the above sources of information or to his last known address, with postage thereon duly prepaid.

3. Upon all other persons by publishing, for a period of sixty days in a daily newspaper published in this City and County, a copy of the above notice and by posting for the same length of time upon each of the exterior gates of said cemeteries a copy of said notice with a heading entitled "Notice of Cemetery Removals," which heading shall be in letters not less than two inches in height.

Section 3. Every person, corporation or association owning or claiming any cemetery lot or lots situated within the above described cemeteries shall, in compliance with the above notice, proceed, within six months from the date this Ordinance takes effect, remove any and all bodies which may be interred in said lot or lots and reinter or otherwise dispose of the same in accordance with law, outside of said limits, and if such persons, corporations or associations do not complete said removals in accordance with said notice then further proceedings shall be taken, as herein provided.

Section 4. If, at the expiration of six months from the date this Ordinance takes effect, there shall still be bodies left in any one or more of said cemeteries, then the Board of Health shall serve upon the person, corporation or association owning or controlling the cemetery or cemeteries in which such bodies remain interred a written notice directing them and each of them to commence, within three months from date of service of such notice and proceed continuously thereafter, to remove all bodies which may still remain interred in their respective cemeteries above described and to complete such removals within two years thereafter. Said notice shall also state that if such removals are not commenced within three months from service of such notice or continuously proceeded with thereafter or completed within the time above specified, that the Board of health will proceed to make such

removals and that further proceedings will be taken in accordance with the provisions of this Ordinance.

Section 5. Within three months after receipt of such notice the persons, corporations or associations owning or controlling such cemeteries are hereby ordered to commence and to proceed continuously thereafter to remove all bodies which may still be interred in their respective cemeteries, and to complete said removals within the time specified in said notice. All bodies removed shall be reinterred outside of said cemeteries, or otherwise disposed of, in accordance with law.

Section 6. If said removals from any one or more cemeteries have not been commenced by said persons, corporations or associations owning or controlling said cemeteries within three months from and after the date of service upon them of said notice, or having been so commenced are not being prosecuted continuously thereafter until all of said bodies have been removed, as aforesaid, then said removals shall be made from such cemeteries whose owners have failed to comply with this Ordinance by the Board of Health of the City and County of San Francisco in accordance with the procedure herein prescribed, and the land in which said bodies are interred may thereafter be sold in the manner herein provided, and the proceeds from such sale applied to the payment of the expenses of the exhumation, removal and reinterment of such bodies, including the cost of lands in which such bodies are reinterred.

Section 7. The City Engineer shall, upon request of the Board of Health, forthwith prepare a map of any one or more of said cemeteries, which map shall be entitled and known as the "Map of Cemetery Lands." The City Engineer shall cause necessary surveys to be made with corresponding delineations upon such map, to subdivide said cemeteries into convenient tracts for sale purposes, making proper provision for the future extension of public streets through said cemeteries. Said subdivisions shall be numbered consecutively. The City Engineer shall transmit said map to the Board of Health who shall file the same with the County Recorder in the manner provided by law, after approval by the Board of Public Works. All descriptions of cemetery lands in subsequent sales or transfers thereof under the provisions of this Ordinance shall be made by reference to said "Map of Cemetery Lands" and the subdivisions delineated thereon.

Section 8. After the expiration of nine months from and after the date

this Ordinance takes effect, and after the expiration of the time provided in the aforesaid notices the Board of Health must commence the removal of bodies which may be still interred in any one or more of said subdivisions of cemeteries whose owners have not complied or are not then complying with the provisions of this Ordinance. Removals may be made by contract or by the employees of the Board of Health under its direction. All disinterments, removals and reinterments must be made carefully and respectfully. Not more than one body shall be reinterred in one grave. All stones and monuments shall be removed and placed over the corresponding new graves. In its discretion, the Board of Health may comply with requests of religious or fraternal societies that remains of former members of such societies whose names are furnished may be reinterred in separate subdivisions of the new cemeteries to facilitate perpetual care of the graves of such persons by such societies. A careful record shall be kept by name and location of all bodies removed, which records shall be filed and always open to public inspection in the office of the Coroner. Reinterments made by the Board of Health or its contractors shall be made in lands now owned or hereafter to be acquired by the City for cemetery purposes situated outside of the limits of the City and County. Provided, that any person having the right to the possession of any one or more bodies buried within the above cemeteries shall at any time prior to its actual disinterment and removal have the right to make such disinterment and removal by so notifying the Board of Health, the cemetery association, or the contractor charged with such work and proceeding forthwith to make such disinterment and removal. If after having given such notice he fails to make such disinterment or removal within twenty-four hours thereafter the Board of Health, cemetery association or contractors may proceed with it in the same manner as if no notice had been given.

Section 9. When all the bodies in a given subdivision shall have been removed therefrom the Board of Health shall within ten (10) days after completing such removal, file with the Board of Supervisors a statement setting forth the cost of making all exhumations, removals and reinterments of bodies taken from such subdivision, describing the same by reference to the "Map of Cemetery Lands," including the cost of land in which said bodies are reinterred, which cost

shall be pro-rated and include the proportionate cost of land necessary for avenues and paths in the new cemetery, and including also the amounts, demands for which have been approved by the Board of Health as reimbursement to individuals who have made removals from such subdivision in the manner provided in Section 2 of this Ordinance. Upon receipt of such statement the Board of Supervisors may by ordinance levy an assessment on such subdivision for the amount of the expenses set forth in said statement. Said assessment shall become a charge against the persons, corporations or associations owning the cemetery or cemeteries from which said removals have been made and shall constitute and be a lien upon the subdivisions from which all of said bodies have been removed, and unless said assessment is paid to the Tax Collector within thirty (30) days said subdivision upon which it is levied shall be sold by the Tax Collector at public auction, to satisfy the lien of such assessment. Said sale shall be made to the highest bidder over the amount of said assessment and the costs of such sale.

Section 10. At any time within thirty (30) days from the date of levying such assessment the person, corporation or cemetery association owning or controlling the cemetery in which such subdivision is situated, may satisfy and discharge the lien of same by paying to the Tax Collector the amount of said assessment. The Tax Collector shall keep an accurate record of the levy and payment of said assessments and shall pay all moneys received by him in payment thereof or from sales under this Ordinance to the Treasurer to the credit of a fund to be known as the Cemetery Removal Fund.

Section 11. If said assessment shall not be satisfied within thirty (30) days from the date of levy as aforesaid the Tax Collector shall cause to be published in a daily newspaper, published in this City and County, for a period of not less than ten (10) days, notice of a public sale of the subdivision or subdivisions upon which payment thereof may be delinquent to be held at his office on a date not less than fifteen (15) days from and after the first date of publication between the hours of 9 a. m. and 4 p. m. of said day, and that on said date and at said place and hour said subdivision or subdivisions will be sold to the highest bidder over the amount of said assessment plus the costs of said publication and sale. At any time prior to the date of said sale the person or association owning or controlling the cemetery in

which said subdivision is situated shall have a right to discharge the assessment on the same by paying the amount thereof as aforesaid plus the costs of publication.

Section 12. If said assessment is not paid and discharged as aforesaid on or before the date of said sale, the Tax Collector shall proceed on the date and hour set in said notice to offer said subdivision for sale at public auction at his office and shall sell the same for cash to the person making the highest bid over and above the amount of said lien plus the costs of publication and sale as aforesaid. The Tax Collector shall give to such purchaser a certificate of sale and file a duplicate thereof for record with the County Recorder, which certificate shall show (1) a description of the real property sold with reference to said Map of Cemetery Lands, (2) the price bid therefor, (3) the period of redemption as herein-after provided.

The proceeds of said sale shall be applied as follows: (1) to the payment of the costs of sale and publication of notice therefor; (2) to the payment of the expense incurred in making said removals from the subdivision sold as shown by the statement filed. Any surplus left after meeting these expenses shall be paid over to the person, corporation or cemetery association having the fee of the cemetery in which said subdivision is located.

Section 13. Such person, association or cemetery association holding the fee of said land shall also have the right to redeem said subdivision from such sale at any time within one year from the date thereof by payment to the purchaser at such sale or to the Tax Collector the amount paid at such sale for such subdivision with interest thereon at 1 per cent per month from the date thereof to the date of redemption together with all taxes or assessments which may have been paid on such property subsequent to such sale with interest thereon. If redemption is made by payment to the Tax Collector he shall issue to the redemptioner a proper certificate of redemption which shall be entitled to record, and the Tax Collector shall hold the money received from said redemption subject to the order of the purchaser at said sale. If no redemption is made within a period of one year as aforesaid, the Tax Collector shall execute and deliver a deed conveying to said purchaser all the right, title and interest of said person or association owning said cemetery in and to said subdivision at the date of said sale.

Section 14. Nothing in this Ordinance

nance contained shall be construed as preventing the Board of Supervisors at any future date from issuing permits to any person, corporation or cemetery association for the construction of a mausoleum or mausoleums of a design to be approved by the Board of Supervisors, which mausoleum may be located with the approval of said Board within the limits of this City and County.

Section 15. If any section, subsection, clause or phrase of this Ordinance is for any reason held to be illegal or unconstitutional, such decision shall not affect the avilidity of the remaining portions of this Ordinance. It is hereby declared that this Ordinance would have been adopted and each section, subsection, sentence, clause or phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases be declared illegal or unconstitutional.

Communications.

The following communications were presented and read by the Clerk:

Communication—From Outdoor Art League, submitting list of persons owning cemetery lands and protesting in their behalf against the ordinance providing for the removal of the bodies from the cemeteries and requesting that it be defeated.

Also, *Communication*—From California Patriotic League, opposing ordinance providing for removal of cemeteries in San Francisco.

Also, *Communication*—From E. S. M. Grosjean, Secretary Cemetery Protective Organization, protesting against the final passage of Bill No. 2808, providing for the exhuming of the dead from Laurel Hill, Calvary, Odd Fellows and Masonic cemeteries.

Privilege of the Floor.

Garret McEnerney, representing the Roman Catholic Archbishop, was granted the privilege of the floor and addressed the Board. He declared that the passage of the above ordinance involves a confiscation of Calvary Cemetery, that though the city will provide for removal of bodies, burden will fall on owner of cemetery. As silence may be taken for consent, he said, he appeared before the Board to offer his protest to the passage of the ordinance.

Sarah Burnett also appeared and protested against the passage of the ordinance.

Final Passage.

Whereupon the question being taken the foregoing bill was *finally passed* as Ordinance No. 2555 (New Series), by the following vote:

Ayes—Supervisors Bancroft, Caglieri, George E. Gallagher, Giannini,

Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murphy, Payot—14.

Noes—Supervisors Andrew J. Gallagher, Murdock, Nolan—3.

Absent—Supervisor Vogelsang—1.

Resolution No. 10602 (New Series), as follows:

The following matters heretofore passed for printing, were taken up and finally passed by the following vote, and numbered as follows, to-wit:

Amendment to Tunnel Procedure Ordinance.

Bill No. 2813, Ordinance No. 2559, Amending "The Tunnel Procedure Ordinance" of the City and County of San Francisco, being Ordinance No. 2186 (New Series), approved February 19, 1913, by adding a new section thereto to be numbered and known as Section 36 providing for the payments of assessments in installments:

And by adding a new section thereto to be numbered and known as Section 37, providing a method of procedure in case any assessment made and levied under the provisions of said ordinance shall be declared invalid by the judgment in any action or proceeding, or in case the City Attorney shall advise the Board of Supervisors that said assessment is invalid, and providing for a new report to be made and filed by the Board of Public Works to the Board of Supervisors and for the hearing thereof and the making and levying of a new assessment and the enforcement of the same:

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A new section is hereby added to "The Tunnel Procedure Ordinance" of the City and County of San Francisco, being Ordinance No. 2186 (New Series), approved February 19, 1913, to be numbered and known as Section 36, providing for the

payments of assessments in installments.

And a new section is hereby added to said "The Tunnel Procedure Ordinance", to be numbered and known as Section 37, providing a method of procedure in case any assessment made and levied under the provisions of said ordinance shall be declared invalid by the judgment in any action or proceeding or in case the City Attorney shall advise the Board of Supervisors that said assessment is invalid, and providing for a new report to be made and filed by the Board of Public Works to the Board of Supervisors and for the hearing thereof and the making and levying of a new assessment and the enforcement of the same.

The said sections to read as follows and to be in the words and figures following, to-wit:

Section 36. The owner or owners or any person having any interest therein, of any property upon which any assessment has been made, and which remains unpaid, and who shall make, execute and deliver the agreement set forth and provided for in and by Section 17 of this ordinance may, at his election at the time of making, executing and delivering said agreement, pay two or more installments of principal thereon, with interest, as in this ordinance provided. At the time each subsequent installment of principal is to be paid under the provisions of this ordinance there may be paid two or more installments of principal, with interest, as in this ordinance provided.

Section 37. Whenever any assessment made or levied under the provisions of this ordinance has been set aside by any court of competent jurisdiction, or such court has refused to enforce such assessment, or has decreed that any "request and agreement of property owner for deferred payments", provided for in this ordinance, does not constitute a valid and subsisting lien against a lot, piece or parcel of land upon which such assessment has been levied, then the Board of Supervisors shall cause a new assessment to be made for the same purpose for which the former assessment was made, whether any of the assessments have been paid or not.

In case any such judgment or decree is rendered, it shall be the duty of the City Attorney to report to the Board of Supervisors, in writing, as to whether or not the making of such assessment has been held to be entirely without the power of the said city and county, and if not, then what omission, irregularity, illegality, in-

formality or non-compliance with the requirements of this act has occurred in the proceedings upon which said assessment rests, and what effect shall be given to them in making the re-assessment, and shall advise the said Board of Supervisors as to how and in what particulars the defects in the prior assessment can be cured by a re-assessment.

The Board of Supervisors, upon the written advise and opinion of the City Attorney, may, on its own motion, by resolution duly passed, set aside any assessment made and levied under the provisions of this ordinance without any decree having been obtained of or from any court regarding said matter, if, according to said opinion of the City Attorney, the assessment be invalid, and can be cured by a re-assessment.

In either case the Board of Supervisors may take all necessary steps and make or pass all necessary orders, resolutions or ordinances, to re-assess and re-levy such assessment, and may re-assess and re-levy the same with the same force and effect as an original assessment and levy.

Such re-assessment shall be made without a repetition of the proceedings had prior to the filing with the Board of Supervisors of the report of the Board of Public Works, and shall be made and issue in the following manner:

The Board of Supervisors shall first pass a resolution directing the Board of Public Works to prepare, make and file with the Board of Supervisors a new report in said matter. Said resolution shall contain a reference to the said written opinion of the City Attorney and shall require the Board of Public Works, in making said new report, to conform to and be guided by the said written opinion. A certified copy of said resolution and of said opinion of the City Attorney shall thereupon be transmitted to the Board of Public Works.

The said Board of Public Works shall thereupon proceed at once to make a report in said matter in accordance with said resolution and said opinion of the City Attorney. In making up such report, such re-assessment shall be made upon the districts described in the resolution of intention for said improvement, and in the event that there shall have been informalities, uncertainties or ambiguities in the description of the limits of said districts, then upon the districts which the Board of Supervisors shall find to be actually benefited, but in so finding said Board of Supervisors shall follow the lines described in the resolution of inten-

tion so far as the same can be ascertained, and in all cases of uncertainty or ambiguity they shall give regard to the lines described and make such determination as to the lines where there is any uncertainty or ambiguity in the resolution of intention as may be just and equitable. In the event that a portion of the improvement has been found to be entirely without the power of said city and county to order, then said assessment shall be for the remainder of the improvement only, and the burden arising from the improvement entirely without the jurisdiction of the city and county to order shall be considered in making the re-assessment.

Upon the completion of the said new report the same shall be filed with the Board of Supervisors and thereupon and thereafter the Clerk of the Board of Supervisors shall give notice of such filing and the time within which all objections thereto shall be filed by publication of a notice thereof; and written protests to the said new report may be filed; and after the expiration of the time for filing protests the Board of Supervisors shall fix a time and place for the hearing of said protests; and notice shall be given of said hearing; and said hearing shall be had and conducted in all respects and with all the powers as is in this ordinance provided with reference to proceedings upon the filing of the original report of the Board of Public Works.

At the close of said hearing the said Board of Supervisors may confirm or modify and confirm said new report or reject the same and may make and levy such re-assessment in the manner and with the powers provided with reference to the original report and hearing and the original assessment. When such re-assessment shall have been made and levied it shall be forthwith transmitted to the Tax Collector; and the same shall be by him collected and enforced in the same manner and procedure and with all the powers in this ordinance provided with reference to the original assessment.

All payments made upon the original assessment shall be credited upon the re-assessment. All installment payments made upon the original assessment, in cases where the agreements mentioned in Section 17 hereof have been executed, shall be credited upon the re-assessment upon new agreements being executed.

In the event that the re-assessment in any instance is less than the amount of the original assessment, the excess shall be payable to the per-

sons who paid the original assessment.

Sec. 2. This ordinance shall take effect immediately.

NEW BUSINESS.

Adopted.

The following Resolution was *adopted*:

Extension of Time.

On motion of Supervisor Bancroft: Resolution No. 10605 (New Series), as follows:

Resolved, That Dyer Brothers be and are hereby granted an extension of ninety days' time from and after October 18, 1913, within which to complete their contract for the installation of fire escapes on the Yerba Buena School.

This extension of time is granted for the reason that necessity for ordering a portion of material from the East caused delay.

Recommendation from Board of Public Works filed December 16, 1913.

Ayes—Supervisors Bancroft, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot—16.

Spur Track Permit.

Bill No. 2837, Ordinance No. — (New Series), as follows:

Granting permission, revocable at will of the Board of Supervisors, to J. P. Holland to construct, maintain and operate a spur track along and upon the following route, to-wit:

Commencing at a point in the existing spur track of the Southern Pacific Company on Beach street, distant 200 feet, more or less, easterly from the easterly line of Larkin street; thence westerly on a curve to the right and reversing to the left, crossing Larkin street, between Beach and Jefferson streets; thence entering private property and continuing westerly parallel to and eight feet northerly from the northerly line of Beach street to the easterly line of Polk street.

Be it ordained by the people of the City and County of San Francisco, as follows:

Section 1. Permission, revocable at will of the Board of Supervisors, is hereby granted to J. P. Holland to construct, maintain and operate a spur track along and upon the following described route, to-wit:

Commencing at a point in the existing spur track of the Southern Pacific Company on Beach street, distant 200 feet, more or less, easterly from the easterly line of Larkin street; thence westerly on a curve to the right and reversing to the left, crossing Larkin street, between Beach and Jefferson streets; thence entering private property and continuing westerly parallel to and eight feet northerly from the northerly line of Beach street to the easterly line of Polk street.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series), of the Board of Supervisors, approved October 12, 1906, and particular reference is hereby made to Section 8 of this Ordinance, reading as follows:

"The railway operating any spur track on any public street or property hereafter constructed in the City and County shall, upon demand of the person, firm or corporation for the use or benefit of which such spur track is operated, place upon such spur track the freight cars of any railway which has, in this City and County, track connections with the operating railway, such cars so placed to be used for

the receipt and delivery of freight in carloads only. And the operating railway shall receive and deliver the cars of the connecting railway over, at and upon such connecting track in the performance of such switching service for such persons, firms or corporations; and such railway shall perform such service without undue delay or discrimination. The operating railway shall perform such service for the same charge or rate that it charges for corresponding service for its own cars upon the track for like purpose. The provisions of this section shall apply only to such portions of such spur tracks as are not constructed, maintained or operated upon or across private land, and no permit for a spur track shall hereafter be granted by the Board of Supervisors which does not specifically contain the provisions and conditions of this section."

Provided, That said spur track shall be laid under the supervision and to the lines and grades as furnished by the City Engineer's office; and that any and all expense connected with the installation of the track, restoration of the pavement, and any additional requirements for the surface drainage, be paid for by J. P. Holland.

Provided, No car or cars shall at any time be allowed to stand on said tracks so as to block or obstruct a street or street crossing to exceed five minutes.

Provided, That J. P. Holland shall erect and maintain one all-night arc lamp at the crossing of Larkin and Beach streets.

Provided further, That no debris shall be carried over this spur track to be dumped on the property bounded by Hyde, Polk, Beach and Lewis streets.

Section 2. This ordinance shall take effect immediately.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Referred.

Supervisor Andrew J. Gallagher presented the following resolution, passed at J. Stitt Wilson's Social Crusade meeting of Sunday, December 21, 1913:

Resolution Passed at Meeting of J. Stitt Wilson's Social Crusaders Sunday, December 21, 1913.

We, 2000 citizens of San Francisco, in mass meeting assembled, do hereby endorse the following resolutions:

Whereas, The present capitalist system of industry, administered by the capitalist classes for profit, has again demonstrated its serious social injustice and its incapacity to organize industry with advantage to all the people, as evidenced acutely by the presence of large masses of unemployed citizens of this city and of the State of California, now denied access to the use of land and machinery by which to labor and to live; and

Whereas, This tragedy of unemployment among our people is producing great poverty in the midst of plenty and great suffering and distress among the actual producers of wealth, in the midst of affluence and the wonderful equipment for satisfying human need; therefore be it

Resolved, That we request the Honorable Mayor and Board of Supervisors of the City of San Francisco to organize and equip at once a Municipal Labor Bureau for the purpose of registering the unemployed and of organizing such labor as is possible to secure or create for them.

2. That we recommend the organization of a general committee on employment composed of one representative from every church or other religious organization in the city, one representative from each trade union, one from each daily paper and one from each civic, commercial and women's organization.

3. That this general committee shall co-operate through its executive committee with the Mayor and the Board of Supervisors, in raising funds and administering supplies to the end that no man, woman or child shall go hungry, half-clad or homeless at any time during this acute period of distress and unemployment inflicted upon us by organized and disorganized capitalist industry.

4. That such committee take under consideration the advisability of praying the Governor to call a special session of the legislature in order to appropriate funds for the adequate employment of the unemployed, such employment to be profitable to the workers and advantageous to the state and to society. Be it further

Resolved, That a committee be now appointed to present these resolutions to the Mayor and to issue a call to the various churches, labor unions, etc., for the organization of this general committee on unemployment.
